## ~Acknowledgements~

Where would we be without the help of a few good friends?

Probably sitting on the sofa watching reruns on TV. But besides that, each book is not so much a lone adventure as it is a joint effort. Vampire News is no exception. Many people from across the globe have come together to help us present to you the most comprehensive list of its kind.

First off, the authors of this lovely little opus, Bertena Varney & Stavros, would like to thank each other for coming together, putting aside projects, and working in harmony to craft a fabulous book. (*Well, we think its fabulous. You can hold your opinion until after you read it.*)

Secondly, we would like to thank Tina Carreiro, author of *The Power of the Moon*, for assisting us to collect crucial vampire data from the catacombs of some secret undead crypt and Siver Black, from Get Fanged, for her role in unearthing the dead to bring us copious mounds of goodies. To Nicholas D. Ward for jumping in with both feet to arrange an amazing vampire photoshoot so this book would have a cover, as well as to Rudi Rossiter, who scoured the backlots and darkened movie trailers of New Mexico to locate us a news desk; and to Val Hollingsworth, who opened up her studio to let us play.

A big gigantic hug goes out to Katalina Parrish and Jean-Paul de Jager for their dazzling portrayal of our Vampire News anchorman and woman. And a special thanks to Jay for all his help in taking the behind-the-scenes photos, as well as to Brent Tiano for pointing us in the direction of several vampire web series, and most especially to One & Story Cockrell, who remain a constant beacon of light and creative inspiration.

And of course, a gigantic Thank You to all our wonderful contributing authors, writers, bloggers, undead musicians, and freaks that helped to make this book what it is; and lastly to you...our beloved readers. Thank you for downloading our book...and sharing it with your friends!

*This Book is Dedicated To  
All Vampire Fans Everywhere:*

*Whether you love the romantic, dangerous, or traditional vamps, whether you prefer a good book or to wait up late at night to catch the classics; for all those who stand in movie lines, blog, join vampire community websites, support famous and up-n-coming authors, get vamp tattoos, go to Cons, or are waiting in the wings of some dark dream...This Book is for You!*

*A Thousand Eternal Nights!*

## ~Introduction~

Welcome to Vampire News! What you've downloaded is a compilation of events and happenings that took place in 2011, which helped to shape what vampire history is today! This book was compiled with love, researched thoroughly, and features factoids, blips, quips, notes, essays, articles, interviews, news reports, weblinks, & radical thoughts from several authors, professors, enthusiasts, musicians, models, photographers, and fun-loving nuts working within the vampire genre today, crafting the stuff of nightmares for vampire lovers of all ages!

Hot off the cyber-presses, Vampire News is aware that its list is not completely comprehensive to everything vampire-related that took place on planet Earth in the year 2011 of the Julian calendar. For security reasons we simply can't release all the photographs from all the vampire balls that took place showing all the consensual bloodletting that transpired, or even mention the events that took place within the hidden realm of the "real" vampire community, but we'll have you know that we'd STAKE some guy's life in Alberta, Alaska that this book is the most extensive list of its kind in the dawn of the new year. So, as 2012 continues to countdown the Mayan calendar, and our eventual return with more updates and news, the staff here, at Vampire News, hopes that you will, at least, enjoy these Tasty Bits as much as we have enjoyed collecting them for you!

May your new year be filled with the vampires you crave!

VN

The image features the letters 'VN' in a bold, black, serif font with a white outline. The letters are centered and appear to be splattered with red liquid, likely representing blood, which is scattered across the white background. The splatters are most concentrated around the letters, with some smaller droplets and streaks extending outwards. The overall effect is graphic and dramatic.
