FOREWORD

This edition has been reproduced by Light of the World Publication Company. This book intends to enlighten on the real controversies at stake, as reflected in unabated strife and multiple moral dilemmas. The account and illustrations are specially designed and incorporated to edify the reader on pertinent developments in the historical, scientific, philosophical, educational, religio-political, socio-economic, legal and spiritual spheres. Moreover, clear and undisputed patterns and correlations may be discerned wherein may be perceived the networking, interworking and overlapping of antithetical, yet harmonious schools of thought.

Earth's long trajectory of coercion, conflict and compromise has prepared the platform for the emergence of a New Age. Burning questions attend the advent of this anticipated new era, accompanied by its superstructures, systems of governance, rights-based regimes and ideals of freedom and happiness. Chequered in base deception, strategic repression and objectives of new world order, this e-book connects the dots between modern realities, spiritual mysteries and divine revelation. It traces the chronological progress from national catastrophe to global dominance, the destruction of an old system and the forging of a new; succinctly illuminating on love, human nature and even supernatural intervention.

Time and again, remarkable events have moulded the course of life and history, while even prefiguring the future. Living in times of great turbulence and uncertainty, the future has been but dimly comprehended. Thankfully, this work enables a panoramic vision of both past and future, highlighting critical moments of time which have unfolded in fulfilment to prophecy.

Although birthed in unpromising conditions, afflicted in gruelling crucibles, several individuals have resolved, persevered in virtue and sealed their faith, leaving an ineffaceable mark. Their contributions have shaped modernity and paved the road for a marvellous culmination and imminent change. Therefore, this literature serves as both inspiration and practical tool for a penetrative and profound understanding behind social issues, religion and politics. Each chapter narrates on both the world and the human condition, enshrouded in darkness, embattled in keen clashes, and impelled by sinister, hidden agendas and ulterior motives. Here, these are unashamedly exposed to plain view. Nevertheless, every page radiates with resplendent rays of courage, deliverance and hope.

Ultimately, it is our fervent desire that every reader experience, grow to love and accept truth. In a world permeated with lies, ambiguity and manipulation, truth will forever stand as the quintessential longing in the soul. Truth engenders life, beauty, wisdom and grace; resulting in renewed purpose, vigour and a genuine, yet personal transformation in perspective and life.
