DANCE MUSIC

Studio Tan featuring Lauren Ashleigh -
Trippin'

Hailing from Essex, UK, Studio Tan have been producing and remixing for over ten years with a background in House and Garage music. Studio Tan and Lauren Ashleigh joined forces in 2014 to co-write house/dance track Trippin'. Due for release in March 2014, the track has already picked up radio support from Capital Xtra, and the single package includes remixes by Mark Martin & Kettridge, and Justyn Cousins. The official music video premieres online via Vevo in February. Studio Tan have also worked with UK Garage legend Brasstooth on his 2014 version of Pleasure (under the name of the Final Cut Collective). Lauren Ashleigh is someone to keep a watchful eye on, having worked with various producers to date including L.I.A and Rascall Soundzone, Lauren has begun to hone her sound and is due to embark on a club tour later in 2014.

The track is available to purchase through all major music store websites, and has also been featured on four TV music channels including Club Dance TV & Chartshow Dance.

DANCE MUSIC

Haugli & Lizzie Curious - Your Touch

Songbird 346-0

Your Touch combines the haunting production talents of up & coming producer Haugli, with spine-tingling vocals from

Lizzie Curious, to create a truly evocative piece of house music. From the first moment you hear the captivating organ melody and gentle rhodes keyboard, you know this track is going to be something special. Add to this crisp, minimal percussion and warm, expressive lyrics (written & performed by Lizzie) which cannot fail to touch your heart, and you will find yourself heading towards a breakdown of almost ethereal quality - watch out for goosebumps! Meanwhile, on the Tech House remixes, Lizzie Curious showcases her production skills, stepping up the tempo and injecting her Curious groove into proceedings, thanks to the rolling percussion and bouncy bass. An electrifying breakdown propels you towards a thundering crescendo, before stripping back into the undeniable groove, all the while allowing the vocals to shine through. A dub mix is also included for those heads-down-at-6am on the dancefloor moments!

The track is available to purchase through all major music store websites.

Leanne Louise: Count My Blessings EP

I haven't enough positive words for Leanne, she is amazing and such an inspiration. I've had the pleasure of hearing her progression since she started out. The first time I heard her voice was through her also musically talented producer of a brother RDubz, on a track called Crazy. At that instant, I fell in love with her vocals. Through her journey her fans have grown stronger & stronger and more people are getting to know her voice which is beyond super because she is not only talented, she also has such a kind heart and deserves every single positive aspect in the music career. I have no doubt she will achieve great things and you should all get listening! This is her very first EP!! So please support her, enjoy her voice, and keep an eye out for more to come!

Untitled Now you may think she ran out of imagination for the title but as you listen you shall realise it is all justified. This track showcases the depth of her vocals with an urban edge, and a really interesting rhythm which has me hooked. Save Your Heart A lovely smooth piece. Nice tones on the strings which accompany the gorgeous soft sweet vocals. No More Love, this beautiful track shows not just Leanne's soft but strong vocals, it gives a little insight into her lovely soul. Glass House This track has a slighter darker tone, highlighting her soft tones with equally soft melodies. Bouncing them off nicely against rough punchy vocals. Count My Blessings A rhythmic delight with the vocals, yet with a smooth undertone of the melody.

*"There are words in my
heart that have never
been spoke"*

Leanne Louise.. The lady who will make you smile.

Superhand: Discipline Me

Discipline Me by Superhand featuring a "dizbusting" remix by Rednek. Debut release from Superhand & Malt Barn Recordings from the hills of mid Wales.

"A thrilling boundary-busting meld of rock, electronica, blues and soul. 'Discipline Me' teams singer Inga Carlstrom and principal instrumentalist Leck Fischer with a vastly experienced crew: Jason Cooper of The Cure is on drums (band friend Duane Atherly plays bass with Mike Mason (formerly of 4AD label luminaries Swallow) producing and Cameron Craig (Placebo, UNKLE, Amy Winehouse) the Grammy-winning engineer." (Martin Aston)

"I'm so obviously
crazy"

"I grabbed my coat, but a monstrous bass line rabbit-punched me in the back of the head and a voice made me weak at the knees. I ordered another drink and witnessed the best performance I've seen in years." (Mike Mason)

Superhand are here to break the mould, with their edgy tunes which smash down the walls of any conventional music of today." (Samantha Anderson)
