## Nigeria Dialysis Market Analysis

# 1. Nigeria Dialysis Market Overview

# 1.1 Nigeria Overview

**213.4 Mn**

Is the total population of Nigeria (2021)

**\$504 Bn**

Is the total Gross domestic product (GDP) of Nigeria (2022)

**18.1 years**

Is the median age in Nigeria (2021)

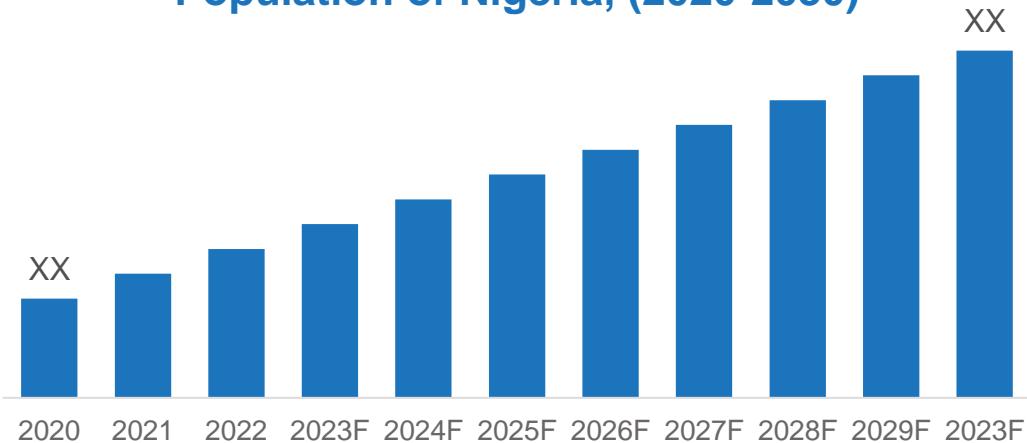

**\$2,326**

GDP per capita of Nigeria (2022)

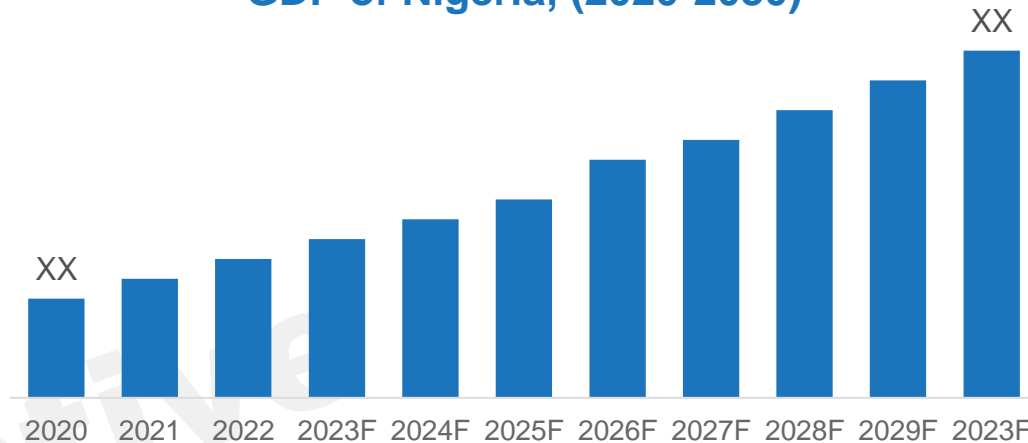

- Please be aware that this sample report is intended to provide you with a brief overview of the kind of information and analysis that will be presented in the final report
- In this section you will get an understanding of the demographics of the country/region, which includes the population, GDP, healthcare expenditure and other details related to the topic
- In order to obtain access to all of the information that you are seeking, you will need to purchase the final report
- Final report will be comprehensive and detailed, and it will include data, analysis, trends, and other relevant information related to the topic or subject matter of interest

# 1.2 Economic Overview: Nigeria

Population of Nigeria, (2020-2030)

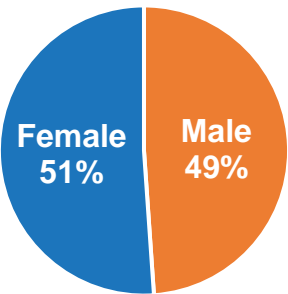

GDP of Nigeria, (2020-2030)

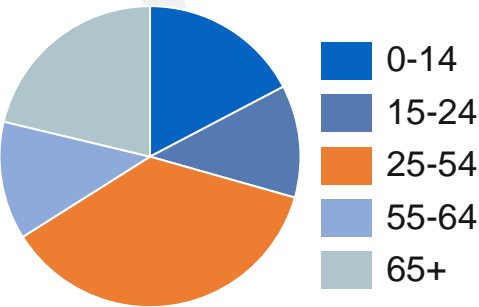

Population Split (2023)

By Gender

By Age Group

- In this section you will get an understanding of the demographics of the country/region, which includes the population, GDP, healthcare expenditure and other details related to the topic
- In order to obtain access to all of the information that you are seeking, you will need to purchase the final report
- Final report will be comprehensive and detailed, and it will include data, analysis, trends, and other relevant information related to the topic or subject matter of interest

# 1.3 Statistics at a Glance: The Chronic Kidney Diseases (CKD) in Nigeria

## CKD Epidemiology in Nigeria

12%

Is the overall prevalence of CKD in Nigeria

18%

Is the prevalence of CKD of in a rural community in South-Western Nigeria

11.4%

Is the prevalence of CKD in rural area of South-East Nigeria

14.1% and 9.5%

Is the prevalence of CKD in women and men respectively in Nigeria

11.7%

Is the prevalence of CKD in semi-urban dwellers of South-East Nigeria

26%

Is the prevalence of CKD in North-West Nigeria

- Please be aware that this sample report is intended to provide you with a brief overview of the kind of information and analysis that will be presented in the final report
- In this section you will get an understanding of the topic, which includes the prevalence of the disease, the application of medical devices, new technology, and other details related to the topic in Nigeria
- In order to obtain access to all of the information that you are seeking, you will need to purchase the final report
- Final report will be comprehensive and detailed, and it will include data, analysis, trends, and other relevant information related to the topic or subject matter of interest

## 1.3 Statistics at a Glance: The Chronic Kidney Diseases (CKD) in Nigeria (continued)

### Current status of CKD and its service in Nigeria

- **20 Mn** Nigerians are living with CKD
  - **1% (200,000)** of people living with CKD population are likely to progress to ESKD
  - **2% (3000)** of Nigerian ESKD patients were receiving hemodialysis in 2018; this situation has not changed much in 2022
- 
- There are only **240 nephrologists**, **697 registered dialysis nurses** (145 of these migrated to Western countries), and **120 dialysis technologists/technicians** delivering care to the large population of CKD patients in Nigeria
- 
- #### Cost of Dialysis in Nigeria:
- The financial cost of hemodialysis is still prohibitive for most Nigerians, considering the minimum wage of **\$72**
  - average cost of a session of hemodialysis is **\$96** compared with US\$150 about 10 years ago; and the cost is usually higher in private facilities
  - A tunnel catheter costs **\$192**, temporary central catheter **\$60**, and a femoral catheter **\$24**, and AVF surgery costs **\$316–\$722**

- Please be aware that this sample report is intended to provide you with a brief overview of the kind of information and analysis that will be presented in the final report
- In this section you will get an understanding of the topic, which includes the prevalence of the disease, the application of medical devices, new technology, and other details related to the topic in Nigeria
- In order to obtain access to all of the information that you are seeking, you will need to purchase the final report
- Final report will be comprehensive and detailed, and it will include data, analysis, trends, and other relevant information related to the topic or subject matter of interest
