## ***Safety Warning***

Keep all small magickal objects away from children to avoid the possibility of accidental swallowing.

Never leave a candle burning unattended, or near any flammable objects such as chemicals, curtains or papers.

Always use magick for good reasons, and not with the intention to harm another person...The more good you do, the more you will receive in return!

## ***Magick And Witchcraft***

White magick, black magick. Throughout the ages controversy has raged about evil witches and good witches, bad spells and beneficial spells. Let's start with the fact that there is no such thing as white or black magick. Witchcraft isn't good or evil, it is only the intention behind the magick that is dark or light. If you choose to use magick to better yourself, improve your lifestyle or to bring good fortune to others, then your intentions are good. If you wish to bring someone harm then it is your intention that is evil. In the long run, those who use magick for beneficial purposes usually reap the positive rewards. Those that stray into the dark side eventually lose out.

## ***The Nature Of Magick***

Humankind has been practicing magick and rituals for thousands of years. Almost every race of people have their own style of witchcraft. You have probably heard of the Druids, Merlin was a Druidic wizard. There are people who practice voodoo, and those that follow the arts of ancient Egyptian sorcerers. Regardless of the type of rituals used there are many similar thoughts involved...Magick is the art of life, everything in the universe is made of energy, and everything is connected. No matter how far away, any object or person can be influenced by another's thoughts using the power of witchcraft.

Magick is everywhere, energy is everywhere. Using rituals and ceremony you can take these random forces and make them work to your own benefit. Instead of accepting whatever fate has in store for you, take charge and write your own destiny. The future is not set in stone- it is fluid, and as such it can be influenced by people who know how- people who understand that the universe is there for them to share and use. But be sure to return some of your good fortune as you profit from magick. This is a way of thanking the universe for its generosity, and avoiding greed. If you use magick for greed it will eventually backfire on you.

## ***Religion And Magick***

Many of today's religions view witchcraft as evil, Satanic, or as a useless relic of the past. What is interesting to note is that a great majority of these religions are based on pagan rituals and beliefs. Christianity, Catholicism, Greek Orthodox and many other belief systems were founded on ancient ceremonies and rites.

Your church may tell you that to practice any kind of magick is to invite Satan, Beelzebub or some other demonic nasty into your life, this is simply not true. If you practice witchcraft with evil intent, then you are asking for trouble. The spells contained in this book are for improving your life, not for causing harm (maybe just a bit of mischief!).

Remember, love is a kind of magick. Jesus practiced very powerful magick to raise the dead and heal the sick...is love evil? Is Jesus evil?... Of course not! Use your magick for good and no harm will come to you. Magick's power comes from the universe, some say God, whichever, all you have to do 'is believe'.

## ***Purification Rituals***

Before you commence any ritual or ceremony it is extremely important that you purify any equipment that you will be using. All your magickal instruments, candles, paper, pens, salt and even this book may contain negative energy from other persons or sources. This negative energy must be removed from your equipment before you use it in the practice of magick, failure to do so could cause your spells to become corrupted or negatively influenced.

Follow the instructions below, first purifying a container of salt using the 'Salt Cleansing Rite', and then use the 'Purification Ceremony' to consecrate the remaining magickal implements.

### ***Salt Cleansing Rite***

Salt is an extremely powerful magickal product. It has been used for thousands of years for purifying and protecting against evil. The salt you will require for use in this book is common white table salt. When you have cleansed your salt, remember to use it only for your mystical purposes.

Place the salt container (a jar or tin is preferable) on your altar, remove the lid and look at the salt. Let yourself relax completely and while continuing to look at the salt, imagine it glowing with a bright golden aura. Do this for a couple of minutes and then say the following words clearly and out loud;

***My Father Who Is In Heaven. Holy Is Your Name.  
May Your Kingdom Come,  
May You Will Be Done On Earth As It Is In Heaven.  
Given Me This And All My Days The Things  
I Require To Live My Life To The Full.  
Purify This Salt And Allow Its Immense Power  
To Work For Me, Bringing To Fulfillment My Desires.  
So May It Be!***

Meditate for a moment longer and then return the lid to the container. The rite is now complete. Keep the salt with your other equipment and use when required. This ritual needs to be performed only once for each new container of salt that you purchase.

## ***Purification Ceremony***

Place your instruments on your altar. Light a plain white candle (unscented), this represents purity, and recite the following ritual;

O Instruments, I Conjure Thee By The Power Of The Heavenly Host,  
And By The Elements Of Fire, Wind, Earth And Rain, That Thou Shalt Be Clean  
Of Foul Creatures And Obtain Every Virtue Unto Thyselfes, And Work In All  
Manners Directed From This Time On. By The Splendor Of The Planets And  
The Divine Miracle Of Creation Mote It Be!

Sprinkle your instruments with the consecrated salt and cover them with a piece of clean linen (do not use any other fabric). All your equipment is now charged with positive energy and is ready to be used. If you add any new products please repeat the ceremony for these items...you do not want any outside, negative influences affecting your magick!

## ***Additional Information***

The term altar is used frequently throughout this book, an altar is any table, box or flat surface that you choose to perform your rituals upon. Some people use a wooden chest, you can practice your magick upon it and then store your magickal apparatus inside. To increase the power of your spells you can also use an altar cloth, preferably a good quality fabric such as velvet or silk.

## ***Extra Intimacy***

***Use to bring you and your loved one, even closer.***

Light two (2) red candles, using a match. Place the candles close together and put an empty bowl in front of them. Take an egg, lightly break the shell with a knife and very gently pour the contents into the bowl. As you do this say the following;

This Is Me  
My Mind Is Gold  
My Body Is Silver.

Do the same with the other egg and say;

This Is Him/Her  
His/Her Mind Is Gold  
His/Her Body Is Silver.

Stir the eggs gently with the knife, break the yolks and say;

Let Our Minds And Bodies Unite Even More,  
Until One Is Two And Two One.

Keep repeating this until the eggs are an even mix. Go outside and pour the eggs onto the soil (not concrete). Repeat this ritual every week.

## ***Secret Love Affair***

***This is a rite used to keep an illicit affair secret from others.***

Light a plain candle with a match. Write your name on a piece of paper.

Write your secret lover's name on another piece of paper. Place both pieces in an envelope, with the names facing each other. Seal the envelope and pass it through the candle flame without setting it alight.

Now put the envelope in front of you and say;

In Here Is Our Secret  
Our Secret Will Stay In Here.  
Nobody Will Discover It  
Nobody Will Know It.  
Those Who Find Out Will Forget Immediately  
Those Who Know It Will Never Use It Against Us.

Repeat these words (not the candle part) every day after dark. If you forget one day then you will no longer be safe.

## ***Relationship Tester***

***Use this rite to determine if a relationship will be viable.***

Light a red candle, using a match only. From a deck of cards choose a picture card, this one will represent you. Now choose another picture to represent your desired partner. Place the two picture cards about 25 centimeters apart, and put the two of hearts (this card symbolizes lovers) in between. Now say;

***This Is How We Are Now***

Take the picture cards and place them face to face upon the two of hearts. Recite the following;

***This Is How We Shall Be  
Let Time Tell If It Will Be  
Let Us Be Closer All The Time  
Until I Decide How It Will Be.***

Practice this ritual everyday, within a matter of weeks you should become closer and closer!

## ***Gentle Ending***

***This ritual is used to gently end a relationship.***

Light a white, unscented candle with a match. Take a deck of cards and select one. This card will represent you. Now choose a card that represents the other person. Take out the two of spades (this represents friendship). Select the four of diamonds to represent and ending. Put the card that you chose for the other person in front of you. Place the two of spades and the four of diamonds on it, face up. Put the card representing you on top and say;

***Let There Be An Ending  
Let There Remain Friendship  
Let Us See That We Were Wrong  
Without Blame And Without Hard Feelings  
So It Will Be And So It Shall Be.***

This ritual should be performed every day. Within a matter of weeks, sometimes sooner the relationship should start to cool off. This rite is particularly useful for when you wish to remain friends with the other person.
