About this Edition

This standard edition represents a compilation of the most popular 100 financial terms. I have studied hundreds of financial websites and articles and compiled a list of all terms. After deleting the duplicates around 100 terms were left over. Then I put them in alphabetical order and used the description of these terms from the online [Financial Terms Dictionary](#) to publish this book.

If a description contains another financial key phrase and it is part of this book, then it's automatically linked to it. Otherwise it links to the online description.

This collection may not contain terms that you would consider popular. If you want them to be included please [write me a short message](#) and I will consider it for the next version. If you find any errors, misspellings, wrong or outdated information please let me know.

I hope you enjoy this standard edition of the Financial Terms Dictionary, and the quality of your financial decision will improve upon better understanding of these terms.

About the Author

Thomas Herold is a successful entrepreneur, mediator, author, and personal development coach. He published 35 books with over 200,000 copies distributed worldwide and is the founder of seven online businesses.

Over the last ten years, Thomas Herold has studied the monetary system and has experienced some profound insights on how money and wealth are related. After three years of successful investing in silver, he released 'Building Wealth with Silver - How to Profit From The Biggest Wealth Transfer in History' in 2012. One of the first books that illustrate in a remarkable, simple way the current monetary system and its consequences.

He is the founder and CEO of the 'Financial Terms Dictionary' book series and website, which explains in detail and comprehensive form over 1000 financial terms. In his financial book series, he informs in detail and with practical examples all aspects of the financial sector. His educational materials are designed to help people get started with financial education.

In his 2018 released book '[The Money Deception](#)', Mr. Herold provides the most sophisticated insight and shocking details about the current monetary system. Never before has the massive manipulation of money caused so much economic inequality in the world. In spite of these frightening facts, 'The Money Deception' also provides remarkable and simple solutions to create abundance for all people, and it's a must-read to survive the global monetary transformation that's underway right now.

The '[The Essential Guide to Amazon Advertising](#)' and 'Make It Click' - published in 2018 - is the result of over two years of advertising experience. It's a treasure for every self-publishing author that wants to attract new readers and sell more books.

In 2019 Thomas Herold released an entirely new financial book series explaining in detail and with practical examples financial terms. The '[Herold Financial](#)

[IQ Series](#)' includes 16 titles, covering every aspect and category of the financial market.

Starting with Personal Finance, Real Estate and Banking term. Covering Corporate Finance, Investment as well as Economics. It also includes Retirement, Trading, and Accounting terms. In addition, you'll find Debt, Bankruptcy, Mortgage, Small Business, and Wall Street terminology explained. Not to forget Laws & Regulations as well as important acronyms and abbreviations.

All books are available as Kindle and Paperback versions. By the end of 2019, all titles of the 'Herold Financial IQ Series' will also be available as Audio edition.

His latest book '[High Credit Score Secrets](#)' offers the most effective strategies to boost the average credit score from as low as 450 points to over 810. It teaches the tactics to build excellent credit, repair credit, monitor credit and how to guard that good score for a lifetime. It reached bestseller status in 2020 in three categories.
