DEDICATIONS

This book is dedicated:

To the glory of Ancient Greece,
And to my blue-eyed,
lovely grand-daughter,
and princess of my life, Melina.
This book contains a set of wisdom pieces of ancient Greece, in terms of maxims and quotations of the seven sages of ancient Greece.

The seven sages were Thales, Pittacos, Bias, Solon, Cleovoulos, Periandros, and Chilon. They lived in ancient Greece over 600 years B.C. and before the advent of the classical Greek philosophers, like Socrates, Plato, Aristotle, etc.

Their maxims and quotations set the background for the development of the classical Greek philosophy.

This book contains 2 chapters and two appendices:

Chapter 1: The maxims of the Oracle of Delphi,
Chapter 2: The quotations of the seven sages of ancient Greece,
Appendix A: The maxims of the Oracle of Delphi, in ancient Greek and in English.
Appendix B: The quotations of the seven sages, in ancient Greek and in English.

The purpose of this book is to offer any reader a very simple guide into the wisdom of ancient Greece, and possibly allow him or her to gain some better understanding of this very old wisdom, and therefore see with their own ‘eyes’ and soul how these can help them in their every-day life.

The translation of the maxims and quotations into English were done by the author on the basis of the original texts in both ancient Greek and modern Greek.

I am responsible for any errors and omissions in the translation, hoping that the reader will excuse me in this very difficult and demanding task.

CHAPTER 1: THE MAXIMS OF DELPHI

‘O quanta qualia sunt illa sabbata,
Quae semper celebrat superna curia’.

‘O what their joy and their glory must be,
Those endless Sabbaths the blessed one see!’

Peter Abelard, 1079-1142
‘Hymnus Paraclitensis’

The maxims of the Oracle at Delphi were made up of very brief quotations (two to five words) full of wisdom and moral values. The subject matter they deal with varies from religious faith, to obedience to law, how to treat friends, how to behave in a just manner, education, country, way of life, happiness, etc.

These maxims were inscribed in the frontal columns at the temple of the god Apollo, at the Oracle of Delphi. They were copied on single marble tablets and were transported to all parts of the Ancient Greek World, as the writing on paper or on parchment was not known at the time.

Most of them have been attributed to the seven sages of Ancient Greece: Thales, Pittacos, Bias, Solon, Cleovoulos, Periandros, and Chilon. A short life history of each sage is included in Chapter 2, along with their own quotations.

The maxims of Delphi, translated into English, are presented next. These maxims, in the original ancient Greek and their English translation, are included in the appendix.
