Life and Mantras

Chapter 1:

Mantra Basics

Synopsis

These Mantras are often being used in meditating in order to help someone reach a clear and calm state of the mind that promotes awareness, which is a characteristic of absolute meditative state. These words originated from the Yoga, Tantric, and Vedic traditions and have become more and more popular around the world.

The Basics

For a lot of people, Mantras are of great help. If you discover a mantra that you can actually connect with, then you can benefit from chanting it over and over again. Well, saying mantras doesn't just connect people with divinity, but it also helps in establishing a connection with their subconscious as well. Verbal repetition of these mantras can increase your vibration.

And chanting mantras can help you in staying focused and centered on whatever mission or goal you are trying to achieve and pursue. The plan of using mantras invokes a specific quality of light, peace, or joy. If you know the real inner essence of mantras, you will be able to make your meditation more soulful and powerful.

In other explanation, mantras are energy based sounds. The metaphysical tradition of the Indians explains that bodies are composed of combined five elements and one of them is sound.

Studies of sound symbolism generally suggest that all vocal sounds have their meaning whether you are aware of them or not. And that there is a certainty that there are numerous layers of symbolism that are associated with any sound.

Thus, even if you don't understand mantras, they are definitely not meaningless; no vocal expression is without meaning. Any person's subconscious mind can actually find solutions through meditation as well as mantras recitation. Mantras, when repeated frequently and

constantly while meditating, loudly and through mental and silent chanting, will change consciousness.

How Can A Mantra Affect The Mind?

Mantras are like seeds. Seeds have the ability and potential to become a grown tree. Similarly, any sound vibration contains all the potential possibilities of creation.

There are mantras that are in a seed form, which is called bija mantras. And there are also others that are expressed like the Gayatri mantras. Mantras are usually secret, which if kept as a secret will alert the subconscious mind. Additionally, the mantras work in a level of consciousness.

A mantra is a tool of power and a tool for power. These words and sound are formidable and they are definitely ancient, yet they work. In the most literal form, mantra means “to free the mind”. They are tools being used by the mind in order to be free from all the vagaries of mind.
