Introduction

I had been a practicing clinical psychologist for almost 30 years when, in 1993, I became very interested in using regression hypnosis to help persons who had traumatic, suppressed memories of contact with extraterrestrials. I knew that hypnotherapists who had been doing such work for years had reported that some persons who remained in treatment long enough not only experienced elimination of their fears; they came to perceive their contacts as benevolent rather than harmful and felt that they had voluntarily agreed to such contact and had also agreed to work in concert with the ETs for the benefit of mankind and planet Earth. I was aware that a number of individuals had never been traumatized by contact and had reported a positive desire by ETs to do just that, although the news media tended to focus on tales of abduction, intrusive medical or sexual procedures, being terrified, etc., which were far more sensational.

When I decided to devote a portion of my time to doing hypnotic work, I asked God for assistance. Soon I was receiving support for my new endeavor in such unlikely ways that it seemed miraculous, and I felt very certain my steps were being guided. Through a series of unplanned, synchronistic events, I obtained the specialized training that gave me confidence, and before long I met severely traumatized Marjorie Ann, who, at the hands of humans, had been repeatedly abused sexually, physically and emotionally from early childhood until her suicidal impulses led to our encounter. In the midst of her psychological crisis, an independent entity speaking with the voice of a child took control of her conscious mind and body in order to protect her from acting on those impulses. When Marjorie regained consciousness, she named the child-like entity Little One. I obtained Little One's permission to work together in order to help Marjorie, and she provided much assistance over the long course of hypnotic sessions that followed.

Little One eventually stated that faeries were real, that she was one, that her real name was Perithnea, and that she had chosen to help Marjorie because she had suffered so much. Meanwhile, Marjorie began to channel additional

benevolent entities who assisted me in reducing her severe trauma. The first after Perithnea was her guardian angel, Alta Sha, who, among many other things, said he would train her to become a more proficient channel. As a result, she began to channel the spirits of deceased persons, especially Native American spirits and living extraterrestrials who normally dwell in another dimension parallel to our own. From them we learned that the ETs had taken a keen interest in her welfare soon after her father began to abuse her at age four. Over a period of several years some of the channeled entities were regular visitors in our lives and became treasured friends..

Although most channeled entities were benevolent, several possessing spirits, attracted to Marjorie's beautiful spiritual Light, exerted negative effects on her mentally, emotionally and physically. They had to be expelled, and some stubbornly resisted. Marjie's guardian angel, Alt Sha provided much needed support and advice during difficult evictions. I could count on him for assistance whenever I was in a quandary about the proper course of action when working with her.

We developed a very close relationship with Marjorie's primary ET protector, Nucleus 8, who had been her mentor since early childhood. Through surgically installed implants, he was able to channel through her and eventually became a daily companion. Nucleus 8 took a keen interest in developing close relationships with other selected humans and borrowed Marjorie's body for that purpose. We learned that ETs had made certain contributions to our personal DNA, and we were indeed part of an *interdimensional family*.

Marjorie and I took many physical and spiritual journeys on behalf of our spiritual family. We experienced many surprising and inspiring events while travelling to northern Mexico, much of the United States, and eastern Canada. Many of these journeys were inspired by the needs of Native American spirits who temporarily entered our bodies and who are destined to reincarnate as leaders in a transformed world. Nucleus 8, who is Supreme Lord of Security for an incomprehensibly vast, multidimensional Alliance comprised of thousands of civilizations, revealed that an Earth-like planet has been prepared for the eventual habitation of selected humans and other intelligent species whose home planets, like ours, are slowly dying.

The ETs, provided medical treatments to Marjorie, myself, and some of our friends. In Marjorie's case, these interventions were life-saving events on several occasions. The spirits and physical interdimensional beings who

channeled provided numerous tangible and intangible proofs of their independent existence when they were not channeling.

The multitude of highly improbable, synchronistic events that occurred along our spiritual journey convinced us that we were participants in a mysterious and often surprising Divine Plan. Alta Sha told me to record noteworthy events, which I would someday use to write a book. Fifteen years of almost daily notes has resulted in this five volume work, but the story isn't over.

It is my sincere hope that upon reading this factual account of their presence, those who have not believed in the reality of a spiritual realm beyond the five senses will open their hearts to the often overlooked beings around us. I hope that readers who already believe will find information that strengthens their belief. This is the story of how those loving beings continually blessed us, for which we daily thank God and are eternally grateful to them.

Acknowledgements

First, last, and always, I must thank my Heavenly Father for guiding me to write these five volumes. It was His work which inspired me and His deeds that I wished to write about. Because of His answer to my prayers, I met the incredible Marjorie Ann. Through her love of God and all His creatures and her willingness to set her consciousness aside so that others might speak and act through her, she was responsible for a large portion of the events upon which these volumes are based. I have been truly blessed to share in the beautiful Light of this Chosen Vessel of I AM. Her channeling abilities are matched by only a handful of others living on Earth, as is her ability to contain the transported spirits of physical beings.

The spirits we encountered through Marjorie's talents deserve our deepest thanks for sharing their hopes and aspirations with us and for inviting us to participate in their lives. Knowing that they exist and care about the fate of endangered humanity makes life on our suffering planet more hopeful. Their wisdom will be needed as conditions on Mother Earth inevitably deteriorate unless mankind changes its environmentally destructive habits.

I am very grateful to our extraterrestrial friends and family members who allowed me to write their stories and to share our reception of their love. There are too many to name here, but all are precious to us.

I thank our angelic friends and guides for their dedication to I AM and for placing the steps before us which the Creator decreed. They constantly reminded me to look to I AM for guidance and solutions and to put my doubt outside myself and leave it there. Their love is irreplaceable.

Many thanks to my son Chris, the family software expert, who spent patient hours explaining to his computer illiterate father how to use the tool that could spread the word around the world and who spent many hours creating book covers worthy of publication.

Finally I wish to acknowledge pioneers in the field of spirit-mind-body interactions who inspired me to pursue the use of biofeedback, relaxation training, hypnosis and healing energy in psychotherapy, including, but not limited to, Drs. Elmer and Alice Green, Dr. Norman Shealy, Dr. Milton Erikson, Dr. Winifred Lucas, Dr. John Mack, and the incomparable Olga Worrall. Their examples encouraged me to use the hypnotic techniques which ultimately led to the creation of these volumes.

Main Characters

Alta Sha: Marjorie's guardian angel and messenger of God, advisor and friend, who educated us in spiritual matters.

Metatron (aka Light Mother): An Archangel of unimaginable power who watched over and loved Marjorie from early childhood, Overseer of experimental medical procedures to cure the incurable, beloved companion to the author, and much, much more.

Adam: A newly created faery who agreed to be adopted by us and who volunteered to work within the Alliance, establishing a precedent for faeries which led him to high placement within their government.

Nucleus 8: A human/extraterrestrial hybrid born in Egypt in the year 2713 B.C., during the construction of the pyramids at Giza, who is Supreme Lord of Security for the vast, multidimensional Universal Alliance Federation, which includes many thousands of galaxies and civilizations. His two brainstems enable him to monitor events in six dimensions simultaneously. He has been dedicated to protecting and mentoring Marjorie from early childhood and became a trusted friend and family member.

Marjorie (a.k.a. Star One): The former wife of the author and extraordinary channel. Within her love, interdimensional beings found shelter and a voice that could be heard by humans. A target of dark forces because of her crucial role in assisting the Alliance, she has suffered greatly for the benefit of humanity and our interdimensional family.

22: A member of the small gray species and Chief of the Medical Unit at headquarters of the Alliance who participated in several medical procedures to cure injuries and illnesses of primary characters.

Asalara, Reaches for Fire in the Sky, Softener of Skins, One Who Sees by the Red Moon at Night, Board Member, Position 9): An ET capable of assuming any physical form who came to Earth long ago as an ancient Ute' shaman and medicine man. He sent Rex and Marjorie on journeys to find his sacred teaching stones. Aided by Rex, he experienced a dramatic healing during a spiritual journey to the Red Moon.

Rapsar: A teacher of Vikings and deceased pilot of a sabotaged interdimensional craft which crashed hundreds of years ago on the West Spanish Peak in southern Colorado. He provided Rex and Marjorie with directions to a powerful stone at L'anse Aux Meadows in Newfoundland.

Donna (a pseudonym): A psychic with a history of ET contact who channeled Rapsar, enabling him to resume contact with his mate Clairetrinia through Nucleus 8.

Ivy: A green faery and Perithnea's friend, who loved Donna's cats and provided physical evidence of her existence.

Isabel (a.k.a. Shadow): A healer, psychic, instructor, good Samaritan, and friend to Nucleus 8, Rex and Marjorie, who discovered her identity in 8's dimension through hypnosis.
