*Mind-blowing! This is the best word I can use to describe this book. Anything else is beside the point.*

**Ben Ford**, Survivalist, Author of [homemadeenergy.club](http://homemadeenergy.club)

*"This is THE best survival book I have ever read. Very enlightening! It opened my eyes, cleared my judgement and made me take action. I, for one, have started following every piece of advice listed in the book and every day I thank the Lord for bringing it my way and allowing me to protect my children."*

**Martin Rogerson**, proud father and Christian

*I am not much of a tech guy but I have never realized that technology will be the end of us! I really do want to live as much as I can and avoid being trapped in the middle of a future civil war caused by hunger. If you have faith in our Lord, then you will succeed. Thank you, Nathan, for revealing this to us."*

**Anthony Simmons**, Reverend

*We really have to set things in motion and start learning more about the old ways, so that we'll be able to help us, but also those around us. Thank you kindly for sharing this and I will be expecting your future books, Nathan.*

**Emma Richards**, Evangelist and Author

# Foreword

15<sup>th</sup> September 1982. That was the first time when I rejoiced in the wonders of the Bible. I remember it vividly. I browsed through it like it was a story. I must have read it at least a dozen times from cover to cover ever since... And each time I found it even more appealing than the time before.

However, a few years ago, as I was reading the last few chapters of the Scripture, I had a breakthrough. At first, certain biblical passages of the end chapters have caught my eye. I started noticing that the prophets do not refer only to ancient events, but also to more recent ones that have occurred long after their time, such as pollution, famine and wars. It absolutely blew my mind, to say the least!

Step by step, I cracked the code hidden in the Bible, which foretells the end of the world, as you know it. But do you know *how* exactly will the end of the world come upon us? By reading this book from cover to cover, you will find out the answer to this question and much more. If you had the chance to read the Bible, then you are aware that Jeremiah, Matthew, Isaiah talk about the Apocalypse and warn us about the Great Tribulation age, one that will test our faith in God. I, for one, will do everything in my power to pass that test, What about you?

*The one who endures to the end will be saved*(Matthew 24:13)

You have to decide which side to be on: do you want to perish with all the sinners or do you want to live the life of the righteous? Since you are already reading this book, it means

that you are aware of the dangers we will all be facing: famine, civil unrest and global war...dreadful, terrible unholy acts, which are bound to happen sooner or later. Except... they will happen *sooner* than anyone could have predicted. We have less than 24 months until the beginning of the end - the day the battle of Armageddon commences!

And mark my words: those who underestimate the irrefutable evidence encoded in the Bible will face utter destruction and oblivion following the tribulations. However, since **you** are in possession of this book, it means that you do not want to find yourself trapped in the middle of a blood bath caused by food and water shortages.

"In peace you may lie down and sleep" (Psalm 4:8) and rest assured that you have already made the first step towards achieving the necessary knowledge on being a master survivalist, like I am. And trust me: during various archaeological expeditions, I have picked up many vital survival skills. I will share you with my knowledge on how to get back to a time in which people could not rely on electricity that much. In other words, you will learn to live off the grid.

By learning survival skills, you will become self-reliant, no matter what will happen next. So, if you despise the idea of becoming a sitting duck, a lamb in the world of the wolves, then you are doing well in reading this book. But before going any further, let me ask you something: **are you honestly prepared to face the challenges that are bestowed upon us or do you believe Uncle Sam will provide you with some sort of comfort in the aftermath of the apocalypse?**

If you think that the government will do anything to help you, you are making a horrible mistake! What have they done to help us, anyway? A few years back, a secret report issued by the Cryptology Department of the US Navy was leaked. It stated everything I have told you so far about the end of the world and it was classified as "Top Secret". It makes me so angry only thinking that in times of need, all those bureaucrats will retreat to their secret governmental bunkers in Virginia and allow for millions of innocent civilians, like you and I, to rot to death. The mere fact that those blithering idiots running our nation have withheld crucial information from you and I makes my blood boil. You deserve to know what will happen in the next months so you can best protect yourself and your family when hell unleashes.

That's why, in the upcoming chapters I will lay out all the necessary information for you, so you can jump start your path to preparedness and face the Armageddon with confidence. Time is of the essence! And together, we will be able to pass the ultimate test and live to witness our Lord's second arrival.

In the following chapters, I will reveal how to:

- recognize a national attack that will leave our government completely paralyzed,
- avoid starvation & dehydration,
- communicate in the aftermath of the disaster with your loved ones,
- protect yourself against intruders,
- identify dangers in the wilderness,

- & team up with other survivalists.

I have just one more thing to tell you: I have made it my life's mission to prevent those politicians from further keeping the truth away from you, especially given the fact that we only have less than 24 months until the end of the world comes upon us! Together, we will form a strong community and successfully create a bridge of survival that will help us through the harshest of times.

No worries, though. As I've said, in recent years, I've dedicated my life to studying the Bible and if anything, God will always be by the side of the Christians, who follow His word to the letter. Be prepared and never lose your faith! God will protect its own.

# I. Revelations on the end of times

*For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be.*  
(Matthew 24:21-22)

Although I have constantly studied the Bible, it wasn't until a few years back that my research unveiled what will be causing the end of the world, before 1<sup>st</sup> January 2017.

Let me start from scratch: at first, I decoded a few Biblical passages written by the prophets describing events that took place thousands of years later. Did you know that they predicted the two world wars or the planes being invented? But wait, as there's more to find out as this chapter unravels. Discovering this important piece of information sent shivers down my spine, but I never thought about aborting my research, not even for one second. It was in that precise moment that I realized how infinite God's power is. In His kindness, he allowed for people just like you, to be instilled by the Holy Spirit with the ability to write about upcoming events, such as:

- **The two world wars:**

*Take peace away from the earth so that they should slaughter one another (Revelation 6:4);*

*There is...a time to love and a time to hate, a time for war and a time for peace (Ecclesiastes 3:8)*

- **Worldwide famine:**

*There will be food shortages (Matthew 27:7)*

- **The aircrafts:**

*Who are these who fly like a cloud / And like the doves to their lattices? (Isaiah, 60:8)*

- **The return of the Jews to Israel:**

*Lift up your eyes round about and see / They all gather together, they come to you / Your sons will come from afar (Isaiah, 60:4)*

- **The unchurched mankind becoming too selfish and caring only about material things:**

*Men will be lovers of themselves, lovers of money [...] having no natural affection (Timothy 3:2)*

The two world wars, the aircrafts, the return of the Jews to their country - these are all things that happened in the past, whereas the worldwide famine is still an important problem that people in Africa have been battling against for many years now.

There is also the matter of people loving the "bling", more than they "love thy neighbor". In fact, this has become the hallmark of today's present society. Don't you agree? How many times have you seen children, no older than 17-18 years paying attention to nothing else besides their phones? I bet more than you can count. Or women in their early or mid-20s who only care about looking good and attracting attention upon themselves? These are isolated examples, but they might as well apply to much older, equally narcissistic people.

However, biblical quotes in the last few chapters suggest that some prophecies are *yet* to occur. For instance, the return of God in the aftermath of World War III, on which Matthew the prophet wrote the following:

*See that no one leads you astray / For many will come in my name, saying, 'I am the Christ,' and they will lead many astray / And you will hear of wars and rumors of wars / See that you dare not get alarmed, for this must take place, but the end is not yet / For nation will rise against nation, and kingdom against kingdom, and there will be famines [...]*

*And many false prophets will arise and lead many astray / And because lawlessness will be increased, the love of many will grow cold / But the one who endures to the end will be saved*

*Immediately after the tribulation of those days the sun will be darkened, and the moon will not give its light, and the stars will fall from heaven, and the powers of the heavens will be shaken / Then will appear in heaven the sign of the Son of Man, and then all the tribes of the earth will mourn, and they will see the Son of Man coming on the clouds of heaven with power and great glory / And he will send out his angels with a loud trumpet call, and they will gather his elect from the four winds, from one end of heaven to the other.*  
(Matthew 24:4–31)

According to the Bible, the return of God will be accompanied by bloody man-made disasters, as well as natural calamities. The earth will be shaken from its core and fires will spread like the plague. People will begin panicking and do all sort of rash and hasty things. The number of fatalities will increase and turmoil will, thus, rule.

Shockwaves will be sent through the world. Everyone will witness these harsh times, but only a handful of believers will make it till the very end. But there's one important question that still requires an answer - one that is on everyone's lips: what will happen to America, the greatest and most powerful nation in the world?

## 1. Babylon America

The Bible, the keystone book of the Western civilization, contains passages that describe Babylon / America in the following words:

*a superpower* (Jeremiah 47, Rev 18)

*queen among nations* (Isaiah 47:5)

*wearied in the multitude of thy counsels* (Isaiah 47:13)

*Because thou hast destroyed thy land (Isaiah 14:20), I have polluted mine inheritance and given them into thine hands (Isaiah 47:6)*

*How is the praise of the whole earth surprised! How is Babylon become an astonishment among the nations (Jeremiah, 51:47)*

*The hammer of the whole world (Jeremiah 50:23)*

*And the merchants of the earth are waxed rich through the abundance of her delicacies (Book of Revelation 18:3)*

All these writings show, in fact, that the prophets are talking about *America*! Do you still need another proof that God actually exists? Then, tell me this: how can you explain the fact that the authors of the latest biblical books (8<sup>th</sup> century) wrote fulfilling prophecies about America, when our nation was barely discovered in the 15<sup>th</sup> century? More precisely, it was 1492 when the Italian explorer, Christopher Columbus set foot on American soil.

As you can see, the biblical authors also mention Babylon being polluted, but this is stupefying, as thousands of years ago pollution was *not even a concept* Christians were familiar with. In that day and age, there were no cars, no factories, no oil spills, and no fracking systems polluting the environment. Prophets wrote about pollution even though they had never heard about or seen the harming grey smoke.

They also wrote about the Pentagon, the trading system (Wall Street Stock Exchange) and the fact that everyone considers our nation to be the greatest in the entire world. They even mention the American exceptionalism and just how proud **you** are of your country:

*Though that art given to pleasures, that dwellest carelessly, that sayest in thine heart, I am, and none else beside me (Isaiah 17:7-8)*

*I sit a queen and am no widow, and shall see no sorrow (Book of Revelation 18:7).*

Frankly, as I kept reading through these lines and discovering these secret messages, I became paralyzed with fear. But soon afterwards, I realized that all this is God's way of saving us. You should be filled with hope, as I am. And rest assured: if you do everything in **your** power to survive, then the Lord will be on **your** side. Knowing that someone has your back helps you experience the true meaning of life.

*May the God of hope fill you with all joy and peace as you trust in him, so that you may overflow with hope by the power of the Holy Spirit (Romans, 15:13)*

Protecting not only yourself, but also others, proves that you indeed *love thy neighbor*, as God intended. Furthermore, learning *how* to put your family out of harm's way is in fact living proof that you believe in God. And only the true believers will get to live happily ever after in His Millennial Kingdom.

*Blessed and holy is he who has part in the first resurrection. Over such the second death has no power, but they shall be priests of God and of Christ, and shall reign with Him a thousand years. (Revelation 20:5-6)*

Moreover, the most obvious clue that the biblical Babylon is, in fact, America can be found in the book of Genesis, chapter 11, to be more precise, which tells the story of how people began speaking different languages.

Having built the Tower of Babel, the Babylonians wanted to reach God up in the heavenly skies. But the Lord scattered people away, by casting them to speak different languages and follow his initial command: that of inhabiting the entire globe, as opposed to settling in just one place: the city of Babylon.

A parallel is, thus, drawn between the biblical and the actual Babylon of today. If, in the story related in the Bible, people were impelled to travel the Earth and inhabit secluded places, in reality, you can clearly realize that, nowadays, people in all four corners of the world are drawn back to "Babylon" and choose to come live in America. Eye-opening, right?

No matter how scared you get, don't be taken aback by the multitude of information. Heck, I was in your shoes. I was scared to death, at first, but soon I realized that fear is necessary. This emotion is a powerful catalyst that will fuel your desire to live and protect your family. Aren't you and your family worth saving? You will begin to understand much more as I continue unfolding important secrets before you.

Therefore, as you can see, many clues in the Bible emphasize that the United States of America is the most powerful country in the whole wide world, relying on a powerful army and economic system, whilst its citizens take great pride in it.

However, the Bible has also predicted the ***fall of America***:

- *Babylon is suddenly fallen and destroyed (Jeremiah 51:54)*
- *Therefore shall her plague come in one day, death and mourning, and famine, and she shall be burned with fire (Rev 18:8)*
- *Sit thou silent and get thee into darkness [...] for though shalt no more be called the lady of kingdoms (Isaiah 47:5)*
- *They come from a far country, from the end of heaven, even the LORD, and the weapons of his indignation, to destroy the whole land (Isaiah 13:5)*
- *Babylon is taken, all ye that bend the bow, shoot at her, spare no arrows [...] she hath given her hand: her foundations are fallen, her walls are thrown down (Jeremiah 50:2,14,15)*

The second coming of God will mark the end of this present age. But never surrender to the darkness, civil war, famine, or enemies invading our land. The only thing you should do is pledge total submission to God, by doing the right things and trusting him unconditionally. Never forget that God is almighty. If you are reading this book, it means you were instilled by the Holy Spirit to do so. He provided you with a multitude of clues, precisely so YOU could better protect yourself during and in the aftermath of the apocalypse.

## 2. Who, what, why?

But still, you might be asking yourself this: what sort of event could obliterate America and cause unexpected darkness? The most important clue that helped me figure out what exactly will cripple our entire nation was this particular one: *Babylon is suddenly fallen and destroyed* (Jeremiah 58:1).

For our whole nation to be destroyed in milliseconds, our enemies would need to use a weapon of mass destruction. Nerve-shattering, isn't it?

There are three types of such weapons:

- **Biological**
- **Chemical**
- **Nuclear**

So that begs the question: which one of these mass weapons of mass destruction could leave us completely defenseless and unleash hell on earth? While the biological and chemical weapons can lead to widespread devastation and loss of life, it would not affect the electric circuits and electronic devices, without which our world would truly fall apart.

The government officials would still be able to hide in highly secured bunkers, with decontamination chambers. Pentagon would still be able to fight back and employ the use of the latest technologies, such as submarines, supersonic planes, or guided missiles, to protect our nation.

However, we cannot say the same about the atomic bombs, as these pose the greatest threats to mankind. Why? Once detonated high above the atmosphere, the nuclear warheads release dangerous chemicals into the air. These have hazardous consequences to our health, and can quickly induce death, in just a few hours from the time of the exposure.

In addition, the radioactive particles also known as nuclear fallout finally settling onto the ground would also affect the flora.

What's more, all plants, fruits and vegetables will become inedible. Animals will die regardless of whether they breathe contaminated air or eat the contaminated plants. Nothing will be good enough to eat, therefore, a potential nuclear war will cause famine all around the world. Desperate people might go as far as to consume human flesh. Terrifying, isn't it? But there's much more coming your way: the nuclear detonations will also trigger an EMP attack (electromagnetic pulse) that will affect the national power grid. That includes all of the Navy's advanced defense systems, radars detecting enemies and so on.

However, there is still the matter of the invasion. Why would our enemies initiate a vicious attack of this caliber and risk contaminating America's land, when America is the country all people want to live in? They would only want to invade it, not make it completely uninhabitable.

The Bible clearly states that upon using *the weapon of indignation*, Babylon's *foundations will be fallen*. The foundations of America are the technological borders, right? Anyone can attest that millions have benefitted from technology growing by leaps and bounds. Nowadays, the most feared weapon of mass destruction, thus, became the **EMP attack**, which can be triggered even by a relatively small and portable device, encompassing the power of even the most powerful atomic bomb. This weapon won't actually destroy our land, but it will reduce our nation to **nothing**. Millions of innocent people will die.

In an instant, an EMP attack can fry all the electronics in a certain radius. Not being able to rely on electricity, you will be left loitering in the dark; food and water supplies will become largely unavailable due to impaired transportation systems. Through no means possible will our nation prove able to foretell an enemy invasion or have the means to stop it. The available firepower will prove insufficient shortly after. With no food or means to maintain our health, and no hospitals we could go to, death will soon follow. Gruesome as it may sound, what our enemies want is for America to simply lose its status as a superpower and not care about the fact that thousands of innocent people will die in vain.

The Threat to Melt the Electric Grid

An electromagnetic-pulse attack from North Korea or another U.S. enemy would cause staggering devastation.

The EMP, this weapon of indignation, is what will cause the demise of many. Never before in the history of the world has a powerful country found its end in the same way as foretold in the Bible.

The EMP will lead to the collapse of the national power grid. It will destroy all electronic devices and electric circuits:

- The newest computers and latest car models will fail,
- The water supply network will stop working,
- You will helplessly watch everything in sight burn, as firemen will no longer have the means to put out fires,
- People will empty the supermarket shelves within 48 hours
- Food will run out and people will start fighting one another for survival,
- Robberies, assaults, heists and murders will increase in frequency,
- Civil wars will unleash.

In a nutshell, everything mechanized will stop working. The lack of electricity, the greatest invention that has propelled us into the 21<sup>st</sup> century, will throw us into a dark age. But who can trigger such a horrendous, apocalyptic event?

The book of Daniel (11:40) reveals that a new world war that is yet to happen will be fought by two kings - one from the South and the other one from the North - at the end of times.

Daniel had his revelations in Jerusalem, and this is a great piece of inside information. Located North from Jerusalem is Russia, ruled with an iron fist by Vladimir Putin. Undoubtedly, he has access to the EMP technology and thus, the power to trigger a potential global war. South of Jerusalem is Hawaii (or Kenya), the birthplace of Barack Obama, whom Daniel writes about the following:

*And in those times there shall many stand up against the king of the South  
(Daniel 11:40)*

Just like the Scriptures foretold, our country meddled in one too many problems that were not ours to solve. In effect, many powerful countries, such as Russia, North Korea, Iran, etc., turned against us. There is a strong possibility that if Russia wages war to the US, then it might draw in the rest of the US' enemies, thus making the chilling biblical prophecies come true.

If you are aware of what is currently happening worldwide, then you will not at all be taken aback by the title of this book. Considering the recent events in Ukraine, Russia didn't linger in seizing the right opportunity to impose its will and illegally taking occupying another
