

My New Neighbour

By Rebecca J

I was working on an assignment my college professor gave us when I heard the sound of a truck pulling in the drive way “It must be the new neighbours” I thought as I walked up to my bedroom window to check out who the new neighbours where that mom had told me about in the morning. I looked out the window to find a handsome man around my dad’s age and his equally beautiful wife but what I caught my eye was a guy who might be a little older than me. He was a complete eye candy. Never in my life have I seen such a handsome and sexy man with such a perfect jaw line. The minute his eyes met mine, I could feel wetness between my legs.

”Wow he could arouse me just by looking... I wonder how it would feel to have his cock inside me and him sucking my nipples.”I pressed my legs closer to stop the familiar throbbing in my pussy. I backed away from the window and tried to concentrate on my assignment but couldn’t get rid of the new hot neighbour from my mind. My hands involuntarily started sliding down my body and into my shorts. I gently rubbed my clitoris imagining that it was his big sturdy fingers rubbing on pussy .I gently pinched my nipple while slowing moving my fingers in and out of my pussy thinking of how it would feel if he was doing it. Before I could imagine further I heard my mother calling me.

“Aliya....”

“Damn...such a bad timing.”I thought to myself and went downstairs to see what the fuss was about.

“Hey honey, you know what the new neighbours Reeds, they used to go to high with me and your dads so I invited them over for dinner.So go get dressed and behave nicely.No sarcasm and no attitude...Got it?”My mom ordered me, knowing my attitude towards guests.

“Yes, mom I got it. I am going to get ready now “I replied and ran back to my room to get ready as I take a hell lot of time to get ready. There was a little excitement in me; maybe it

was because of the new hot neighbour who is currently taken completely over my mind. Hell, I had just saw him like half an hour ago...god if only his stare could do so much to my body how would his hands and cock feel.Oh god even thinking of him gets me all tingly.

After an hour and a half of getting ready, I was looking into the mirror to see if looked good when I heard the doorbell ring. I ran downstairs before my mom could start yelling at me.

I saw him standing near his parents and oh my god he looks so fucking hot.If it wasn't for mine and his parents standing there right now in the hall, I would have ripped his jeans apart and rode him like a cowgirl.

The dinner was long and extremely painful as he sat right next to me and kept his hands moving up and down my thigh. I found out his name was Ethan. Damn!! That is a sexy name.

After dinner my parents thought they needed to catch up with their friends so they asked us to hang out in my room. I walked to my room while he followed me behind and as soon as he we entered the room, he closed the door and pulled me to him and crushed his mouth on mine taking me by surprise. It didn't take much time for me to start responding to his kiss. I put my hands around his neck and pulled him as close as I could. He slid his tongue inside my mouth and tasted every corner of my mouth. His hands slid down my body slowly to my already wet throbbing pussy. He cupped my pussy above my panties making me moan in his mouth. His finger started rubbing against my clit and I could feel my knees weakening by the second. HE lifted me up threw me up on my bed. I took the support of my elbows to get up and look at him as he eyed me like I was some kind of meat he was going to feast upon.

He lowered his body and took my lips again kissing me as wildly he could. I could feel the passion radiating from the kiss. My pussy was dripping wet and I could feel his hard cock pushing against my stomach .My nipples were hard and pointy wanted to be sucked my his mouth. He broke the kiss and looked at me with his piercing brown eyes before kissing my jaw line. He slowly went down kissing my throat and biting it causing me to moan loudly. "Shhh baby girl...Lower your voice; we don't want our parents to know about this now do we?" He whispered into my ear biting it a little and started kissing me against. His hands went to my back and hurriedly unzipped my dress and before I knew it our clothes were lying
