

Science thinks why search for the truth when they concocted their own unworkable version and further it by falsifying facts. I wish to reveal the biggest conspiracy ever undertaken by any group of people. I too have my own agenda why I reveal the conspiracy and this conspiracy is so big if you know what it is you will vent your anger towards me to protect your culture where what this conspiracy hides became the culture of all civilized persons on earth. I have devoted my life to find out how the four principles work that nature applies and science rejects. Alas, while every person thinks science is perfect my work has no place. I prove how nature works but everybody in science purposely stonewalls me to protect the science status quo. When hearing what I have to say your reaction will be one of rejecting me violently.

I fight a mighty strong gang of criminals and therefore I need as much help as I can possibly get. To get the truth out I have to expose untruths you believe. So now you think that I am going to inform you about another mindlessly stupid conspiracy that eventually turns out to be as unfounded as all the other untruthful and baseless conspiracy theories you encountered and you are more than ready and eager to dismiss this and discarded it as another fable out to generate money. We all know conspiracy theories are feeding on fearfulness to generate money.

Alas, this conspiracy I reveal is so big and involves such a big part of civil culture that if I even give you the tiniest hint about what it is before you visit www.questionablescience.net you won't investigate the issue further because you will choose to discard these statements and article as another hoax because it is too big to be believable. Up to now the overall scale that this issue implicates is so big it is the size of it that keeps the conspiracy in place and this hugeness it involves makes what the conspiracy hides so unbelievably believable that this makes the conspiracy undetectable and be beyond suspicion. With what I am about to inform you I aim to break what you believe in most and what you believe is so strong it forms the basis of knowledge you form within your mind. If sportsmen cheat by doping then these people can't cheat because their conduct is exponentially worse and dimensionally more criminal than sportsmen doping.

Past experiences taught me that when people hear about this they get angry with me being the messenger and not the complicit culprits. What you believe in as civil culture is vested in believing what this conspiracy hides so you will have a natural tendency to also preserve the conspiracy. It shatters what you think is the truth. Where others make money to conceal

the conspiracy my gain is in the revealing of the conspiracy because the mistakes the conspiracy hides I have the remedy for... but to generate eagerness in investigating my work I have to reveal the mistakes but investigating any science is precisely that what those protecting the conspiracy in science aren't willing to do because it became science to cover the conspiracy. If you help hiding what the conspiracy hides you're accepted as intellectually superior.

Believe me this is big. Think of the most outrageously big scandal and no, whatever you think of is still small by comparison. If you think in terms of the Pope that ran off with an underage prostitute then by comparison its average, not big. This one is big. It's bigger than the worst you could even imagine because it reveals the truth about what you regard as the truth and it is that belief in what you think of as the truth that supports this hoax and the belief you have in that which this conspiracy protects is more rock-fast than anything else you believe in or might trust to be the solid truth.

All that I ask of you is just go to www.questionablescience.net and see what I explain in a few pages and then decide on the validity of my claims. It will take but a few minutes of your time but it will change your outlook on what to trust for your entire life. What you trust most now will prove to be not worthy of your trust.

I show you in www.questionablescience.net where this mother of all conspiracies started and then in the book **A Conspiracy in Science in Progress** I show you how that progressed into the biggest conspiracy ever! In the www.questionablescience.net I show how it started and in the book I elaborate on this conspiracy and show how it is still in progress even today, three hundred years after it started. It began in 1705 and the falsified facts swept aside all resistance...

...Then it grew into a fashion and intellectual statement that evolved into the mother of all the other conspiracies in science. All conspiracies we have in place about science serves one goal and that is to divert the investigative attention away from discovering this Mother Conspiracy so as to prevent anyone detecting the anomaly.

It is hidden so well that in three hundred years no one that isn't part of science got a sniff about what the Mother Conspiracy entails. For three hundred years no one looked! The conspiracy wittingly or otherwise involves us all including you and me. We all commit to the conspiracy and in the beginning it is unwittingly but keeping a blindfold becomes an excuse

not to think about what is obvious and that becomes a norm, which preserves the conspiracy in a place as part of the education in science.

This I call brainwashing or another name is study material and learning methods. By the time that those in science discover the anomaly that science hides, they also have too many years of devoted study to lose to reveal this conspiracy because they already are equipped with an education and working in science and so to protect what they have worked for, they become part of those preserving the conspiracy. Knowing about any conspiracy doesn't help because we who constitute to form the large group of consumer fodder that is considered by the mighty, the rich and the powerful as the exposable little people that usually can't change anything, but knowing about this conspiracy will help because we all can work together to bring out the truth. If we know where to look we know how not to be tricked by the mighty.

There is a conspiracy covering a conspiracy brought about by another conspiracy to hide the previous conspiracies and so one supports the other to form a network of created illusions corrupting science. Mostly I first have to break down the illusions to reveal the hidden. I show why the corruption is in place. Those covering-up cover-up can destroy every person that attempt to break the silence but my fortune is that I am too poor to destroy and too little to break. And this makes my life so insignificant that I could care less if any influential academic that uphold the conspiracy even read this let alone accept my views although the facts I present against them is damning and so, during the past they ignored me as if I presented the plague. I have nothing that they can take away or I might lose. My exposing of their corruption can only improve my position because that is the only way I can show how to replace all the corruption with truth.

It is simple to discover the mistakes science cover-up. I worked a lifetime to find solutions, which I have, and that I must introduce but to my shock I found everyone in science indifferent to admit that the anomaly even exists and so they ignore my work to protect theirs. To introduce my work they have to admit that the wrong is there and that they had a conspiracy. ...But they are thousands with power; I am only one and even without a voice.

I am challenging an influential "force" so big it's been all conquering and unbeatable and nobody in their midst gives me a chance to speak out or provide an ear to listen to me. Now I have to blow their cover to get them to realise the game is up and they have to come clean. In the past they can

destroy governments and sideline Kings by controlling human thought. If you doubt this read the www.questionablescience.net and see the absolute unquestionable examples I show about their convictions nature discards. Yet, when nature rejects an idea science has science throws out nature.

Everybody thinks of those that I accuse of committing this mind control to hide total corruption as being all-time intellectual saints; those that form the rocks on which intellect builds its foundation. They are thought to be as white as can be and every person on earth view them as being more accurate than God Almighty in what they profess and those I implicate are thought of as the incorruptible pillars of wisdom.

The conspiracy started off in 1705 and from there it progressed while everything that didn't agree with the corruption was swept aside by a driving force masked as being intellectually most superior at the time and this cloak of intellectual godliness still carries on today. Just a few ordinary questions lay the conspiracy wide open and expose this huge but obviously missed scandals.

Since the beginning everything written in science still suppresses all doubt about the accuracy it presents while you can read how a few well-aimed questions totally unmask the credibility of the facts presented as science truth. You will see es why you should feel alarmed and then if you now doubt my alarmist-sounding message, in your mind you answer the questions I pose.

If you can answer the utmost simple questions I raise in the website alone then you are the only person that are able to do so. Then I am wrong; there is no conspiracy but if you also can't answer the simple questions, then ask why are these questions never asked to those in science and why do those in science never address these very obvious questions. The questions are so simple a small child should think of asking it and yet asking those questions goes beyond the mightiest intellectuals on earth! If you see how simple the questions are that test the accuracy of science you will immediately recognise the conspiracy for what the conspiracy truly is! Every conspiracy ever linked to science is in place to protect this conspiracy from becoming publicly known.

There is this one conspiracy hiding the entire blunder that Newtonian science at all costs avoids to get publicity. It seems that I insult the most honest and celebrated dogma the world ever believed in but also I show

what science is and that science insults nature. Science doesn't only divert from nature but science ignores nature. I don't only cry wolf but I also introduce **a new cosmic vision** based on how nature applies four gravity laws and how applying these laws change views drastically about how the entirety called the Universe is formed by singularity taking on every shape and space we know.

Are you up to facing the truth about what you thought is more righteous than God? Then read this and see what those in science hide to make them seem so surreal. In this book I show you a complot what the truth is about science that everyone practising in science in whatever controlling way openly in plain view conspires to hide from the public. Even in something as minor as a website I prove a conspiracy! I don't cry conspiracy because I want to show a conspiracy but I do it because it is there in plain view and moreover it is killing my life long labour trying to correct the mistakes. If science is as correct as science pretends, my work has no purpose because why change something that is perfect and the very opposite of this is true?

Where you might think that science is too difficult for you, it is that madness I show to be part of the conspiracy. Those protecting the conspiracy count on you thinking science is too difficult and by using that unfounded idea they further hide the conspiracy. The trust you put in their clever they turn on you to make you believe you are stupid and that they're unbelievably clever. See how stupid they are. Making everyone believe science is too difficult to understand is the shield that protected this conspiracy by stopping investigations. The conspiracy intends to make everyone feel inferior because only "intellectuals" can understand science. We must think we are too stupid to understand it and that keeps the conspiracy alive. That is the main part of what hides the conspiracy and allow those to hide the truth and hiding the truth is what upholds the Mother Conspiracy. Therefore I prove that understanding science involves every soul on earth because to hide the conspiracy science claims the "ordinary people" are too stupid to understand science.

I believe that knowledge about what science is should be for everybody and not only a selected few who are hypocrites hiding the truth behind a blanket of superiority. I began the publishing to publish books for the general public aiming at those with a more general interest in science in mind so that I can interest everyone by not going technical. The books aim at a general audience who understand science. My aim is to make the

corruption in science known to all parties and I include every living person showing interest. Some might understand more than others but everyone must know natural science and enjoy how the Universe forms according to nature and show why science prefer to ignore nature to use a falsified version of science.

However there are also books forming part of the series that will rattle the cage of those who think they are experts in the field and with those books I prove the most informed intellectuals wrong about science.

Science went corrupt in 1705 when Edmund Halley told the world he used his friend Isaac Newton's physics formula to calculate the route and time that the comet that was named after him would arrive. This was where science went crooked and started to corrupt science, a position that went on ever since because that same dishonesty is still present in Newtonians science. Halley calculated the time periods since 1066 at the battle of Hastings and found a comet was mentioned every seventy-six years. This was very ordinary for a man of his class so he had to get far cleverer than backdate history to get a time frame. So he really got clever and conspired with the biggest fraud in science ever since; the man that stole all physics Doctor Hooks invented, the man that even got Kepler's figures wrong the man called Isaac Newton.

If Halley was honest about tracing the arrival of a comet that was mentioned ever seventy – six years then Halley was no more than bloody ordinary and that Halley could never be. So to look smart Halley said he used the formula of Newton to calculate the route the comet took. This says he used mass to calculate how the comet came to the sun. That says the sun's mass pulled the comet and the comet's mass pulled right back and this way the comet came to the sun. I don't go into the comet as such in this book but I do in other books. In this book I show how Newtonian science started to go corrupt in 1705 with one conspiracy to cheat and became the corrupt myth it now developed into. How do I know Halley did not use the mass pull mass idea because if he did then how did he calculate that the comet was cyclic or that it returns every seventy-six years. If mass pulled the comet to the sun what then pushed the comet back into outer space?

His big ambition was to prove the comet comes and goes but if mass makes the comet come what pushes the comet back. You know what is the biggest fraud that came to be called Newtonian science? The most brilliant minds on earth this past three hundred years failed to ask this simple question: if mass pulls the comet closer what pushes the comet away? If mass forms the force of pulling and pulled the comet closer than what

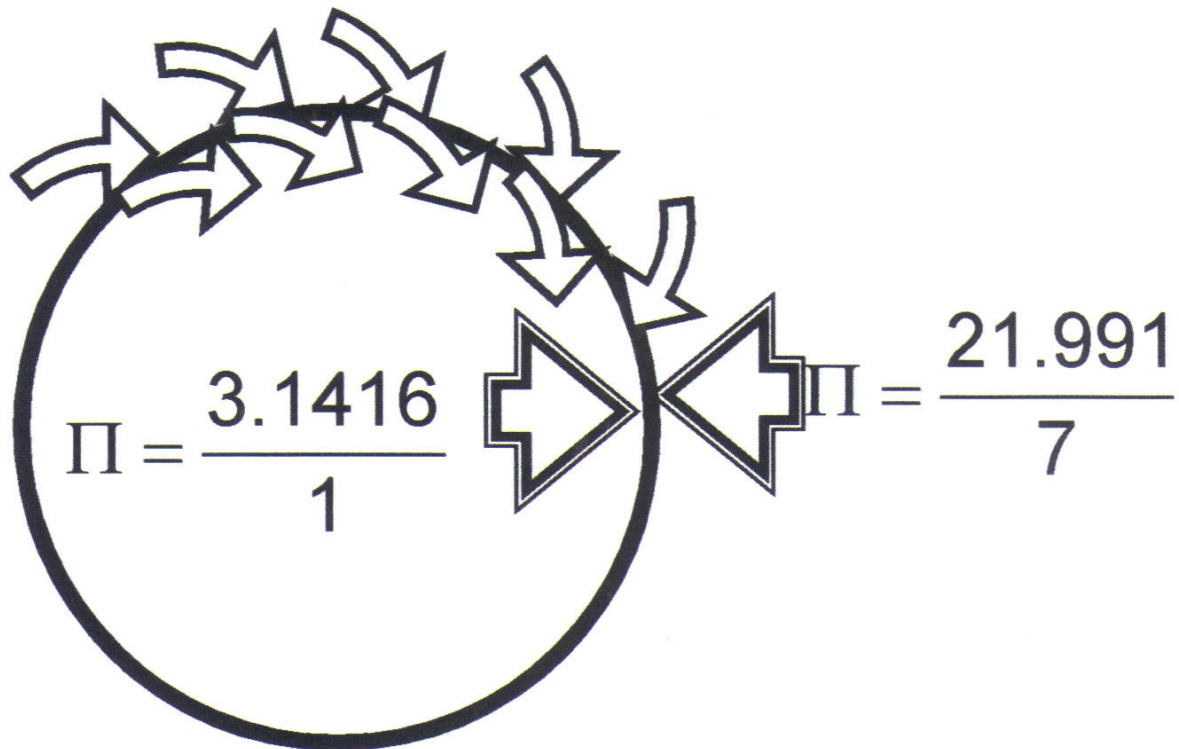

pushed the comet back into the darkness of the beyond. How did he know the mass of Halley's comet? Nobody then asked questions. No one asks uneasy question...except I. I show the fake science we have by just questioning science in search of the truth. Newton and Halley got away with corrupt science. Today Newtonians get away with corrupt science. Then those in science question my integrity because I question the integrity of those in physics and in this book you read how a bag of stinking shit flies into the faces of the most holly, the most intellectual mind the world ever produced. Brainwashed as you might be just please try to understand this if you can't understand anything else; those that are too stupid or too brainwashed to see how and that Halley cheated to make him look good and to falsify the truth so that Newton could falsify physics and to make Newton a genius of all times, which is just what Newton became after this dishonesty, then don't by this book because you are brainwashed beyond recovery. I don't want to steel the money of a capitulated mindless person.

However, If you think I am about to praise the stern abilities that the science known as Physics hold while claiming their honesty and purity then you came to the wrong website. To be further mislead go elsewhere. If you think you are about to read an ode to the honour and the ability of the total genius Newton in what his work represents then you better start to think again. If you think this is an endorsement for the incorruptibility of science and the absolute correctness science portrays throughout, then you are in for a shock. I am not going to bullshit you about the sincerity of science or the honour that scientists hold above all else because the public is disillusioned enough with all the sanctimonious garbage science claims. They've been leading the public down the garden path for far too long and it is time to come clean. If you believe in the unwavering honesty of scientists then either brave yourself or page on because if you carry on reading you are going to be very disillusioned about what you are about to learn.

We see their achievements and we gasp breath in admiration. With all the amazing achievements accounted for and when recognising all the things with which that science changed our way of living on the earth and what was achieved by scientists developing this super mentality and in that also giving science all the admiration dually admitted, notwithstanding I am about to dump on you the biggest conspiracy that has ever been presented and that was ever undertaken by any group of persons in the entire human race. Think of anything you might think is big or outlandish by nature and

that dwarfs in comparison to what I am about to reveal. If you studied science then your surprise will be that harsher.

It is so large that there is nothing in the past history of man with which one could compare this revelation that I reveal. It involves every aspect of all aspects of the life of every human being and this shadow hanging in our midst covers the darkest secret that was ever hidden from intellectual human view. Those we absolutely unconditionally trust in all aspects perpetrate it. It touched on every individual walking the surface of the earth and that excludes no person of any status albeit it an infant or someone in old age.

If you ask me what is the difference between how I see gravity work, which I can prove by going to nature and how Newton's gravity works, which unbelievable as it is but I also prove has never been proved by science it is nature. I do that while I also show that Nature does not use Newton in any way that is what makes the difference. Newton says objects pull by an unexplainable magical force called gravity while I say as round objects rotate it forms Π and by collapsing Π the space around the star / planet that space compresses and thereby collapses from $21.991 / 7$ to $3.1416 / 1$.

As it turns it divides 7 from 21.991 / 7 by 7 to form $7/7 = 1$. As the direction rotate Π changes the travel by 7° and that 7° is $7 / 7 = 1$ or $\Pi = 3.1416 / 1$. Then by getting reduced it compress everything in that space as the entire space the object holds and claims condenses. Space reduces and Newton said objects in space pull each other. While I prove nature, Newtonian science cheats, corrupts and manipulate nature to make science work in ways nature doesn't work.

I am P.S.J Schutte, nicknamed Peet. Being a white South African my mother tongue is **Afrikaans** and my second language is **English**. I have per suiting a new cosmic theory that I partly present in a six part theses, of which the investigating research began in 1977. I do find much pride in my status as being Afrikaner and would like to have my names used by pronouncing it in the manner Afrikaans dictates...therefore I would sincerely appreciate the courtesy when readers will take note that my name and last name are pronounced in **Afrikaans**, which is originally from Dutch and must be pronounced that way. Peet one would pronounce "here" which is the closest English to the pronouncing of the "ee". The "Sch" in **Schutte** is pronounced exactly as **school** is where both actually are pronounced **Skutte** or "skool". By pronouncing my name in **Afrikaans** you do me the utmost courtesy any one can. Being an Afrikaner is what I am most proud of. I submit article to well known physics magazines but my articles are rejected on the most unappeasable grounds and for the most outrageously ridiculous reasons the Newtonians can think of. I compiled a new cosmic theory by which I eliminated all the incorrectness that Newton has burdened science with but with this being my opinion I did not find a garage full of academics supporters waiting to applaud me and to uphold my views on the matter. Yet I was not going to be ambushed by their relentless stonewalling and blocking my efforts in introducing both their incorrectness versus the new cosmic theorem I concluded. Their blocking convinced me about **a Conspiracy in Science in Progress** and this

To whom it may concern:

I am P.S.J Schutte, nicknamed Peet. Being a white South African my mother tongue is **Afrikaans** and my second language is **English**. My language standard used might not quite meet your Shakespearian expectations and some spelling errors might have slipped through cracks but it is not the art of language I try to promote but it is the art that science hides the truth in perfection by never disclosing information they prefer not to reveal and never to divulging the entire overall picture about what it is

that science know and don't know. Science forever hide the truth of any subject behind this veneer that the public is too stupid to understand and therefore they disclose their opinions about whatever field they wish to promote and not telling is because they know all. It is the information about the unbelievable oversight of Newtonian mistakes I disclose that proves how they keep the oversight of Newtonian mistakes silent and why they don't divulge that which they keep silent about. It is about them never committing to the entire story by giving an all-round presentation of everything anyone would require to know to be in a position to evaluate.

I have done a study that took me since 1977 and in 2000 I had enough information to present a complete theory on explaining the cosmos in a much more sensible manner. With all the facts I concluded in my decades long study I started to look for a publisher. To my shock I realised that to find a publisher willing to take on mainstream physics is not that easy and to get published on information that presents everyone in physics as the fools that know nothing about everything they say they know is an uphill battle.

I am turning to your agency in the hope that you have the guts to read my arguments (books). I come to you in search of being published by a publisher by finding an investor that will put up invest money to promote the planned electronic published book. I do realise that there are many authors in search of publishing opportunities and therefore I have to explain what makes my book so overshadowing important when compared to any other books on offer.

My books are special because I show information about science what no one even ever suspected let alone are able to prove. I show that modern science is a hoax and a folly and I dare any person layman or academic master to prove otherwise or to prove me wrong in even the slightest detail that I present. I am turning to you because I need one or more investor to help me publish my book since you will see that I am the only person that has the guts to confront those filling very important places and those covering their fraud with very important offices that protect their positions that give them undeserved dignity. If you think this mud slinging is big words and much boasting then I inform you that compared to the truth I uncover it spells out controversy as never before. Think how big will any controversy be when someone proves Newton's idea about mass pulling

mass is one big hoax that was and can never be proved and the entirety resting on such a claim is bogus science.

Controversy and scandal makes things sell but in my case those in charge of astrophysics smother me and I am silenced because they are so powerful they could silence me up to now. To be published they must underwrite my work and that they are not prepared to do because I bring information that puts everything they say in dispute as much as disrepute. I am surprised about what flurry the moon landing controversy holds because what I have to show overshadows the moon landing controversy by light years. Considering what hoax I present makes the fact that the moon-landing event ever took place or did not take place much insignificant and quite pale in comparison. Should the moon landing be a hoax, then one department in the U.S.A will be damned by the public for one presentation but the hoax I uncover puts the entirety of physics concerning astrophysics in the open as the biggest hoax invented by man in the history of mankind. The fraud (and I call it fraud for there is no better description) that science hides from the public overshadows the controversy about the moon landing by many miles. I have worked on this subject that I present ever since 1977 and I also bring the solution to remedy the matter. Yet no one in science wants the public at large to read my work and be informed about the many details that I uncover and what I bring to the table to solve the unproven dogmas they present as fact because then they have to admit there is a problem with their science and that it is based on fiction and not on facts.

I compiled **a new cosmic theory** by which I eliminated all the incorrectness that Newton has burdened science with but with this being my opinion I did not find a garage full of academics supporters waiting to applaud me and to uphold my views on the matter. Yet still I was not going to be ambushed by their relentless stonewalling my efforts and blocking my efforts in introducing both the incorrectness and the new cosmic theorem I concluded. Their mannerism in blocking and frustrating my opinion when showing the mistakes in science convinced me about **a Conspiracy in Science in Progress** and this spurred me on to tell the entire world about their brainwashing students minds. By the manner they selectively withhold information when teaching science, amounts to deliberate brainwashing of students in physics by “normal” education practises.

Trying to convey my message kept me busy for the past going on to twelve years on full time basis whereby I was trying to introduce my findings to many academics without finding much joy from my efforts. This past eleven years plus saw me go without any income as I tried to get my theorem recognised as well as get my warning noted.

Going without a steady income left me almost destitute and in order to find a manner to get my theory across to the attention of influential readers, I decided to publish a theses of six books electronically as to try and get around the stranglehold of Newtonian bias controlling science at present worldwide. I decided to publish electronically which those in power do not control. However to get people to believe me is to change science that everyone believes as culture.

With my first language not English and the books not linguistically checked by an expert there are bound to be language errors that readers will notice. In the past I tried to check my work myself but after checking say one hundred and fifty pages for language corrections, then after days of toiling instead of having corrected work I ended having four hundred pages of newly written information which is still not linguistically corrected but holds a lot more information. The language and spelling errors compiled instead of reduced. This is because my priorities lie elsewhere. I aim to spend money on correcting the work as far as language goes, as I receive money in the selling of my theses and in the hope that I will receive money. I will have all my work including the one you are reading edited professionally and corrected as I find money to do so...But first I have to get the public aware of the problem to get the academics to appreciate the problem. In everyone's mind science is more perfect than religion is.

This book started off as a website to inform about a science conspiracy but although reduced still it grew into a book that serves much more information than what I first intended to supply. You will see many new aspects about gravity please make sure you understand what you read. It grew into a comprehensive study on cosmology. At times you may observe while reading this book that it seems as if my frustration will ring through like the chiming of the Big Ben Bell. For that there is a reason. At times my frustration and anger will boil over drowning my politeness and that is true, which I admit. For twelve years I have had the answer that would correct the philosophy that has a stranglehold on cosmological science.

I discovered the building blocks of nature where my discovery puts all other cosmic aspects of science into science fiction. Those who force-feed non-existing dogma do so to brainwash students to hide the incompetence of “modern science” so they can rule supreme while ignoring the truth that they deliberately hide by concocting a conspiracy. To keep everyone unguarded they practise a conspiracy by which they perform an accepted practise of thought control on students to further the false dogma presently in place. I try to blow the whistle on such a practise but accepting my resolution makes every thesis ever written science fiction. Therefore no one in science dare to read my work leave alone appreciates the revolutionary nature thereof. Whatever now is deemed to be accepted science would then become what is the past tense in science because the flaws that those in power of science principles kept coated for centuries on end as untouchable truth will then be rust that breaks the surface to show the holes!

They try to silence me but surely somehow somewhere I have to break through with my message! I bring you a true form of science as never seen before in all of history and I do that when I dispose of the conspiracy that hides all the incorrectness and the failures that haunts science today. Science is accepted as the most righteous information available to man and that is a scam. It is not what science declares that is important but it is always what scientists don't declare that holds prominence and more so the reason why science keeps a silence about the information they do not disclose. It is never about what they say but it is why they don't say other things they keep quiet about. You will read how they never disclose the entire truth because science is about promoting one-sided and selectively opinionated information forming fraud no less. I have been per suiting a new cosmic theory that I partly present in a six part theses, of which the investigating research began in 1977.

In 1999 I compiled my theory and searched for a publisher. First I located what was wrong in physics then formed a correct approach. I compiled my presentation of it in a theses that I call [The Absolute Relevancy of Singularity](#) and then six separate thesis parts forming the theses published through [LULU.com](#) which I saw as the only manner whereby I could generate funding by which I would be able to have the twenty seven books I already wrote linguistically edited and then to have the books published on a Print-On-Demand basis. There will be those that accuse me of trying to make money from uncovering the conspiracy and all that goes with it but to them this is the truth..

The following books on offer I wrote with every person in mind that holds any interest in nature, in the cosmos and in how God's creation formed.

I tried to keep the price as low as possible because my share is small.

My part of the profits or my royalty in a printed book selling for £72.00 is £1.19.

The other book selling for £62.00 I receive £1.16.

Everybody in the line-up is making a profit of significance except me that worked.

I did the research of almost forty years and applied the brainpower. Therefore do not even entertain a thought that this is about money going my way there is none. After the promotions and publishing is paid for I hope I will sell enough to keep me alive in the old age of my wife and I. This is the result of a lifetimes work.

I came to the mathematical conclusions as I did and formulate the conclusions.

I gathered the material over many decades of assembling and storing. I assembled the information into comprehensive units.

I wrote the book and that is in total material of tens of thousands of pages.

I paid for the publishing, money I never had and this put me in dyer straights.

I wrote the promotion of the book that you are reading which this is a small part.

I pay for all the promotion out of my pocket also with money I don't have.

Everything you read or going to read is from my brain and came about through many days and months and years of studies working day-and-night many times.

I make less than a dollar a book in e-book format because my percentage is small and I am at the very end of the line that profits. I am the last that gets paid.

I have to sell about 18 000 books just to break even on what I pay for all the various promotional work and I am one of 65 million books on the market.

I do all this for 1.5% of the total overall income. I do not do this for the money but I do this to get the message across and I try to keep the

profit as low as I can to sell as many books as I can. The books will make money but long after my death.

The first four books are written so that everyone will understand the new science I introduce for the first time in human history.

There are four books on offer and each book targets intellectually a different person forming part of the entire intellectual basis in society.

The following four are written to inform the general population without much emphasis on proof and more on informing how science works by implementing nature and moving away from fictitious science. The books are listed running from most informing to the fourth being most revealing.
