## **GOD HIMSELF**

He whom you can explicitly see is not God,  
And he who was the strongest; without the most minuscule form appearing even in  
flaming sunlight; was not one of God's infinite disciples; but God himself .

He whom you can profoundly feel is not God,  
And he who was entirely ungraspable; without even leaving an untidy footprint after  
majestically traversing on soil; was not one of God's infinite disciples; but God  
himself .

He whom you could magnificently create is not God,  
And he who exists in an incomprehensibly fathomless myriad of forms; was not one  
of God's infinite disciples; but God himself .

He whom you can profusely imagine is not God,  
And he who remains perpetually obscure even after floating in each particle of the  
exotic atmosphere; was not one of God's infinite disciples; but God himself .

He whom you can vividly dream about is not God,  
And he who propelled every brain to think beyond corridors of the unbelievably  
extraordinary; was not one of God's infinite disciples; but God himself .

He whom you can coin your destiny with is not God,  
And he who was maneuvering the lives of boundless at the mere tip of his little  
finger; was not one of God's infinite disciples; but God himself .

He whom you can cremate is not God,  
And he who was immortally living; since unprecedented centuries ago even before  
this earth was created; was not one of God's infinite disciples; but God himself .

He whom you can admire is not God,  
And he who was bestowing an everlasting labyrinth of beauty every unfurling second;  
was not one of God's infinite disciples; but God himself .

He whom you can wholeheartedly cry for is not God,  
And he who was incessantly replacing tears of all mankind with omnipresent smiles;  
was not one of God's infinite disciples; but God himself .

He whom you can bid a celestial adieu is not God,  
And he who was spawning countless for every entity withering; was not one of God's  
infinite disciples; but God himself .

He whom you can fabulously describe is not God,

And he was all Omniscient; having already embodied the scriptures of holy tomorrow even before the world had begun; was not one of God's infinite disciples; but God himself .

He whom you can devotedly chant till times beyond eternity is not God,  
And he who irrefutably steered every lip on this globe; to propagate the essence of benevolent existence; was not one of God's infinite disciples; but God himself .

He whom you can belligerently fight for is not God,  
And he who evolved the most marvelously wonderful species of creation called "Man"; was not one of God's infinite disciples; but God himself .

He whom you perpetually kept close to your chest was not God,  
And he who made every single heart throb for the person it loved; was not one of God's infinite disciples; but God himself .

He whom you witnessed blossoming was not God,  
And he who stood taller than the Sun; to illuminate every miserably darkened cranny of trembling soil; was not one of God's infinite disciples; but God himself .

## **ALLAH**

He was the one who maneuvered my tongue; bestowed upon me the ability to eloquently speak,

He was the one who made me smile; emphatically displaying my armory of white teeth to the world,

He was the one who produced empathy in my eyes; made them profoundly glisten in the morning light,

He was the one who made me rambunctiously chatter; bounce in the true fervor of life,

He was the one who made me sneeze; burst into infinite chortles of uninhibited laughter,

He was the one who engendered me to sweat; tremble innocuously with infinite goose bumps creeping up inadvertently on my naked skin,

He was the one who made me dream; fantasize to the most bizarre limits of contemplation,

He was the one who enabled me to traverse on earth; put my feet firmly on the black soil I tread,

He was the one who made me blush a perfect crimson; as I inevitably winked at a mesmerizing girl,

He was the one who imparted me the skill to voraciously read; pen down intricate lines of exquisite calligraphy,

He was the one who impregnated awesome strength in my knuckles; granted them the tenacity to defend the infirm,

He was the one who made me decipher the minutest of noise; wholesomely relish the blend of tingling sounds in atmosphere,

He was the one who filled my stomach whenever I felt famished; ensured that the right morsels of food occupied its cavities,

He was the one who embodied in me the exuberance to run; inhaling gallons of revitalizing air into my lungs,

He was the one who taught me to judiciously discern between the good and bad; curtail myself from indulging into the nefarious and licentious,

He was the one who waded all circumspection from my mind; whenever I felt besieged by a host of inexplicable dilemmas,

He was the one who instilled astronomical courage in my demeanor; made me stand tall and unflinching against all barricades that confronted me in my way,

He was the one who made me nostalgic; reminisce profoundly the poignant memories of my childhood in my mothers lap,

He was the one who found me the love of my life; made sure that it consolidated into sacrosanct marriage,

He was the one who resurrected my faith in life every unfurling minute; made me imbibe the true spirit of existence,

He was the one who was the blood flowing through my veins; the beating of my heart as it throbbed violently in my chest,

And he was the one whom people of varied races christened as "GOD"; "CHRIST"; "BHAGWAN"; "CREATOR"; "ALMIGHTY"; "LORD"; whom I fondly referred today and till the time I existed; as my "ALLAH".

## 1 GOD

There were several colors in this world; some were as black as the hideous reptile; while some were pearly and sparkling white,

There were several tunes in this world; some were as sweet as the nightingale; while some were as hoarse and discordant as the horse,

There were several seasons in this world; some were as hot as the blistering sun; while some were placid reflections of the serene night,

There were several hair in this world; some were as fiery as flamboyant flames of the fire; while some were honey and golden brown,

There were several fishes in this world; some were as tiny as shells; while some were monstrously huge as the shark,

There were several dwellings in this world; some were as fortified as raw iron; while some were languidly drooping down like the pigeon feather,

There were several eyes in this world; some were sizzling incessantly in unseething passion; while some were as uncouth as dry ice,

There were several cars in this world; some were as swanky as the dungeon full of diamonds; while some had no engine at all,

There were several entities in this world; some were as pretentious as the peacock; while some slept timidly like black mice,

There were several cheek's in this world; some had boundless tufts of black beard; while some were as effeminate as the queen's garden,

There were several waters in this world; some swirling as turbulently as the ocean; while some flowed like molten butter melting down,

There were several smiles in this world; some were as spurious as the cunningly astute businessman; while some were humanitarian and ready to assist at all times,

There were several perfumes in this world; some were as mesmerizing to inhale as the scarlet rose; while some caused you to vomit out the food you had consumed for morning breakfast,

There were several roads in this world; some were blissful carpets of satin to transgress upon; while some were embedded profusely with acrid thorns,

There were several dreams in this world; some were as ghastly as savage massacre;  
while some were as exotic as heavenly paradise,

There were several clothes in this world; some were as gaudy as the resplendent  
rainbow; while some were rustically entwined roots,

There were several religions in this world; some believed in burying man after his  
death; while some charred him to raw ash after he left breath,

There were several languages in this world; some were as primordial as mystical  
Sanskrit; while some were contemporary and Oriental English,

There were several bodies in this world; some were as tall as the lanky tree; while  
some hardly grew above the kitchen sink,

And there were several forms of Almighty Lord; some were called "Christ", some  
"Allah", some "Buddha", some "Bhagwan", but from centuries unprecedented;  
since the time this earth of ours evolved; and even before; there has been just one  
Creator; Just ONE GOD .

## ONE GOD

It might perhaps take more than an infinite perennially blossoming trees; to make this brutally estranged earth today; a more holistically fantastic paradise to live in and blissfully exist; once again,

It might perhaps take more than an infinite tantalizingly exuberant nightingales; to make this traumatically lambasted earth today; a more symbiotically compassionate paradise to live in and beautifully exist; once again,

It might perhaps take more than an infinite magnanimously twinkling stars; to make this miserably sadistic earth today; a more convivially magnetic paradise to live in and synergistically exist; once again,

It might perhaps take more than an infinite marvelously vivacious rainbows; to make this obnoxiously wretched earth today; a more magnificently royal paradise to live in and unequivocally exist; once again,

It might perhaps take more than an infinite invincibly overpowering mountains; to make this agonizingly decrepit earth today; a more celestially jubilant paradise to live in and unassailably exist; once again,

It might perhaps take more than an infinite sensuously bewitching meadows; to make this horrendously dastardly earth today; a more tranquilly enchanting paradise to live in and insuperably exist; once again,

It might perhaps take more than an infinite romantically bestowing clouds; to make this dreadfully beleaguered earth today; a more holistically vibrant paradise to live in and timelessly exist; once again,

It might perhaps take more than an infinite vividly boisterous bees; to make this monotonously deadened earth today; a more effulgently mystical paradise to live in and indefatigably exist; once again,

It might perhaps take more than an infinite globules of tantalizingly artistic rain; to make this vindictively upbraiding earth today; a more exotically triumphant paradise to live in and tirelessly exist; once again,

It might perhaps take more than an infinite ubiquitously enthralling roses; to make this mercilessly indiscriminate earth today; a more benevolently harmonious paradise to live in and timelessly exist; once again,

It might perhaps take more than an infinite rays of the flamboyantly fumigating Sun; to make this truculently satanic earth today; a more enthrallingly euphoric paradise to live in and magically exist; once again,

It might perhaps take more than an infinite arrows of irrefutably priceless justice; to make this sordidly staggering earth today; a more blazingly patriotic paradise to live in and peerlessly exist; once again,

It might perhaps take more than an infinite playgrounds of uninhibitedly cavorting honey; to make this disparagingly corrupt earth today; a more fearlessly intrepid paradise to live in and unflinchingly exist; once again,

It might perhaps take more than an infinite mists of perennially fragrant simplicity; to make this spuriously sanctimonious earth today; a more ecstatically handsome paradise to live in and sensuously exist; once again,

It might perhaps take more than an infinite fireballs of philanthropic courage; to make this delinquently betraying earth today; a more righteously embracing paradise to live in and regally exist; once again,

It might perhaps take more than an infinite breaths of indomitably indisputable innocence; to make this cannibalistically murderous earth today; a more miraculously mitigating paradise to live in and eternally exist; once again,

It might perhaps take more than an infinite beats of pricelessly untainted love; to make this savagely parasitic earth today; a more Omnipotently benign paradise to live in and gregariously exist; once again,

It might perhaps take more than an infinite moments of truthful perseverance; to make this barbarously incarcerating earth today; a more bountifully proliferating paradise to live in and unambiguously exist; once again,

But there has; is; and shall forever be just “One God”; not only controlling every infinitesimal action; not only impregnably monitoring even the most inconspicuous wish of infinite more than the infinite above for this birth; but for an infinite more births of bliss and marvelous blithe .
