I MISS YOU

**The Department for the
Missing Persons would like**

to inform you someone is currently missing you; please send that person a message.

If a kiss is a rain drop send me a storm. If an embrace is a second send me hours. If a smile is water send me an ocean. If love is a person send me YOURSELF!

I don't know how to tell you this, but ever since I'm with

**you there has been grief
inside me I feel frequently.
And it's time to tell you ...
it's caused by your absence.**

**You only realize you're fond
of someone and you love
them when that person
leaves and takes the pieces
of your shattered heart.
I love your gaze when you
look at me! I go crazy when**

you smile! When you kiss me, I feel in heaven – but I only realize I need you when you're not by me.

I'm sending you a greeting for no reason so you have a good time, to keep your heart warm, and to remind you someone's always thinking of you!

**I don't feel so well, I need
you to take my temperature
and temper..... I
just might feel better
afterwards.**

**Wanted! The prettiest eyes
ever which have illegally
crossed the borders of
friendship, stolen my heart
without permission and were
last seen in my dreams....**

**I'm sending you two kisses
straight from the heart – for
you to keep as long as we're
apart!**

**There's something about you
that attracts me. It might be
the gaze, it might be the
smile, and it might be your
soul reflecting in your eyes!
I'm not sure; I only know I
miss you a lot!**

**There's a day when I don't
eat. There's a day when I
don't go anywhere, and a
day when I don't go to work.
But there isn't a day I
wouldn't miss you and think
about you....**

**I need you like a rose, like a
poet needs grief. Without
you I am nothing, and
everything with you. You are
my hope, my soul needs you.**

**Please accept this message
from a person who's
romantic, not very practical,
fantastic lover, who
sometimes forgets about
herself but is ALWAYS
thinking of YOU!**

**Hope is like the sky at night!
It is never too dark to find at
least one star.**

It's pleasant to think about you, even more pleasant to hear from you, but to see you and embrace you is the most pleasant of all. That's why I will call you right away to agree on when to meet so I can see you and hold you.

When I'm alone, every fallen tear is for you; but I'm the happiest with you, when all the tears are forgotten.

With you I feel as high like a shooting star across the starlit sky. Good luck at work, I can be patient, give me a call when you have the

**time wish to rise again with
me!**

**I'm looking for the signpost
to your heart.**

**If you sincerely love
someone, don't leave them -
that can hurt so much.**

**The only consolation I have
left is that we share the
same sky, the same stars**

that protect us and watch over you.

Hey, aren't you forgetting something? What? Me?

Hello my pretty flowers who breathe and live for those short moments that will never last, and that's the way it should be. These boys of ours are like spices ... not too little, not too much, but when you get used to them

**you can't live without
them!!!**

**When the rain falls over
trees and the drops are
bounced to your body I have
to be with you otherwise it
makes me feel blue to
wonder who'll dry those
raindrops for you.**

**The wind howls through the
streets, my gaze is lost**
