CamKingsCash Training Manual

First off I would like to state the advantages of using CamKings.

Know these, Memorize these. Sell These.

1. **Free membership for customer**-That's right, free, this is the best selling point.
2. High Quality Cams with attractive models
3. HUGE Cam Screens, biggest on any cam site.
4. Zoomable cams and with audio and Girls have mics.
5. Customer can cam2cam with their own cam for live 1on1 sessions
6. Discrete Billing- Shows up as ECHST.net on their Statement

Linking Code

First you need to create a linking code. This is how you sales are tracked. They are automatically tracked through this code that you send to your customers. Your code is tracked to your account. They are tracked via the code. **If you need pictures you can get them in the model's profile once you choose a model and use them however you wish.**

1. Open up your Internet browser and type in www.camkingcash.com
2. Type your login details where it says affiliates login.
3. Click Link codes
4. It will show the models currently on line at the top. You can click on a model that you want to promote.

1. **Link to this models bio page**- This option is for Linking directly to the models profile. Then customer will just need to click "**Sign up now**" at the top right hand corner of the page. Make sure you copy the link from the page, DO NOT click try it, Just copy it directly from camkingcash.com

2. **Link directly to this models Live Cam**- This takes the Customer to the Model's free chat, It will stay on for 45 seconds before it will tell the customer to sign up so If the customer asks for a preview just send them there. Make sure you copy the link from the page,
DO NOT click try it, Just copy it directly from camkingcash.

3. **If you would like to choose a model that's off line**

That's fine. Just click **"Click here to view the OFFLINE models"** Just tell them your waiting for them to sign up and login so you can give them their 1on1 session. You **MUST** send them the **"Link to this models profile"** link ONLY.

A correct link, linking your customer to a model bio page looks like this:

<http://www.camkingscash.com/Hit?w=8370&csurl=http://www.camkings.com/bio.php?188907>

8, Make sure it has your w=xxxx in the link, that's how you know its being tracked to your account. Every time someone views you're correctly linked page, your raw and unique will go up so that's how you know you are doing it right. Test it to make sure it all works right.

4. Select which Link you want to send to the customer and send it to them when you determine it is the best timing.

5. If you want a direct join link that takes them directly to the Join page then go under Quick links if you want to send them to a join page.

6. Choose the page you want to send your customer to and Copy the link and paste it to the customer.

Getting a Yahoo Messenger account

Now that you have your linking code you need to make an instant messenger name so when customers want to contact you.....They can! You need to sign up for a yahoo messenger account and/or an AOL Instant messenger account. They are both FREE. We find that MOST customers have yahoo so we recommend to start with that.

To sign up for a NEW Yahoo messenger account do the following. Do NOT use your current yahoo messenger account.

1. Open your web browser and go to <http://messenger.yahoo.com/>

2. If you need to download yahoo messenger click on "Get it now", If you already have yahoo messenger go onto step 7.

3. That will bring you to the download page.

4. A download will either automatically pop up and if it doesn't click on "Get started"

5. Click on "save" and save the messenger to your computer.

6. Open the program and install it.

7. Now that you have Yahoo messenger you need to make a new user name for the Model you will be representing.

8. Go to:

https://edit.yahoo.com/config/eval_register?.done=http://messenger.yahoo.com%2findex.php&.src=pg&.intl=us

9. Enter a Fake first and last name that could be the one of your model. Make it

BELIEVEABLE! If your models name is real such as "Nina" then enter Nina. If your models name is "Good Girl" or "First Kiss" then enter a fake name such as Ashley or Jessica or anything you want.

10. Now you need a yahoo Id. Make it something sexy and try to include something about your model in the name to make it more believable. If your models name is "Good Girl" then make a yahoo id that's similar like "GoodGirl69xo".

11. Finish the form and at the end press "I agree"

12. You now have a yahoo messenger id and a yahoo email address. Your email address will be the yahoo messenger id you choose. If my messenger name was "GoodGirl69xo" Then my email address would be GoodGirl69xo@yahoo.com

Now you are ready to login to your yahoo messenger account.

1. Open yahoo messenger on your computer.

2. Type in your Login Id and password.

3. Click Sign in

4. You are now signed in.

5. To Add a "friend" Click on the smiley face with a green plus sign.

6. Put their Yahoo messenger id or email and click Next, Next and Finish.

7. They will be added to your list.

8. To Message someone, Double click their name. A chat window will pop up.

9. Enter your message and click send. This will start the conversation.

10. Most times your customer will add you as a friend or contact you. This is GOOD.

11. If they add you as a friend add them, wait for them to contact you for a few minutes, if they don't then contact them. Always ask "asl" which means age/sex/location. This is important because then you know their information and talk to them accordingly. It's good to know where they are from. I've found by telling them that you live near them, you will be more likely to get the sale. If they give you a weird city just Google it to find where they are talking about and tell them you live in a city nearby; be creative! If you would like to sign up for an AOL instant messenger account please go to www.aim.com and click download now and you can sign up for an account.

Checking your STATS

Now its time to figure out how check your stats. Your stats page will show you how many DIFFERENT people have viewed your page (Uniques) and how many sales you have gotten (sign ups). To get to your stats page you need to do the following:

1. Open up your Internet browser and type in www.camkingcash.com

2. On the left hand side, enter your login details where it says affiliates login.
3. The home Page will show your Quick Stats. It will show **Uniques**- which are how many different people have visited your link. **Raws**- How many total times your page has been viewed **Sign ups**- Which are how many sign ups you have gotten. **Payout**- How much \$ you have earned.
4. For more detailed stats click my statistics on the left hand side.
5. Select your date range or which dates you would like to check your stats for. By default it will show the current day. Simply click Load stats to Bring up your stats.
6. It will show your uniques which are how many DIFFERENT people have viewed the site through your links and will show how man sign ups you have gotten and charge back's Charge back's are how many sales have been charged back.

What to say when a customer contacts you

When they first contact you, talk for a few minutes to get them comfortable and so they don't think you're a bot. This is what you should say in order:

1. Hey, Asl? (asl means age/sex/location, Lets you know who and where they are)
2. Cool I'm 22/f/NJ (say the age sex and location of the model, always say your in the state/country they are in)
3. Did you see my message/post?
4. Cool, so do you have a credit/debit/check card to join for \$1?
5. Alright (Insert Link now)

If it doesn't go as easy as this, say whatever you need to, to convince them to sign up and then keep following the steps. Sometimes you need to get creative; remember, you ARE the model.

Ask for the Sign Up

Once you feel comfortable ask them if they will sign up for a dollar. If they will, send them your link. You can send them your model profile or the direct to join page link which doesn't have a specific model.

1. After you have sent the link, ask if they have completed the form by saying: Did you finish babe?
2. Once they have said they finished the form, tell them to check their email and it will have all their info there.
3. Once they say their done ask them to view your web cam, Once they are "viewing you" Its

time to block them and move on to the next customer.

Posting On CL

Selling on CL can be a goldmine; but it is very tricky.

Here are some tips to get you started:

Use Firefox or Internet Explorer to bookmark every main city in tabs, and create an account with cl (I recommend many email accounts with them you will have to change often) once you log in to an email address open all cities in tabs and start posting your ad. Your ad should contain at least 1 picture of a model which you can find by accessing the site and saving the photo to your computer. You will need a catchy title and an ad that gets the attention of the horn dog surfing cl.

Your Ad should say something like this:

“Hi Guys, I am a hot and wet chick hanging out by myself tonight and looking for someone to get freaky with me on cam.”

You can make it longer, shorter more sexual or not; as this was an example. Above ALL ELSE make sure to put your screen name that you are using to promote in your ad so guys can contact you!

A lot of guys are looking for escorts, we are not promoting escorts!! Do not tell them we will meet them after the show as this is ILLEGAL and can get us in serious shit with the cops!

There are a lot of BS'ers out there, Guys will try to get you to get naked on yahoo, tell them it's not going to happen and move on...don't waste time with these losers! **If they persist about proving you are real; Tell them you don't play with little kids and if they want to play with you they need to prove they are over 18 by signing up for the site.**

You CAN send these guys directly to the models chat where they can see your model is real by using the linking codes found in your affiliate area, once they go there ignore their requests for kisses and show me 2 fingers...you are a cam model and to busy dealing with real customers; after a couple min respond by saying sorry I didn't get your message, as u see I am really busy do you want a show? There are guys out there who will IM you about Blood play, Piss or shit, and Pedophiles DO NOT even BOTHER with these guys; Either A. they are messing with you, or B. they are into stuff the models won't do.

CL is the best site to post on for sales. Others work well but CL IS THE BEST. This is the best way to get started. Look through the ads and you will see they usually ask for 40 bucks. Our site is just a \$1 sign up!! It may be to your best interest not to mention a cam or money and just close the customers by sweet talking them, if you post saying it's a cam and a \$1 sign up, you will get less responses but most responses will want to join. Try different ways and see what type of response you get. Use what works best for YOU. Make sure to make a

yahoo email address and be on yahoo messenger when you post the ad. You will get responses to both from your ad almost immediately. Reply to both for maximum sales. Make your ad better than the ones on CL in the erotic services section and women seeking men and casual encounters. Even switch it up and say your looking for friends and say you live near them by first asking "asl" so you know where they live and then Google it and say your at a downtown hotel or tell them you live near them and use cross streets to make it look real. Expand it from there; this is just to get you started. Make a good and ORIGINAL ad and say what they want to hear, say what you think would sell you. There are many different ways to get sales. Always use pictures from your models profile on CL and post a lot. (To use pictures, go to your models profile on www.camkings.com and save her pictures so you can use them later). The more times you post the more customers you will get. Post your yahoo messenger name in your CL post, this is VERY important. To post multiple ads you need to switch up your ad by a sentence or 2 and it will let you post. If too many get flagged, change the subjects. Try posting 5-10 ads an hour in the largest cities in either erotic services or women seeking men etc. Even if your posts keep getting flagged just keep posting more. Your goal should be to close 1+ an hour. More hours you work the more sales you will get and the more \$\$\$ you will make. CLOSE AS MANY SALES AS POSSIBLE.

GETTING STARTED!!

Now that you have your linking code and you know how to check your stats and you have your messenger open and you basically know what to say when a customer contacts you, its time to get customers contacting you! Remember you can promote on any site you want. You can go into chat rooms or make profiles on different sites. I recommend craigslist to start. To find more sites and Chat rooms type adult chat rooms or adult personals into Google. There are TONS of sites you can promote. The most popular are CL and My Space and aff, www.americansingles.com, www.realsexdates.com. www.eroticy.com. www.talkcity.com www.hi5.com, www.jackinchat.com,. www.fling.com. These are just a few of the thousands of sites and chat rooms you can promote on. If you are having trouble on theses, Just Google Adult chat rooms American singles, reslsexdates, eroticy, talkcity, hi5, jackinchat, aff, fling. If you are promoting on My Space, Make a profile, post in groups and on forums and put your yahoo/aim chat name and ask guys to contact you and sign them up. The Best advice I could give is to use common sense and say whatever it takes to get the sale. Saying things like you live near them and you are possibly interested in them is a great way to get sales, Again The more creative you are the better you will be at this. Main thing is to say whatever it takes to get the sale. Most importantly they must actually think you're the girl they are talking to. Almost all of the girls they talk to are fake. If they believe you, they will buy! A

sale is made on every conversation, Either you sell them on a reason why they should buy or they sell you on a reason why they won't but a sale is made every time. Most guys want free cams, free cams are horrible quality and the girls are usually not attractive and unwilling. For only a measly \$1, they get tons of hot girls on high quality cams that are very willing to do ANYTHING. This is the best way to get started.

First choose a site you want to promote on.

1. Make a profile or listing on the site so guys will contact you.
2. Make your profile Attractive and Sexy so you stand out and so guys will contact you. Start creating your profile/listing by putting your models information and include WHY they should contact you. This is where you say you are looking for friends/dating or you have a reason why they should contact you.
- 4 Put your models pictures and your instant messenger information so they know how to contact you. (To get pictures go to your models profile on www.camkings.com, Find the picture(s) that you want, Right click on it and save it to your computer)
5. Try not to mention it's a "cam" as most guys will not contact you. Just say you are looking for friends or a boyfriend or have a different GOOD reason why they should contact you, you will get MANY more responses by doing it this way. The better your profile/listing looks the more responses you will get.
6. The more creative you are the more sales you will get. Close the sale! Don't get discouraged if you haven't gotten a sale after the first few hours. Like any other job it takes TIME to learn it and learn it well. After 2 weeks you should be getting at least 1 sale per hour if not 3 or many more.
7. If your having trouble please, please, please contact me on aol instant messenger(aim) at [camkingscash](mailto:support@camkingscash.com) or email me at support@camkingscash.com. We will respond within 24 hours, (usually less than 2-3 minutes!) I WANT to help you get A TON of sales to make you A LOT of money

Chat room Sales

Basic Guidelines for chat rooms:

Do not waste time talking to people from the Middle-East. They are NOT going to sign up. (Their government blocks their access to the site most of the time. If you get a customer from the Middle East who can actually see the site by all means get him to sign up. Most of the time when they try to visit the site it will say "This site is not consistent with the moral, political, or religion beliefs of [the United Arab Emirates], etc.) I tell everyone to get their feet wet in chat rooms because those are the nastiest, meanest guys on the planet and most of them are cheap bastards! If you can hack the chat rooms and make money you will do great. Here is

how to EFFECTIVELY sell in chat rooms.

As mentioned earlier chat rooms are filled with guys thinking they will get free nude chat with hot chicks, and BOTS, and salespeople! So instead of being a bot and giving my link out to every guy who wants a free show its much easier to be real. First of all you need a model. If you haven't done so already go to the site and look at the models. Pick a model you can relate to (hair, eye, and body type) and save her pictures to a file on your PC. Now make up a good bio for her...her age and interests, where she lives if she goes to school, if this is her only job. THIS IS YOUR ALTER EGO! OWN IT!

Now I use yahoo personally so I don't know if AOL lets you create profiles or blogs; if not experiment with what you can do and let me know so I can update this file.

Yahoo users: now create a unique id for your model, something that screams hot, naughty and extremely playful.

Go to her profile, and create a Yahoo 360 page...upload her pictures; create a blog and a blast. The Blast is where u will put your link to that models profile it should say something like "CUM SEE ME NAKED"

Now you're ready to chat! Go into a yahoo chat room designated adult, if it is mostly female names SWITCH ROOMS. Make sure you're in a room with males in it or if you go to a lesbian room, real women! DO NOT AND I MEAN DO NOT POST THOSE STUPID SCRIPTS. You will NOT get response other than "Die Bot".

You WILL get many guys IMing you...they will pounce on you! Talk to them, be your cam model...if they start off with invites to their cams, or want to see my cock...tell them you don't cam on yahoo..BE REAL...at some point any guy who is willing to pay will start asking you questions...again just be real..say things like yeah I am just chatting between shows...they WILL be impressed they will check out your yahoo 360 page, they will befriend you...they will buy!

A lot of people think this is a waste of time, but these guys will come to you when they want shows and NOT the bot in the chat room they think are scamming them. The first rule of sales is to build up their trust!

There are 2 ways to go about chat room sales. The best way is to pretend you are the model and get guys to join as described above. If they really believe you are the model then they will join. Just IM them and be as real as possible. Say something like "I'm a model for a CamKings and we are running a special promotion and for only \$1 dollar and no recurring charges you can join and see me." Just be real and straightforward. The other way is to just post the phrases below. It doesn't work as well but works in different chat rooms.

Do not respond to PMs with Female names, these are most likely bots. Block them.

Remember that when you leave a chat room, the message that you posted will disappear from the chat. So give people enough time to read your message before changing rooms.. Wait anywhere from 30 seconds to 2 minutes between room changes. (You can stay in a

room as long as you want, just make sure you are at least in that room for 30 seconds to give people time to read your post and PM you) PUSH THE FACT ITS ONLY \$1 DOLLAR TO SIGNUP, OTHER SITES CHARGE \$5-25 DOLLARS, WE ARE THE CHEAPEST AND BEST SITE ON THE NET, ITS HUGE THAT WE ARE ONLY \$1 MEASLY DOLLAR....PUSH THE ONLY \$1 DOLLAR FOR MAXIMUM SUCCESS.

If your not in yahoo chat, make sure you have yahoo messenger open, and include your yahoo messenger name in the messages below. Heres a list of the best Adult chat rooms for sales. **Yahoo messenger chat**-To Get to yahoo chat open your yahoo messenger, at the top click messenger, then click Yahoo chat and join room. www.Talkcity.com, <http://www.jackinchat.com/chat.php>, <http://www.chatavenue.com/adultchat.html>, <http://www.chatix.co.uk/18-30.html>, **Just Google adult chat for more adult chat rooms Theres Millions of them.**

Things to say in chat rooms, Post every 30 seconds to get the most responses.
