FAQS About CashCrate & Other Reliable Online Paid Surveys

IS Cashcrate or Online Survey a Scam?

Companies like Nike, Toyota , Blockbuster, Warner, Disney and many more are the one paying you to perform this market research for them. These are million dollar companies and some of them in the billions. I am sure they wouldn't want to cheat you out of a few Dollars. Therefore Cashcrate has never missed a payment to me, they pay me as long as the company confirms to them that I have completed my survey.

I can also see my stats at all times, my current earnings & my pending earnings.

Do I have to Put in alot of Work or Time?

It takes me a few minutes to fill out several surveys. Obviously some may take longer because the payouts on each survey differ.

Is my personal Information Safe?

I have never had any issue with my personal information being compromised. You can set up a separate email address just for your paid survey business so that you don't mix survey emails with personal ones, just use google mail or yahoo, free to set up.

For credit card offers, you can use gift cards, nowadays there are also prepaid credit cards

Will I Make any Money?

Definitely, as long as you complete a handful of surveys. Unfortunately you don't get paid till the end of the month. At the moment I think it's every 1st day of the month.

Affiliate Marketing

Another way to making money online without spending a dime online is by becoming an affiliate. Most affiliate merchants allow you to sign up to their website for free & they generally pay at least 50% for every customer you send

them straight to your paypal account or mail a cheque to your address.

To better help you understand what the affiliate business is, I will tell you what affiliate marketing is in my own words.

Affiliate marketing is the promotion of product(s) by a third party in exchange for the cut of the sale or action taken by a customer.

There are several affiliate merchant sites you can join on the internet totally free of charge.

www.clickbank.com

www.paydotcom.com

www.cj.com

Once you have signed up at this site you will be given a website link which will look something like this :

<http://2dayoffer.newbiecash.hop.clickbank.net/> for clickbank

<https://paydotcom.com/r/78643/specaloffer/23716120/> for paydot com. If you copy and paste any of these URL's into your browser, you will find out that they will open into a sales page and as an affiliate I am credited with anybody who buys through this link. In my experience Clickbank &

paydotcom are reputable companies who track your commissions properly & always pay on time.

You get the point, you can make this long URL you are given look abit better by shortening it for free at www.tinyurl.com or www.linkbee.com.

For the sake of simplicity, I suggest you focus on using Clickbank & paydotcom because they only sell digital products & your referrals can get their products immediately after they have made a payments.

You are not only limited to Clickbank & paydotcom, many top marketers also run their own independent affiliate programs outside of Clickbank & Paydotcom.

However I want you to be careful & make sure you are dealing with a reputable merchant. You don't want problems of not receiving payment or worse your customers not receiving products which they paid for.

One marketer who I can personally vouch for and I am a member of his affiliate program is Russell Brunson. He even has a Two tiered affiliate system , what this mean is that you can refer people to become affiliate & also get paid on their efforts.
