Introduction

This is the last in a series of volumes about the real experiences my wife Marjorie and I shared with individuals from other dimensions, made possible through her extraordinary channeling abilities. The frequent and varied physical manifestations caused by the entities when *not* channeling through her convinced us of their independent existence. The period of time covered by the five volumes extends from 1993 to 2008.

Volume Four of *Faeries, Angels, Indians and Aliens* ended shortly after a huge, accidental explosion destroyed about one fifth of the space Station Headquarters of the vast Universal Alliance Federation, killing hundreds of the residents. Nucleus 8, along with Adam, Sarah and Joshua, three of our interdimensional children, performed heroically, helping to rescue the wounded while maintaining the crucial functions of the intact portions. The spirit of our close friend Tesar, who was killed in the accident, was missing, and the search for him begins in Volume Five.

Also in Volume Five, the Universal Alliance Federation merges with the much larger Red Star Alliance under the continued leadership of the Board of Twelve, and Nucleus 8 remains Supreme Lord of Security for the expanded alliance. A new, discoid Station which is approximately seventy five miles in diameter and 30 miles in height is constructed.

The Patrons who serve the Creator order Nucleus 8 to continue blending with humans, and channeling through Marjie, he forms close relationships with several individuals who are actively seeking spiritual growth. Under his leadership, this select group meets on a regular basis, learning to focus quasar energy captured by the UAF for the benefit of humanity and others. Nucleus is elevated to a higher placement as a Lord of Light. Meanwhile, some members of the group drop out due to bruised egos.

Nucleus is wounded by a slow-acting weapon which causes him to age much more rapidly than normal. The aging process is exacerbated by his

frequent visits to our dimension in order to be with us, his loved ones. He searches for a cure without success, but Patrons and Archangels come to his aid.

Sarah completes basic training to become an Archangel and begins to carry out missions under the guidance of Metatron. They perform miraculous feats for extraterrestrial and earthly groups whose lives are threatened.

Marjie finally resolves child support and visitation issues and creates beautiful silk flower arrangements, but there is not enough demand to justify continuing in business. Amy, Nucleus 8's latest love interest, assists her. Marjorie's young adult son, Tony, lives with us for a year. Nucleus 8 and I help him discover his alternate identity in 8's dimension.

I undertake a solo spiritual and physical journey to the Rockies and, acting as *Man to Come*, release Native American spirits along my way through Arkansas, Missouri, Oklahoma, Colorado, Utah, Idaho, Oregon, Montana and Wyoming. I visit Chief Joseph's Nez Perce' homeland in the gorgeous Wallowa Valley of Oregon. Although Marjorie and I sign a contract to purchase a spirit filled home there, the necessary sale of our existing home doesn't occur.

Following Marjories' instincts, we move to an 82 acre farm where we hope to create a community of spiritually minded people, to offer equestrian therapy to disabled children, and to practice sustainable agriculture. We are told to expect the return of a large sum of money from embezzled investments made years before, but the anticipated funds do not arrive, forcing us to sell the farm after five years.

Meanwhile, Marjorie develops breast cancer, and successfully endures surgery and chemotherapy. Her cheerful attitude during treatment has a positive effect on medical staff and other patients. However, she also develops fibromyalgia, which worsens with time. Our ET friends are not permitted to cure it because it is an essential part of the life plan she chose before birth.

Marjorie gets very involved with social networking via the internet, as do Nucleus 8 and Perithnea! Along with Marjorie, he provides much information and guidance to members of a chat group, and Perithnea begins a faery adoption service via the internet!

Nucleus 8 informs us that the Creator has ordered the Universal Alliance Federation to send approximately 90,000 huge motherships to the Milky Way galaxy for the purpose of eliminating the dark forces which have dominated it for untold millennia, including those on Earth. The new Headquarters is also relocated in our galaxy, and space battles ensue.

Marjorie becomes frustrated with our somewhat stagnant marriage, falls in love with an Egyptian con man who woos her over the internet, and demands a no fault divorce, which Alta Sha also advises. Divorce granted, she moves to Egypt after I have a sad farewell session with my interdimensional family members. Marjorie immediately feels at home with Islam, which she rapidly adopts as her own, receiving a new name, Maryam Shirbiny. Accompanying her there, Nucleus 8 has vivid recall of being raised from nearly childhood in Egypt to worship Allah, which he resumes. Marjorie eventually marries a native Egyptian, Sherif, who loves her dearly and becomes her caretaker when necessitated by frequent fibromyalgia flares.

Marjorie and I remain close friends via the internet. We are assured by Alta Sha that our story is not finished. I continue to experience the touches of Metatron, Sarah, Mi, and I AM, and enjoy the company of Joseph's spirit, who has elected to stay with his daddy. The daily blessings of God continue to flow into our lives, and we are eternally grateful.

Acknowledgements

First, last, and always, I must thank my Heavenly Father for guiding me to write these five volumes. Because of His answer to my prayers, I met the incredible Marjorie Ann, who has changed her name to Maryam Shirbiney El Gamel since she moved to Egypt and remarried. Through her love of God and all His creatures and her willingness to set her consciousness aside so that others might speak through her, the experiences upon which these volumes are based became possible. For a period of over fifteen years I was blessed to share in the beautiful Light of this chosen vessel of I AM. Her incredible channeling ability is matched by only a handful of other people on Earth. For years she also allowed her body to be used as a safe haven for the consciousness of extraterrestrial children in desperate need of loving parents.

The disembodied spirits we encountered through Marjorie's talents deserve our deepest thanks for sharing their hopes and aspirations with us. Simply knowing that they exist and care about the fate of endangered humanity makes my life much more hopeful. Their wisdom will be needed as environmental conditions on our Mother Earth continue to deteriorate due to humanity's depredations and cosmic forces beyond our control.

I am very grateful to the extraterrestrial friends and family members who allowed me to write their stories and tell others about their loving natures. There are too many to name here, but all are precious treasures.

I thank our angelic friends and guides for their dedication to I AM and for placing the steps before us which the Creator decreed. They constantly reminded me to look to I AM for guidance and solutions and to put my doubts aside and leave them there. Their love is irreplaceable.

I also owe a debt of gratitude to the many humans who helped us along our path, also too numerous to list here. I hope we also have had the kind of positive effects on their lives that they had on ours.

Many thanks to my son Chris, the family software expert, who spent patient hours explaining to his computer illiterate father how to use the tool

that could spread the word around the world and who spent many hours creating book covers and text formatting worthy of publication.

Finally I wish to acknowledge the pioneers in the field of spirit-mind-body interactions who inspired me to pursue the use of biofeedback, relaxation training, hypnosis and healing energy in psychotherapy: Drs. Elmer and Alice Green, Dr. Norman Shealy, Dr. Milton Erikson, Dr. Winifred Lucas, Dr. John Mack, and the incomparable Olga Worrall, among others. Special thanks to Dr. Winifred Blake-Lucas for *Regression Therapy: A Handbook for Professionals*, which provided such valuable guidance for the hypnotic work which opened the doorway into other dimensions.

Main Characters

Perithnea: Marjorie's protective faery queen, who agreed to be adopted into our family and provided guidance and protection with a sense of humor.

Alta Sha: Marjorie's guardian angel, a true messenger of God, advisor and friend, who placed the steps before us which the Creator wanted us to take, and who educated us in spiritual matters.

Metatron (aka Light Mother): An Archangel of unimaginable power who watched over and loved Marjorie from early childhood, Overseer of experimental medical procedures to cure the earthly incurable, beloved companion, warrior of I AM, and much, much more.

Adam: Another adopted faery who volunteered to work within the extraterrestrial Alliance, eventually achieving high placement within their society and the involvement of many other faeries there.

Nucleus 8: A human/extraterrestrial hybrid born in Egypt in the year 2713 B.C., during the construction of the pyramids at Giza. He is Supreme Lord of Security for the vast, multidimensional Universal Alliance Federation which includes hundreds of thousands of galaxies and thousands of civilizations. Having two brainstems enables him to monitor events in six dimensions simultaneously. Dedicated to protecting and mentoring Marjorie from early childhood, he became a trusted friend and family member.

Marjorie (a.k.a. Star One): An extraordinary channel within whom interdimensional beings found loving shelter and the means to speak to humans. A target of rebels because of her crucial role in the Alliance, she has suffered greatly for the benefit of humanity and our interdimensional friends.

Sarah: A rescued, abused, and distrusting Teglinlin child whose consciousness was placed within Marjie for emotional healing. She resisted the Alliance's plans to accelerate her growth and admit her to the Board, choosing instead to become an apprentice angel.

Joshua: Sarah's brave, affectionate, protective older brother who chose us to be his loving surrogate parents, became Adam's friend, and quickly assumed the role of horticulturist within the Alliance.

Joseph: The sweet and loving infant brother of Sarah and Joshua who was also rescued soon after birth from his abusive parents and brought to us for nurturing and protection.

22: A member of the small gray species and Chief of the Medical Unit at Alliance headquarters, who participated in several medical procedures for treatment of injuries and illnesses of several of the primary characters.

Regenc 4: A member of the governing Board of Twelve of the Alliance and Nucleus 8's superior at the time we first met, who invited the author to join their team.

Mi: A brown wood sprite fond of making noises, moving things around, and tickling people, who remains a frequent companion to the author .

Tanner (a.k.a. Asalara, *Reaches for Fire in the Sky, Softener of Skins, One Who Sees by the Red Moon at Night*): The wise spirit of an ancient Ute' Indian shaman. He sent us on long journeys in search of his sacred teaching stones. Aided by us, he experienced a dramatic healing during a spiritual journey to the Red Moon. His counterpart in Nucleus 8's dimension is 9, a member of the governing Board of the Alliance.

9: A pure energy being capable of assuming any physical form who manifested on Earth as a Native American hundreds of years ago at what is now Bandelier National Monument and who accepted the dying infant, Didiwahtay from his dying mother until time for him to be released into Marjie. He is also a member of the Board of Twelve and enjoys manifesting at the Station as a Native American in traditional dress.

Didi wahtay: An infant Native American spirit entrusted to us by 9 for parenting who enjoys entering and flying with crows, hawks, and vultures. He is a talented artist.

Victoria: A nine year old child whose beautiful spirit entered Marjorie while she was visiting Williamsburg, Virginia, where she and her mother were unjustly hanged in colonial times. She quickly evolved to provide loving companionship to Nucleus 8 and others.

Tesar: Member of the Board of Twelve, close friend of Nucleus 8 and a practical joker whose maverick behavior carried an underlying positive message. Through his trickery, he taught Sarah valuable lessons in judgment and self determination.

Rapsar: A friend of ancient Norsemen when alive and the spirit of a pilot who died in the crash of a sabotaged interdimensional craft hundreds of years ago on the west Spanish Peak in southern Colorado. He provided directions which led us to a most powerful stone in Newfoundland.

Donna (pseudonym) A psychic who channeled Rapsar, enabling him to resume contact with his mate Clairetrinnia and Nucleus 8.

Ivy: Perithnea's green faery friend, who provided physical evidence of her existence in Donna's home and enjoyed playing with her cats, but did not remain due to Donna's lack of interest.

Candace (pseudonym): A gifted psychic woman who was Nucleus 8's love interest until her inconsistencies caused him to withdraw. She also channeled Rapsar and interpreted Tanner's teaching stones and ancient petroglyphs photographed at Bandelier National Monument.

John: Candace's dark spirit guide, who subverted her talents through guile and flattery.

Wachitique (a.k.a. Washi): Reptilian hybrid child of Star One and Ragor, the interdimensional counterparts of Rex and Marjorie in Nucleus 8's dimension. He had difficulty speaking through Marjorie due to anatomical differences, but is very affectionate.

Isabel (a.k.a. Shadow): Healer, psychic, instructor, Good Samaritan, and friend to Nucleus 8, Rex and Marjorie, who discovered Constance, her alter identity in 8's dimension, through hypnosis. Eight regards her as his surrogate mother.

Amy (pseudonym): An angel in disguise, with whom Nucleus 8 formed a loving attachment, who demonstrated amazing psychic talents.

Nelda (pseudonym): A psychic woman abilities who joined Nuke's group of selected humans and then began to channel Tanner, which led to a conflict between him and Nucleus 8..

Guy (pseudonym): Member of Nucleus8's group, with whom he had several private sessions.
