1 Introduction

Go Web 2.0 Traffic is a series of Web 2.0 concept that drive targeted traffic from various sources to our website. Web 2.0 can be defined as a set of new technologies that collaborating people and technologies across internet. Web 2.0 had become the needs for internet users in Social Networks like MySpace, Facebook, Hi5, Friendster and so on. Internet users can upload their favorite photos, music, websites and set up their profile by using the available Web 2.0 component like YouTube, Flickr, Dropshot, Ning and share these with friends or public.

Web 2.0 is another step in the evolution of mankind, the sharing of knowledge and ideas in the next generations of connecting people with technologies platform.

Why Web 2.0 Become so Popular?

Due to it nature ease of use and user friendly interfaces, it is now easy to get involved without much technical knowledge.

Can Web 2.0 boosts up my business?

Well, this is the area that I am going to talk about by using the Web 2.0 components; it could help to improve our business in a very short period of time.

This report is short and concise. It gives you some idea on how you can generate highly targeted traffic for FREE.

2 Social Networking Site

With the boost of Web 2.0, there are many social networking website have been established. But not all social websites brings a lot of traffic to your site. You need to identify the good social networking website that really drives traffic to your site to generate massive income in your business.

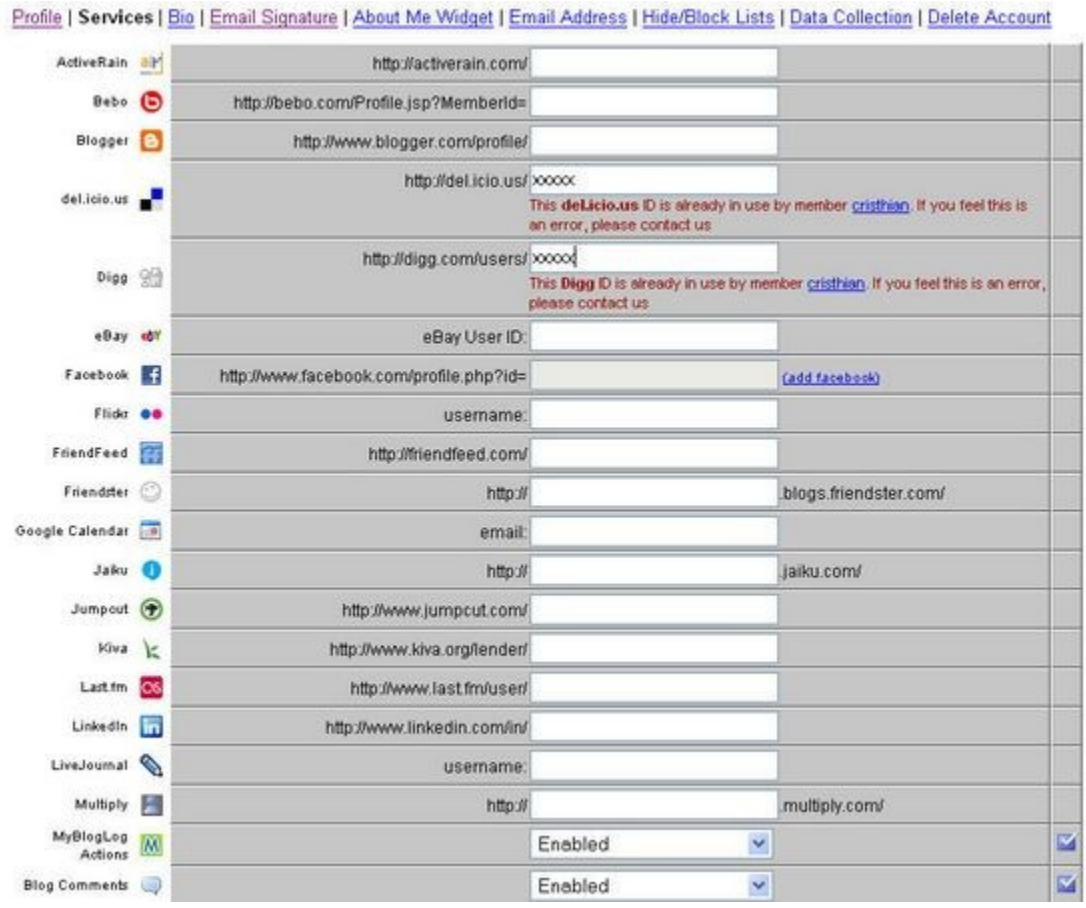
MyBlogLog is one of the famous online communities specifically on blogs. It's enable the bloggers to connect with their readers by broadcasting the news via social networking features like Tagging, Feeds etc.

MyBlogLog.com is belongs to Yahoo Corporation. The blog mini-profiles sidebar widget was the key factor behind MyBlogLog success. The widget served as the free advertising driving the network from 1 to another blogs.

Follow the ways below to drive traffic to your website:

Profile – Before you start any Social Networking, the first thing you need to do is to fill in your personal profile. This will build visitor confident as your information is not spammer.

Tagging Services – You need to tag yourself to the communities and tag everything that you think deserves it.

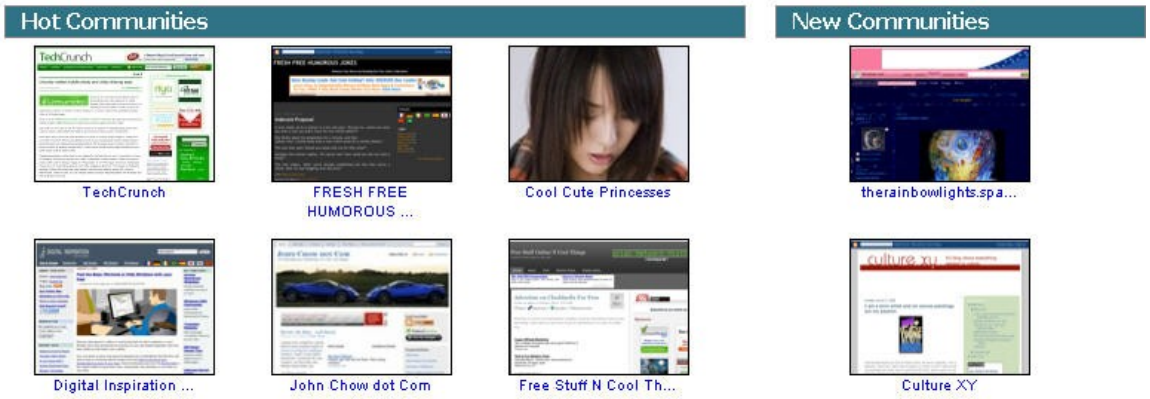


What Benefits by doing Tagging?

- You can connect to others MyBlogLog members.
- You can connect to MyBlogLog Communities Pages.
- You can generate some nice backlinks to your website.
- You can get more exposure in the community and drive more traffic to your website.

Please fill ALL the information in Tagging Services (if possible).

Join Communities – From your profile, click on the "**Communities**". Join the **TOP** communities especially with larges membership like "**John Chow Dot Com**", "**Business Opportunities**", "**MyBlogLog**" etc.



Under Members – you can easily add new friends by clicking on the Add to My Contacts or you can leave a message to your members by simply click on the Leave a Message.

3 Recommended Website and Resources

Here are some resources that you can get it for **FREE**.

Bloggers Network Directory

BlogCatalog – one of the best Social Networking blog that you may consider to join it. As a member of BlogCatalog, you can make as many friends as you want. It could drive traffic almost instantly to your blog and some visitor may visiting your blog to see what you have wrote and add you as a friends as well. To those who have added you as a friend, you can send broadcasts messages to all users who have added you to their BlogCatalog. You can also participate in forum discussion. There are many active groups where you can easily join them and become an active member. You could get more subscriber to your RSS feed when the visitor drop by you site.

BloggingZoom – is quite new but it's growing fast. You can promote on BloggingZoom with all your articles without any restrictions. You can also vote for other articles and many users will vote for you too. The more votes you get, the more exposure for your blog site. The increase in blog popularity, the more visitor visit to your site as well.

StumbeUpon – one of the best sources of traffics you could receive by submitting your unique articles to StumbleUpon. The traffic is pretty good. You should sign up with StumbleUpon if you need more traffic to your site.

LinkReferral – When Joining LinkReferral, you will include in the members directory which is visited by over 150,000 members and thousands of outside visitor on a daily basis. You will have an opportunity to gain a ranking at the top of your category. You need to visit approximate 30 sites and make at least 5 reviews within 24 hour. You can give comment and feedback from the visitors of you website and give some opinion on others member site in the directory. The number of participation will determine the number of traffics you will get. The more you get involve, the more traffics you will get.
