## Dear reader

I am Omid Hosseini, and the book you are reading is the first book I have ever written in English. Thank you for choosing it.

In this book you can learn how to build a free website. Don't worry, it's very easy! You don't need to know programming or anything else. You only must do as this book says. Do it step by step and you will have a free website. Enjoy it.

I try my best but if you find any mistakes or problems please [tell me](#). I'll fix them in next revision. You can download my books for free from my blog. So, please download latest revision.

Click “No thanks, continue to download”.

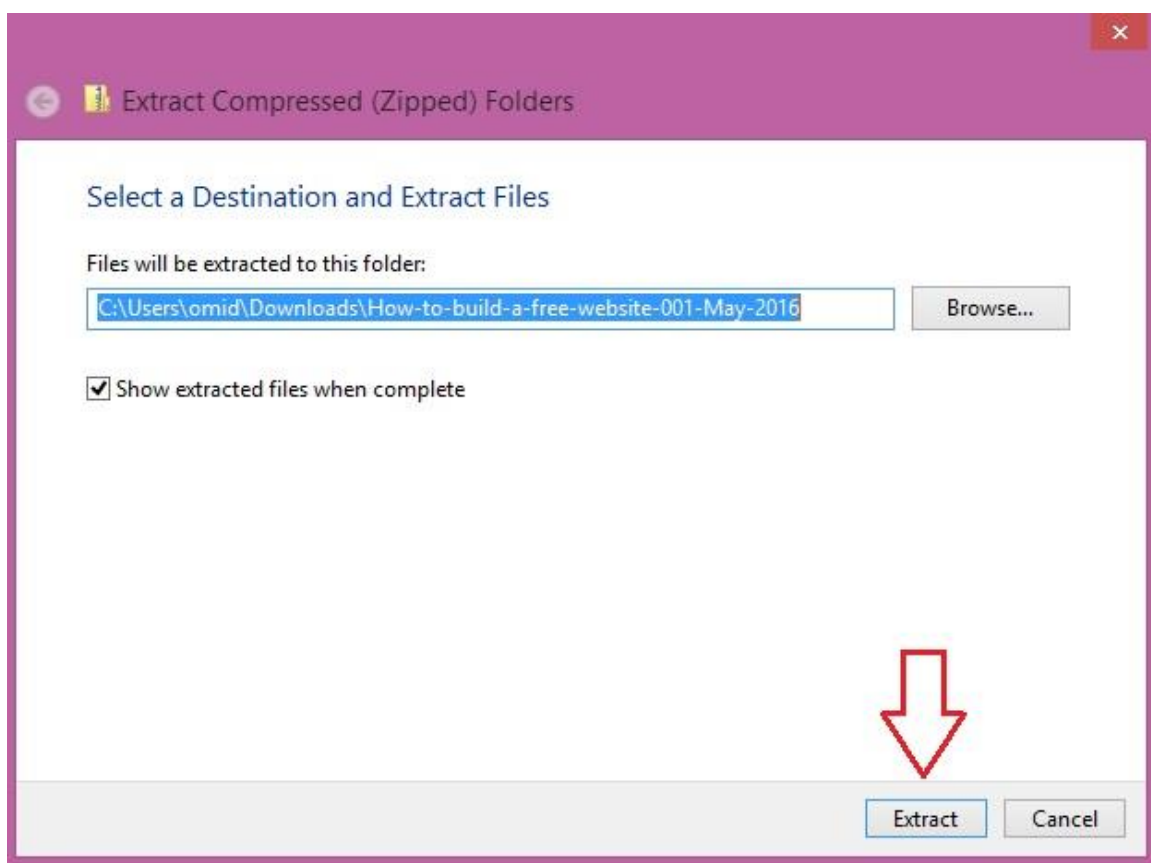

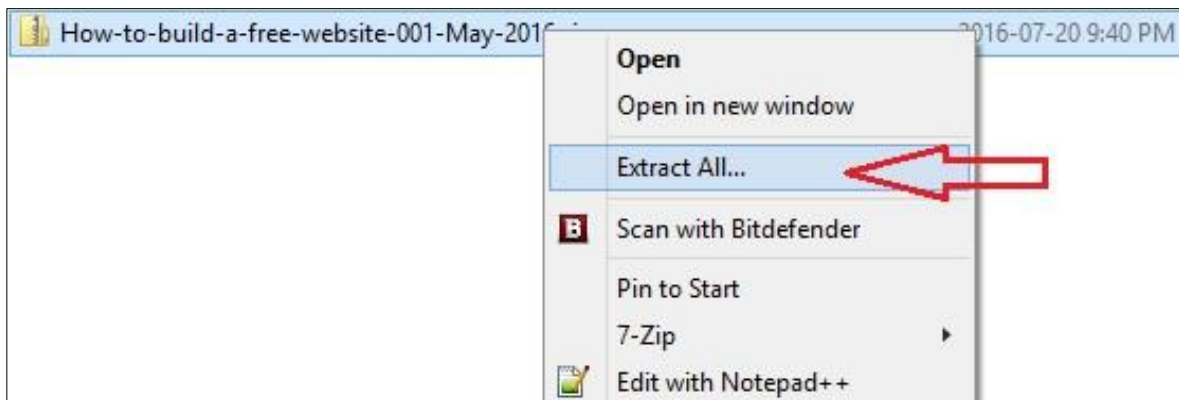

A screenshot of a Dropbox account creation dialog box. At the top is the Dropbox logo and a close button (X). The text reads: "Download and save directly to your Dropbox by creating a free account. Or, sign in." Below this are input fields for "First name", "Last name", "Email", and "Password". There is a checkbox for "I agree to Dropbox terms". A blue button labeled "Create an account" is below the checkbox. Below this is a horizontal line with the word "or" in the center. Underneath is a blue button with the Google logo and the text "Sign up with Google". At the bottom of the dialog, there is a link that says "No thanks, continue to download →". A red arrow points from the "Sign up with Google" button down to the "No thanks, continue to download →" link.

Save the zip file.

Extract it. Then open it.
