

## **The Devil Chapter One**

### **The Weston Sisters**

"Cassie get the last box from the kitchen" Kelsey said trying to put another box in the trunk of the car. Cassandra walked into the empty house and pick up the last box before she took a look around. Goodbye West Virginia and hello Brookfield, Connecticut she thoughts as she began walking out the now empty house. She put the box on the floor of the car and sadly smiled at her younger sister Rebecca. Cassandra felt bad that the three had to leave another home because Kelsey's job makes them move around more than other families. According to Kelsey who is the eldest sister this is the last time they would have to leave considering Cassie was senior in high school and Rebecca was now a freshman. They got in the car and Kelsey started to drive towards the high way. "How far is it?" Asked Rebecca who was resting her head against the window in the back seat.

"It's about 11 hours away" Kelsey answered as she turned on the A.C in the car

"Can I sleep?" She asked making the sister's nod. You can feel the awkward tension in the air of the car with each word that was spoken.

"Sure Becky" She nodded and rested her head against the pillow she had brought with her in the back and covered herself with her blanket. Cassandra turned on the IPod she always kept in her pocket and started to listen to Through the dark by One Direction. She don't usually listen to this song but it's on a playlist that Rebecca and her made for the trip so she don't really want to skip it because the list was limited. Her eyes started to slowly close and she rested her head against the car window putting her legs on the seat in a tucked position. Soon she'll be at the new home even if it was against her will. She wondered if it's any different than the last place they were at. Cassie didn't really talk to anyone in the town back in West Virginia were they had lived because she knew it was only a matter of time before they were going to move again but Kelsey promised the two girls that this time they were going to stay which means this can probably be a good start to make some friends for Cassie.

"Cass wake up, were here" She tried pushing away her sister only to have the car door open. Almost falling out the car considering the fact that Kelsey unbuckled her seatbelt when they first got to the house. She huffed before moving in the seat.

"Ugh whatever" She mumbled before opening her eyes. Both her sister's started laughing as she flipped them off, got a box and walked inside the house. Taking a look around she smiled lightly, it was nice she had to admit that. Nothing was a boring brown color. Kelsey wanted everything black and white. The walls had black polka dots and they had one couch white and another black, the kitchen had white cabinets and a black countertop. Everything was amazingly beautiful.

"Stop looking and go get another box. Kelsey wants this done before we go to dinner" Cassandra nodded my head as she walked out to the car. Grabbing another box and bringing it into the house they finally got everything out the car within' the hour.

"Let's shower, change and go get dinner" Kelsey said making the two sister nod and walk into each of the bathrooms to take a quick shower. Cassie got out the shower and got changed into black skinny jeans, a

red top with a black vest over it and black boots. She pinned her hair to one side and put on some strawberry lip gloss. She walked out the room and down the stairs to see her sister's waiting for her.

"Ready?" She nodded and they walked out the house. Kelsey locked the doors and drove to a small diner that was close to the house. They walked inside and saw that hardly anyone was there. But who would come eat at almost 10 o'clock at night? The three sat in a booth and looked at the menus. Hearing the door open you could sense the bad vibe in the air and it didn't help that everything the workers were holding dropped to the floor making the three girls jump in mid-air. A guy with a black hood on pulled a seat at the counter and the waiter handed him a menu without looking into his eyes like a polite person would do. Cassandra put her menu down and got up to go to the bathroom.

"Excuse me?" She said making the workers turn to her

"Yes?"

"Where is the bathroom?"

"Through that door" She said point to the back door. Nodding she walked past the hooded figure sitting with a glass of soda in front of him. She pushed the back door open and went into the girls room. Closing the stall door she went to use the bathroom when the door opened. She looked through the crack of the door but didn't see anyone. As she went to the bathroom she heard the sound of footsteps walking around. Quickly making her choice she walked out the stall and looked around still not seeing anyone. She washed her hands and looked up into the mirror to see brown eyes staring at her from behind. Turning she didn't see anyone behind her.

"Ok Cassie just breath, it's ok" She wiped her hands and walked out the bathroom. Walking back out the door she saw her sister's eating. Once again she walked past the hooded figure that didn't seem to move she sat in her seat.

"Did anyone go into the bathroom while I was in there?" Her sisters shrugged but Kelsey spoke to answer knowing Cassandra hated when she didn't give a verbal answer.

"No why?"

"I just... I thought I saw someone"

"It's was probably nothing, eat before your food gets cold" She nodded and saw the hooded person looking at her when she turned her head taking in the appearance of the diner.

"Is it just me or is that guy staring at me?" Both her sister's looked but laughed as they turned back to her

"He wasn't even turned around. Are you feeling alright?" Rebecca said with a eye roll and a light smirk on her face

"I think I just need sleep" Both agreed after she spoke her last sentence.

"Or a mental pill" Becky mumbled. Cassie kicked her under the table just as they heard the door open again. A guy walked in with a red leather jacket and hood covering his head. He sat next to the one with a black hood and they both nodded to each other. Cassie guessed they were friends and didn't say anything.

“I’m telling you that he was looking at me” She said going back to the previous conversation

“No he wasn’t” Rebecca said for the 10th time getting annoyed with her older sister.

“Yes he was” Cassie said with a huff

“Oh for the love of God” Kelsey got out of her seat and started walking over to them

“Kelsey stop”

“No shut up” She tapped the guys shoulder and he turned his head to her with a cold glare

“What?”

“Were you looking at my sister?”

“And if I was?”

“Look kid, I just want to know if you were looking” There was a bang from the kitchen and he snapped his head to her with anger.

“Listen, you are obviously new in this town so I’ll let that slide. But you come up to me with that attitude again I’ll get the Devil on you” The who? Isn’t the Devil in hell? How can he get someone that isn’t even on earth? All those thoughts rushed through Cassie's head

“Whatever, Fucking prick” She turned around and sat down. The guys looked at each other and walked the diner. Shitheads didn’t even pay for their food.

“Anything else?”

“No thanks” The waiter nodded and Kelsey handed him the money. The three sisters left the diner and got to the car only to find that it was keyed and had red spray paint on it with it saying Warned on it. Kelsey was pissed over the top and all drove home was silent.

“If I see that prick again he is going to get my foot up his ass” Cassie laughed silently as they walked inside the house

“Go to bed you both have school tomorrow” Both younger sister's nodded and went to there rooms. Cassie changed into pajamas and laid on the bed slowly falling asleep.

### **First Day of School**

I got up to Rebecca pounding on my door yelling for me to shower and get ready. I got up from my bed and walked into my bathroom to take a shower and brush my teeth. After I took a quick shower I got out to get dressed. I walked into my closet and grabbed a top, my flats and a pair of shorts before walking out.

Dropping my towel I put on my bra and underwear than pulled on my shorts and top. Walking to the mirror behind my door I did my hair than went to the other mirror by my dresser to put on my makeup. I walked out my room and saw my sister in the hall waiting for me with her arms crossed. "Looking cute sis" I said with a smile. "Thanks, you too" We walked downstairs to the kitchen and saw Kelsey making breakfast.

"Morning" She turned and gave us each a plate with a pancake and bacon. I sat at the table and started eating.

"Now here are the rules" She said making me roll my eyes. Here we go again

"Ugh, Kelsey really? I'm 17 not 2 I think I know the rules by now"

"But you don't follow them. This school already has people that make the worker's job hard don't add to it. Please Cassie"

"Fine, I'll behave"

"Thank you, that's all I ask" I nodded and put my plate in the sink.

"Am I taking the car? Or are you driving us?" I asked Kelsey

"I'll take you today, your car is coming tomorrow night" I nodded and we walked out the house. We got in the car and she pulled out the driveway to take us to school. "Do you have everything?"

"Yep" I said

"What about you Becky?" Did she really have to always baby us? I'm almost an adult for crying out loud

"Yea, thanks for the ride"

"See you guys at home" We got out the car and she drove away leaving us in front of the school building. I looked at her and took her hand for encouragement

"Ready?"

"Ready as I'll ever been" We nodded to each other and walked inside. Once I opened the doors and walked in with Rebecca to see it was like a zoo. Guys were checking out girls, couple probably raping each other on the lockers, cheerleaders laughing in the circle, jocks throwing a football around.

"Let's just find the office" We walked through the hall passing through all the immature idiots and found the office. I opened the door and walked to the front desk.

"Excuse me?" Rebecca said to the woman at the front desk. The old woman didn't look up.

"I said Excuse me" Still nothing, she turned to me and I got annoyed so i shouted to get her attention

"HEY OLD BITCH" She looked up with a mad look on her face

"Can I help you?" She said with a glare

“We want our schedules and stuff” I said looking at her with the same expression

“Names?”

“Cassie Weston and Rebekah Weston” She went looking through the computer and printed out our stuff. She walked to the back and grabbed a few textbooks. She walked back over to us and gave Rebekah her freshman books and gave me my senior books.

“Here are your schedules”

“Later” I walked out after shoving the books in my bag. We walked into the hall way and saw no one was there.

We reached our lockers and I put all the books inside other than my English and Math. I turned to Rebekah after shutting my locker.

“See you in lunch?”

“Yup” I hugged her and walked the opposite way to get to my first class. We turned and smiled at each other before walking again. I walked through the halls and looked around to find the English class when I saw a black hooded figure walking in front of me. I saw he went into room 230 which was the English room. I opened the door and walked inside getting everyone’s attention on me.

“Oh you must be Cassandra Weston”

“Yes, you can just call me Cassie though” She smiled at me with a nod before pointing to the seats in the room.

“Well you can just find a seat anywhere” I looked around and there were only 3 seats available. One by a cheerleader, another by a nerdy looking guy and the last was in the back by a guy with a black jacket. I walked past the other two and went straight to the back. I heard the sound of shuffling of seats and I turned to see everyone looking at me with scared looks on their faces. I shrugged it off and sat in the chair noticing the guy staring at me. Everyone looked at him and he pointed straight.

“If anyone has something to say than speak. If not than look forward” Everyone turned their heads forward and I looked at him.

“Same goes for you” I rolled my eyes and went to turn my head but he grabbed my chin to make me look at him.

“Let go you prick” I said loud enough to get everyone’s attention

“Roll your eyes at me again and next time you won’t have any eyes left” I looked at face and opened my eyes widened and rolled them in front of his face on purpose. Next thing I knew I felt a sting on my right cheek. I held my cheek and he looked at me

“If you want to be a child, you will be treated as one”

“You have anger issues” I felt another sting go across my cheek and felt my eyes water. I turned to the

teacher and she put her head down to avoid my gaze. I looked at everyone else but they all turned away

“Listen to me you little bitch, you do not disobey me. I will get the devil on you. You’re lucky I didn’t smack you that hard” I looked down and felt a tear roll down my cheek

“Cry all you want, no one is going to help you” The bell rang and I ran out of class and into the girls bathroom. I looked at my reflection and saw my cheek was red. I looked down and turned on the sink. I grabbed a paper towel and wet it to put it on my cheek because I didn’t want Becky to say anything. I looked in the mirror again and saw the black hooded figure looking at me again. It was the same one from the diner last night. I turned and didn’t see anyone behind me. I walked out the bathroom and went to Math. I didn’t see my sister in the hall so I guess she was in class. I opened the classroom door and walked inside. I saw a empty seat next to a girl and sat down. She turned to me and smiled.

“Hi I’m Lola, Your Cassie right?”

“Yea, nice to meet you”

“I heard about what happened in English”

“Who is that guy?”

“His name is Travis Dillon, he is friends with the Devil” I looked at her confused and the door opened.

"Who's the devil? I've been hearing a lot of talk about him but isn't he a fictional character?" She shook her head

“That’s the devil” She said pointing to a guy in black jeans, white t-shirt, black leather jacket and red Supra sneakers. He had earrings and his jacket was rolled up showing a sleeve of tattoos coming down his right and left arm

“Why do you call him Devil?” I asked taking his appearance. Holy fuck he was sexy but somehow i got a chill as he walked row by row getting closer to my row.

“He’s the most dangerous and scariest person you will ever see” Lola said with a whisper obviously not wanting attention by him.

“Why?”

“Let’s just say that you are lucky that you only dealt with his friend and not him. He isn’t like his friends, he won’t think twice about cutting your throat out” I nodded shakily and the teacher walked in. I turned my head and saw him staring at me with a straight face. I turned back around wanting for the bell to ring.

Soon enough I saw Becky by my locker.

“Hey”

“How’s your first day so far?”

“It’s alright, I met a few people” I nodded and we walked to the cafeteria.

“How’s yours?”

“This school isn’t what Kelsey thought it would be”

“What do you mean?”

“There are people here that aren’t known for being on honor roll”

“Oh” We got our lunch and I saw Lola with a girl. She waved me over and I took Rebecca with me.

“Lola, this is my little sister Rebecca , Becky this is Lola. I met her in Math”

“Nice to meet you, this is my best friend Yasmine”

“Hey” I smiled and sat down

“You’re that girl that got Travis pissed off. Damn, you’re brave”

“Thank? I think” She laughed and all movement in the café stopped once the two doors opened.

“Uh no”

“What?”

“Devil” I turned and saw him with 4 guys behind him all with the same black leather jacket

“Who’s Devil?”

“Someone that I don’t want you speaking or looking at” I told her and she nodded. She started eating her lunch and I heard footsteps getting closer.

“Don’t move” Yasmine said with a scared tone

“Why?”

“They’re coming to our table” She answered making me gulp as the footsteps stopped in front of the table. The one they call *Devil* leaned over and looked at me with his almost soul-less eyes digging into me

“Are you Cassie?” I looked at the girls and they looked scared

“I ASKED YOU A QUESTION” He shouted making me jump and nod

“Yes, yes I’m Cassie”

“Get up” His eyes were dark and to say I was scared was an understatement. I thought I was going to shit my pants because of how terrifying he was

“Outside the café NOW” I got my bag and walked outside with them.

We walked outside and 2 of the guys stood in front of the doors making sure no one exited

“I heard you mouthed back to one of my guys”

“I-I didn’t mean to, I-I’m new here” He leaned against the locker trapping me as my back hit the cold lock. I felt his breath hit me when he spoke

“I’m letting you off with a warning, but if you ever disrespect one of them again. A slap on the cheek will be a good thing to what I will do to you” I nodded at him and they walked out the building. The doors opened and I fell to the floor breathing heavy

“Cassie are you alright?” I felt a hand touch my shoulder, I looked to see Rebecca and the girls

“I-I’m fine. I just want to go home”

“I’ll call Kelsey” I nodded and she walked to get her phone from her locker.

Soon enough Kelsey arrived and I left with Rebecca and the girls followed in Lola’s car. We got to the house and Kelsey sighed as she looked at me

“Are you sure your ok?”

“I’m fine, just a bit scared”

“What kind of dick puts his hand on a girl?” She was pissed

“It’s ok. I’ll just move passed it”

“No one did anything?” She said with a digusted tone

“What are they supposed to do? Everyone is scared of them”

“Stand up to them” She said in a duh tone making me look down

“And get themselves killed? I don’t think so” she nodded and got up without another word

“I’ll make you guys something to eat”

“Ok” We walked up to my room while Rebecca went to video chat her friend Mandy back home

“What did he say?”

“I have a warning, but he really scared me guys. I thought he was going to kill me”

“Just be careful” I nodded and after a while they left and I showered.

“Time for bed” Kelsey said at my door frame

“Night” She closed the door and I turned off my lamp

I felt a rush of cold air and turned on my light. The window was open and there was a note tapped to it

## The Devil Chapter Three

~Cassie~

### Black Eyes

I got up this morning with a scared look on my face. But wouldn't you be scared if you met "*Devil*" yesterday? I walked into my bathroom and brushed my teeth. Once I got out my room door opened and Rebecca walked in with two tops in her hands. Way to knock little sister, I love the communication in this house. Note My Sarcasm.

"Which one?"

"The Blue one with your blue vans"

"Why aren't you ready? We have to leave soon"

"Becky, if you get out than I will be getting ready"

"Right sorry" She closed the door behind her and I shook my head. But, you gotta love having a sister. I walked into my closet and got a top, shorts and my vans. I walked out and got a bra from my drawer since I don't sleep with one at night. I got dressed and did my hair and makeup. I walked out my room walked downstairs and nodded at Rebekah's outfit. We ate a bowl of cereal and Kelsey gave me my car keys. My car was dropped off last night by my cousin Ronnie.

"You ready to go?" I asked Becky. She nodded and we said bye to Kelsey. We got in my car and I started the car and started driving to school.

"Be careful today Cassie. Please?" I nodded

"I will, besides if I'm lucky they won't be here today"

"That's unlikely but ok" I sighed and parked the car.

"I'll see you later"

"Sure" I hugged her and she walked inside. I saw Yasmine and Lola in the front of the school and I smiled at them

"Hey, I'm surprised you're here"

"Why wouldn't I be?" I asked confused

"You know, being confronted my Devil yesterday. Everyone thought you were going to run away"

"If there is one thing I don't do it's run away from something or someone"

"Alright, see you in Math" Lola said

"Yea, bye" I walked into English and everyone stared at me

“What?”

“Your alive” I looked at the nerdy guy from yesterday push his glasses up more and nodded

“Am I supposed to be dead?”

“We just thought with the whole Devil thing at lunch”

“Whatever, I don’t care what any of you have to say anyway” I walked to my seat and didn’t see that guy Travis. Maybe I’m in the clear today. I hope at least.

The late bell rang and everyone started entering the class and I still didn’t see the guy that had smacked me yesterday. Fuck yeah I’m free for the day. The teacher walked in and we started to “learn” about Romeo and Juliet for what seemed like the 100 time in my life.

“Now, does anyone know what happened after the masquerade?” A few people raised their hands but the door opened and I looked to see the black leather jacket from yesterday. All of a sudden my cheek started to burn and I realized that it was because he was staring at me. No he was glaring at me, I shifted in my seat and looked down.

“Nice of you to finally join us”

“Shut up” he spat at her than walked to his seat. He leaned back in his chair and put his feet on the desk. To say that I wasn’t nervous was a complete lie. I was terrified to blink because I thought he was slap me again. I didn’t look up or talk the rest of the period. I walked out the class after the bell rang and walked into the girl’s bathroom. I really needed to relax or I was going to go into an anxiety attack I swear.

“Cassie” I heard someone say my name in my ear but when I looked in the mirror no one was there. I looked around the bathroom and under the stalls but didn’t see anyone.

“Check the mirror” I turned and saw the guy staring at me with a cold glare.

“W-what do you want?” He made a “come here” move with his index finger and I walked closer. Once I got to the mirror his reflection became more visible but before I knew who it was the mirror cracked and I only saw my reflection. This town is scaring the fuck out of me. Who is this dude that is in every mirror I look at? I walked out the bathroom and looked around watching everyone walk past me. I walked into the math room and saw Lola sitting at our table.

“Hey what’s up?”

“I need to ask you something”

“Ok what is it?”

“I keep seeing a guy in every mirror I look in other than the ones at home. Is that normal?” She looked at me like a was crazy

“No that’s not normal, that’s scary as fuck”

“I know, and someone was in my room last night” her eyes widened

“Who?”

“I don’t know, they left a note on my window saying that it a dangerous place and I need to be careful or something”

“Do you think there talking about Devil?”

“I honestly don’t know, I’m scared that he will take his warning back and I will be in serious shit”

“Ok, just breath and relax. I’m sure it’s nothing serious”

“I hope your right” She nodded and we focused on what the teacher was saying.

I walked into the café by myself and saw Rebecca with Yasmine and Lola at our table. I got on line for lunch when the two doors opened. Once again all movement stopped and I wanted to run. I saw them look at me and sit at a table. Each of the glares was cold as ice, I could feel the hate come off them and seep into my veins giving me goose bumps. My heart started racing and I paid for lunch. I looked for another way to get to the table instead of having to pass them but there was no other way. I took a breath and held it in hoping nothing would happen. I almost made it past there table when I heard a cough and I turned to see Him staring at me. I wanted to keep walking but my feet wouldn’t move, it was like I was stuck in that place.

“Have you caused any trouble Weston?” I swallowed the lump in my throat and shook my head fast

“Are you sure about that?” I nodded and he got up from his chair.

“I hope so, because if you did than we would have a problem wouldn’t we?”

“Y-yes” I managed to get out

“You should really let go of that breath your holding Cassie, wouldn’t want you to pass out now would we?” I shook my head and he smirked

“Now move along” I nodded and walked to my table.

“What did he say?”

“Nothing” I turned and saw him staring at me with a straight face.

“Are you alright?”

“What’s his story?”

“No one knows. He’s not someone that people talk to”

“Has anyone ever tried?”

“What do you think?” Lola said with a –hell-no look on her face

“It’s just maybe he is a lost soul”

“Yea and maybe pigs fly” Yasmine said

“Look, no one talks or messes with him or his friends. If you want to keep breathing I suggest that maybe you stay quiet, and don’t speak to them”

“Ok”

“Promise?”

“I promise” But under the table I had my fingers crossed.

“Kelsey isn’t going to be home until late. She wants us showered, ate, and no trouble” Becky said. I nodded not really paying attention but still staring at their table

“Are you even listening?”

“Yea you said something about pigs flying” They face palmed themselves and Rebecca hit my arm

“The hell was that for bitch?”

“I said you know what forget it”

“Ok?” I said with a strange look on my face.

Finally the school day ended and I felt my heart rate go back to normal. I walked outside the school and saw Rebecca with a boy around her age. I walked up to them and smiled at him

“Hi, Becky ready to go?”

“Sure, uh Cass this is Todd. Todd this is my sister Cassie”

“Nice to meet you” I said to him.

“Hey” He said with a nod. Uh Ok? Rude much? Whatever I don’t have time for that

“Come on”

“Can Todd come over?” I looked at her and she gave me those puppy eyes

“Fine” I said giving up

“Thanks” She took his hand and they walked to the car. Oh dear god don’t let me regret this. I started the car and saw them staring at the car as we drove past them. I got the chills down my spine and let out a shaky breath. Once we got home I told them to stay in the living room considering she’s 15 and there is no way in hell she is going to her room with a boy. I may be a screw up but I’m not letting that happen for my sister. I walked into my room and saw my window open and another note on the window.

## The Devil Chapter Four

~Cassie~

### Cold Stare

I hardly slept last night considering i was still scared that i would wake up and "*Devil*" will be standing over me with a gun in his hand ready to kill me. But, another reason is because i couldn't stop thinking about the guy in the mirror or the note that was on my window. Something tells me that i am been watched but i am too scared to find out who the fuck it is.

"Cassie were gonna be late hurry up" Becky said from outside my door.

"Be out in a second" I walked into my closet and grabbed my clothes. I got dressed and brushed my teeth, did my makeup and hair than opened the door to see her with a straight face. I walked downstairs with her and Kelsey smiled at us.

"I like your outfit Becky" She said with a smile

"Thanks "

"Come on were gonna be late"

"Be careful at school"

"Whatever" I got in my car and drove off the school.

We finally got to the school and i looked around after exiting my car. I didn't see "Devil" or his friends so i walked into the building.

"Are you ok?"

"I'm fine" She nodded and walked to her class. The bell rang and i went to my locker. I opened my locker and reached in for my books when my eyes and mouth were covered.

"Say a word and i will cut your throat out" I nodded quickly and felt my legs moving. I heard a door close and was seated in a cold chair.

"Want to tell me why Todd Sanders was in your car after school?" The person asked covering my eyes with what felt like a cloth.

"I-I he knows my sister"

"Do you always give people you don't know rides? Is that what you do Cassie?" I shook my head and felt a hand collide with my cheek

"S-stop please" I heard a dark chuckle from a place in the room.

"W-what do you want from me?" At this point i wanted to go home and hide my closet never to return to

the outside world.

"Tell me Cassie, are you a virgin?" I didn't answer. I'm not telling this douche anything that can be turned against me. But, that didn't work out so well because i felt a hand collide with my cheek again.

"ANSWER ME BITCH"

"Yes, Yes i-i'm a virgin" I didn't have to see to know this prick was smirking. I felt something go between my legs and knew it was a hand.

"P-please let me go"

"I gave you a warning Cassie, because apparently it didn't matter to you the first time" Oh my fuckers i was taken by "Devil"

"P-please don't"

"I'd be careful if i were you, I can be very...very unpredictable" I felt his hand move up my thigh after every word. Than all of a sudden he pulled his hand away and I felt something glide down my arm and felt a tear roll down my cheek

"I'm begging you please"

"Listen to me carefully Cassie because one more slip up and i'm not going to be nice" I nodded shaking in the chair

"You are not to do stupid shit again. If i have to tell you one more time i will be your worst nightmare" I nodded to me

"Understand?" I whimpered and felt more tears roll down my cheek.

"I SAID DO YOU UNDERSTAND?"

"Yes, yes i understand"

"Good. I'm going to count to three and you will be back at your locker" I nodded

"One.....Two...." I didn't hear three.

"Hello?" I pulled the blindfold off and saw i was in front of my locker. I looked down at my arms but didn't see anything.

"Cassie" I heard my name being called. I looked around and saw the bathroom door shut. i walked to the bathroom and opened the door. I walked inside and looked around

"Cassie" I started to get chills down my back. I walked to the mirror and saw him.

"W-what do you want?"

"Come closer" I felt as if he was whispering in my ear. I walked to the mirror and saw he had a mask

covering his face. He had a black jacket with the letter JB on the arm. JB? What the fuck is that?

"Who are you?"

"Don't trust anyone Cassie. It's not safe for you"

"Why?" I heard the bathroom door open and turned to see a girl with a freaked out look on her face.

"Freak" I looked back at the mirror but didn't see him there anymore. I walked out and went to my class. I walked inside and sat in my seat next to one of "Devil's" guys.

"Your bleeding" I looked at him and he pointed to my arms

"Oh"

"You should clean yourself up" He passed me a box of tissues from the end of the table and i took a few and whipped my arm. I cleaned the blood and my eyes widened at what was on my arm.

It was the letter J

Is that what he was warning me about?

Was that why i saw that on his jacket?

I'm so confused. Who do i not trust? What about Rebekah is she alright? Does anyone else see the guy in the mirror?

Why does "Devil" hate me? What did i do to deserve to be treated this way?

Soon it was lunch and i saw Devil's table looking at me. He got up from his seat with the others and walked towards me. I gulped hoping nothing would happen but his friends walked passed me.

"Outside in 5" He said as he walked past bumping our shoulder. I felt heat on the letter J as he hit my shoulder and saw it was red as blood.

"Ready for lunch?"

"AHH Holy fucking shit Lola you scared me"

"Sorry, wanna get food?"

"No, i uh have to do something"

"Oh well ok. See you later than" I nodded and walked out the cafe. I walked into the hall and saw him with his friends by the back door.

"Come on" He opened the door and walked out, his friends walked behind me to make sure i didn't run away. He stood under a tree and pulled out a box of cigarettes. He put one in his mouth and one of the guy lit it for him.

"You have a innocent looking sister Cassie"

"Please don't hurt her"

"I don't go for innocent, however, i do go for sexy virgins" He said looking at me from top to bottom. He let out a cloud of smoke and leaned against the tree

"What do you have to offer me?" What?

"I-I don't know"

"Tell me Cassie, how innocent are you?" I've never had sex, or given pleasure but he can't know that

"Not very" He smirked and nodded to one of the guys. I felt a hand go across my cheek and i was pushed to the floor

"I'm going to ask you one more time. How innocent are you?"

"Very, I'm very innocent" He chuckled and threw the cigarette on the floor stepping on it. He picked up his foot and pushed it against me making me fall to look at him

"I'll make you a deal Cassie"

"What kind of deal?"

"If you tell me what you know about Todd Sanders i'll let you go"

"I don't know anything" I said with my eyes watering. He grabbed my neck and pulled me up to his face. I felt his breath hit me and a tear rolled down my cheek

"Than i won't let you go"

"W-what do you mean?" He came to my ear and chuckled

"I Own You Bitch" He said dropping me on the floor and walking back into the building.

I told Rebekah to get a ride with Lola and Yasmine because i wanted to be alone. I drove to the boardwalk and stared at the ocean waved crashing onto the shore. I looked down at my arm and saw the J was still red.

"Cassie?" I turned and saw that guy Todd looking at me with a confused look on his face

"Oh uh hi" I said whipping my face

"Are you alright?"

"I'm fine"

"What happened to you arm?" He said with shock in his voice

"I uh was uh it's nothing. Want do you want anyway?"

"I don't know, i saw you sitting and figured you'd want some company"

"Thanks but i'm fine by myself Todd"

"Maybe it wasn't a option"

"Excuse me?"

"Get up" He said as his eyes went dark

"No"

"I said GET UP" He said grabbed my hair.

"Ouch let go of me. Your hurting me" I felt my body being dragged across the wood of the boardwalk.

"HELP SOMEONE HELP" Who am i kidding? No one is even here. I was shoved into the back seat of the car and he smirked at me.

"Seat belt" He said leaning over me to buckle up my seat belt. He walked to the front seat and started the car.

## **The Devil Chapter Five**

**~Cassie~**

### **Fighting For Life**

To say i was scared would make me seem weak but at this moment i don't give a flying fuck considering i can feel myself about to pee in my pants and my heart was pounding in my ears. I can feel his eyes burning a hole in my forehead as he looked at me through the mirror while he drives. After what seemed like forever he stopped the car outside a forest clearing. He got out the car and i let out a shaky breath. The back seat door opened and he unbuckled my seat belt.

"Turn around" I couldn't move, i felt as if my body went into shock. He pushed me on the seat and tied my hands together with something. He pulled me up and dragged me out the car to the front. He pushed me to walk, i felt my heart in the middle of my stomach and stopped walking.

"What the fuck are you doing?" Instead of answering him i puked on a near by tree and he groaned

"That is disgusting" Well maybe if you had left me the fuck alone than i wouldn't have thrown up from being scared.

"Keep walking" He pushed me again and we got to a small cabin that was in the middle of the woods.

"Get inside" He opened the door and pushed me inside making me fall on the floor. He closed the door behind him and looked around.

"TOMMY" He shouted, i heard footsteps and saw black boots in front of me. I was lifted off the ground and was face to face to a guy with piercing blue eyes.
