Introduction

At the time of our first meeting in 1993, Marjie was under severe stress, with suicidal impulses that led to short term hospitalization. Her history was replete with traumatic events, and she agreed to the use of hypnotic regression techniques to overcome the lasting effects of sexual, physical and psychological abuse at the hands of her family and various other people that began when she was four years old.

In our very first hypnosis session, her subconscious took her to the Creator's throne, which for both of us was an unprecedented and very emotional event. In our second outpatient session, a protective female entity channeled. Marjie described her as a red haired, green eyed child, around 8 years old, that she had named Little One. Little One evaluated my hypnotic techniques and decided I could be trusted not to do more harm than good. I treated Little One with respect and she became a powerful ally in the treatment of Marjie's Post Traumatic Stress Syndrome. After numerous hypnosis sessions, Little One informed us that her true name was Perithnea and she was a faery!

The second entity to channel through Marjie was Alta Sha, who identified himself as her guardian angel and also became a valued, trusted ally for Marjie and me. He and Perithnea often worked hand in hand, but she always deferred to his directions, which she knew were received from the Creator.

Hypnotic regression sessions unexpectedly led to forgotten experiences of many extraterrestrial contacts beginning at age four at a space station where Marjie had

received loving care and instruction. In one such session, she saw a man who possessed a very penetrating stare and knew he was very important to her, but couldn't remember why. Alta Sha said he had caused a message to appear on the important man's monitor which instructed him to contact me through Marjie. When he channeled for the first time during a hypnosis session, the man identified himself as Nucleus 8, a human/tall gray hybrid who lives in a parallel dimension.

This book is the condensed history of 15+ years of regular contacts with Nucleus 8 and several other interdimensional entities who had important connections with him in one way or another. Those who regularly channeled through Marjie were quite benign and both of us formed loving and mutually beneficial relationships with several of them. Our frequent contacts with those personages are described in day-by-day detail in the five volumes of *Faeries, Angels, Indians and Aliens*, and many examples of them are contained in *Our Interdimensional Family*, a single volume book. Both books include a large number of highly improbable, synchronistic events and many *paranormal* physical manifestations, such as apports and otherwise inexplicable healings, which convinced us of their independent, very real existence. Both books are available as free downloads from Free-eBooks.net.

I remember a conversation with Nucleus 8 many years ago, when he said he wanted me to write a book about him and his emotional awakening. That awakening is also covered in the two books mentioned above, but this is the only one that is primarily devoted to his spiritual and emotional journey.

There was never any doubt in my mind that the extraterrestrials and spirits she channeled, Marjie, and I were following an exquisitely detailed and complex plan

Introduction

that had been designed by our Creator. Early on Alta Sha, in faithful response to the Creator's instructions, advised me to take notes about our extraordinary experiences because there would be too many to remember and eventually I would write a book about them. I understood that the primary reason for writing a book was to educate humans that multiple realities or universes, each with their own set of rules and their own inhabitants, exist just beyond the very narrow ranges of physical sensations. To that end, I kept daily notes about events I considered worthy of inclusion in *Faeries, Angels, Indians and Aliens*. That five volume work is the prime source for what is contained in *Our Interdimensional Family* and *Heroic Nucleus 8*.

As the chapter headings of this book indicate, it contains a good deal of information about the nature of his environment and society in addition to his difficult and dangerous search to learn the truth about his formative years. I hope my account is worthy of the beloved hero he truly is, in our dimension as well as his own, for he is playing a crucial role in the salvation of humanity and Earth!

Acknowledgements

First, last, and always, I must thank our heavenly Father for inspiring the creation of this series of books. They are ultimately about His love, His plans, and His deeds.

My union with Marjorie Ann, an incredibly gifted channel, was an answer to prayer. The loving relationships described herein that we developed with beings from other dimensions could only occur through her unselfish actions in spite of the many physical and mental discomforts they sometimes entailed. As recognized by many highly advanced beings, she possesses an extraordinary capacity for expressing love to others.

To the faeries, angels, Indian spirits and extraterrestrial persons who still bless our lives I offer my continuing, heartfelt thanks and love. They have enriched our lives immeasurably.

Thanks also to the humans who opened their hearts to us, to Nucleus 8, and to many other channeled participants.

Finally, eternal gratitude is due to my son Chris, who generously provided crucial assistance in the preparation of a publishable product, seven times over. Love to all.
