## **Congratulations on taking the first step toward achieving success!!**

### **Why I wrote and compiled this ebook ...**

Because I know how you feel. The burning desire for success and the determination you have to achieve it. The rich knowledge and resources provided in this ebook had been read personally by me, and I had benefited from it. I guess, all the featured successful men in the ebook don't have to be introduced anymore as I'll assume that you would have heard of them. If you do not know about them yet, just type their name in the search engine and you will find them.

I will only recommend authors and coaches whom I know from my personal experience who are successful and inspirational.

If you sell the product in which you believe in or you have benefited from personally, you will be a very successful person. I'll always prefer to promote the products/services that I had used, reviewed, joined or read before.

We live in abundance of wealth today. There is no limit to our earnings; we have the capacity to earn extraordinary income if we are determined to achieve it. What is most important is how we deliver our own self to others. If we give our best capability, the successful result we want will come to us ultimately. This is the law of Universal Abundance that I have learned throughout the years.

# Anthony Robbins

I believe life is constantly testing us for our level of commitment, and life's greatest rewards are reserved for those who demonstrate a never-ending commitment to act until they achieve. This level of resolve can move mountains, but it must be constant and consistent. As simplistic as this may sound, it is still the common denominator separating those who live their dreams from those who live in regret.

*Anthony Robbins*

I've come to believe that all my past failure and frustration were actually laying the foundation for the understandings that have created the new level of living I now enjoy.

*Anthony Robbins*

The path to success is to take massive, determined action.

*Anthony Robbins*

It is not what we get. But who we become, what we contribute... that gives meaning to our lives.

*Anthony Robbins*

Most people have no idea of the giant capacity we can immediately command when we focus all of our resources on mastering a single area of our lives.

*Anthony Robbins*

Once you have mastered time, you will understand how true it is that most people overestimate what they can accomplish in a year - and underestimate what they can achieve in a decade!

*Anthony Robbins*

The path to success is to take massive, determined action.

*Anthony Robbins*

You see, in life, lots of people know what to do, but few people actually do what they know. Knowing is not enough! You must take action.

*Anthony Robbins*

Action is the foundational key to all success.

*Anthony Robbins*

I've come to believe that all my past failure and frustrations were actually laying the foundation for the understandings that have created the new level of living I now enjoy.

*Anthony Robbins*

It's not what's happening to you now or what has happened in your past that determines who you become. Rather, it's your decisions about what to focus on, what things mean to you, and what you're going to do about them that will determine your ultimate destiny.

*Anthony Robbins*

Put yourself in a state of mind where you say to yourself, 'Here is an opportunity for you to celebrate like never before, my own power, my own ability to get myself to do whatever is necessary.'

*Anthony Robbins*

Quality questions create a quality life. Successful people ask better questions, and as a result, they get better answers.

Success in life is the result of good judgment. Good judgment is usually the result of experience. Experience is usually the result of bad judgement.

*Anthony Robbins*

What we can or cannot do, what we consider possible or impossible, is rarely a function of our true capability. It is more likely a function of our beliefs about who we are.

*Anthony Robbins*

The truth of the matter is that there's nothing you can't accomplish if:

*Anthony Robbins*

Beliefs have the power to create and the power to destroy. Human beings have the awesome ability to take any experience of their lives and create a meaning that disempowers them or one that can literally save their lives.

*Anthony Robbins*

I've continued to recognize the power individuals have to change virtually anything and everything in their lives in an instant. I've learned that the resources we need to turn our dreams into reality are within us, merely waiting for the day when we decide to wake up and claim our birthright.

*Anthony Robbins*

We are the only beings on the planet who lead such rich internal lives that it's not the events that matter most to us, but rather, it's how we interpret those events that will determine how we think about ourselves and how we will act in the future.

*Anthony Robbins*

You see, it's never the environment; it's never the events of our lives, but the meaning we attach to the events -- how we interpret them -- that shapes who we are today and who we'll become tomorrow.

*Anthony Robbins*

It's not the events of our lives that shape us, but our beliefs as to what those events mean.

*Anthony Robbins*

I believe life is constantly testing us for our level of commitment, and life's greatest rewards are reserved for those who demonstrate a never-ending commitment to act until they achieve. This level of resolve can move mountains, but it must be constant and consistent. As simplistic as this may sound, it is still the common denominator separating those who live their dreams from those who live in regret.

*Anthony Robbins*

One reason so few of us achieve what we truly want is that we never direct our focus; we never concentrate our power. Most people dabble their way through life, never deciding to master anything in particular.

*Anthony Robbins*

If you do what you've always done, you'll get what you've always gotten.

*Anthony Robbins*

Take control of your consistent emotions and begin to consciously and deliberately reshape your daily experience of life.

*Anthony Robbins*

You are now at a crossroads. This is your opportunity to make the most important decision you will ever make. Forget your past. Who are you now? Who have you decided you really are now? Don't think about who you have been. Who are you now? Who have you decided to become? Make this decision consciously. Make it carefully. Make it powerfully.

*Anthony Robbins*

All personal breakthroughs begin with a change in beliefs. So how do we change? The most effective way is to get your brain to associate massive pain to the old belief. You must feel deep in your gut that not only has this belief cost you pain in the past, but it's costing you in the present and, ultimately, can only bring you pain in the future. Then you must associate tremendous pleasure to the idea of adopting a new, empowering belief.

*Anthony Robbins*

It is in your moments of decision that your destiny is shaped.

*Anthony Robbins*

It's not what's happening to you now or what has happened in your past that determines who you become. Rather, it's your decisions about what to focus on, what things mean to you, and what you're going to do about them that will determine your ultimate destiny.

*Anthony Robbins*

More than anything else, I believe it's our decisions, not the conditions of our lives, that determine our destiny.
