WHY DID I WRITE THIS EBOOK?

I'm sure your expecting me to tell you that I'm writing this ebook because I'm sick of all the crap out there blah blah blah and this ebook is going to show you the "real way" to make money online blah blah blah etc. I get it right?

Well... kind of AND kind of NOT.

Ever wonder why most "online systems" never work?

Well....the surprising fact is that they DO work

You see most “Gurus” out there selling their systems
DO IN FACT REALLY WORK.....FOR THEM!

You see making money online is not about getting a
“system” its about developing and implementing
certain skills online. If it really was that easy to just buy
a system and automatically make a 7 figure income
then everybody would have one.

But if you have certain “skills” which are necessary to
make money online then you can take your income
literally to whatever you’d like it to be.

Now I am probably going to get into a lot of trouble
here for giving you guys this information

So why am I writing this book again?

Well the reason is below

Yep... That's me.

Up until last year I was a 21 year old double college dropout (I did it twice just for kicks).

Well I finally realized the college thing wasn't for me and therefore the possibility of getting a high paying job. Well..... here was the problem....I STILL WANTED TO MAKE A LOT OF MONEY!

Not a good combination huh?

So I joined a network marketing company built my
team online and skyrocketed to success right?

Wrong!

Well lets just say I didn't start of in that direction.

No sooner did I join my first network marketing
company did I realize exactly how terrible I was at
network marketing!

So how bad was I?
