

A Note from the author:

The reason I called this book, my first book, Confessions Of A Girl, is that this book will take you on a journey into my mind and see what it is that I feel, or have felt at the time of writing that particular piece. It is my way of confessing my wrong doings on paper without saying specifically what I did, as well as releasing some built up anger for one person in particular.

For most people, this is nothing but words on a page, however, what makes poetry good, despite the content, is the feelings behind it...If there is feeling, genuine emotion, put behind the words it makes the piece special and important. When you lack emotion it's simply words. As I wrote each piece there was a lot of emotion, and many tears, and that is why this is my book of Confessions.

This book is very personal to me as it covers a lot of my life, choices I made, things I felt, and people who were and are important to me. My hope is that some of the people who read this will be able to relate to my book and see that although we make mistakes as human beings, it doesn't have to be something that holds us back in life or make us weak. We as humans are supposed to learn from our mistakes and change what we are doing to be a better person. For some of us, that means changing our identity and starting fresh, for others it means waiting for that right person to walk into our lives and make us see our mistakes and want to change so that we don't lose what we have in our lives at the present time, and for some, it's a little of everything, as was the case for me.

I thank you in advance for reading my words and taking the journey into the personal side of my life. I hope you enjoy what you find here and please feel free to leave me comments and as always, don't forget to visit the website (<http://4einc.info>) and see all that we have to offer.

Mr. Wrong

12/05/06

I was fine before you walked into my life
Funny how now I only want to talk to you with a knife
You're my past and that's where you belong
Cause you, in fact, were Mr. Wrong
You tried to make me happy but you didn't
All I did was keep my misery hidden
I tried to please you
But you walked on me, like a mat with a shoe
I tried to change
But inside it felt strange
That's okay cause you're my past
And you're my last
I'm done with being sad
Done with being bad
I found somebody great
It must have been fate
He lives so close to me
I don't know how I couldn't see
That love was right around the bend
And all my honour he would defend
I loved you back then
Now I know what's real, amen
You were Mr. Wrong and now I have Mr. Right
His love is so bright
He is my everything, my all
And will never let me fall
I love him so

And I'll never ever let him go.

Count My Blessings

12/06/06

Sittin here lookin at the screen
Wishin I could wipe the slate clean
Thinkin about the past and what was lost
Thinkin about everything it cost
The price I paid for being stupid
By looking everywhere for cupid
Finding it in all the wrong places
Knowing that I have to look into their faces
Seeing their hurt
Thinkin of myself as nothing but dirt
Why I went the way I did I'll never know
Cause lookin back I know it was low
So here I sit time after time
Knowin what I did was a crime
Cryin a million tears
Feels like I've been cryin for years
Don't know why I'm still alive
Or how, mentally, I survive
I hate myself for all I've done
How could I have thought I was having fun?
Sittin here lookin at the screen
Wishin I could wipe the slate clean
Not sure why you love me
At times I think you should be free
Of my stupidity and past
That you should just run really fast
And find a life that's better than what I can give
To find a place of happiness to live
Because you deserve the best
And I feel like I just make you stressed
Yet I'm grateful that you're in my life today
And count my blessings every day.

One & Only

12/06/06

The tears, they will not stop
My heart sinks and I feel it drop
It's like I'm not human anymore
Like the sand upon an ocean shore
I fade away without notice or care
Wondering how this life can be fair
My cheeks stained by the tears
That have been falling for years
The unhappiness I feel inside
I feel as though I have died
Forgotten by the world around me
Nobody to hear my quiet plea
To be loved for once in my life
To know what it's like to be a wife
To raise a family of my own
To be acknowledged and known
Yet here I sit, alone and crying
Telling myself to stop lying
My life will never be good
'Cause I'll forever be misunderstood
Still, these tears will not stop
I'm so tired I just want to drop
Into a heap on the floor
Of life, I'm wanting more
But I know better
So I'll just sit here and write my letter
My note for the end
Knowing that truly I was without a friend
'Cause this life gets lonely
When you're the one and only.

My Cry

12/07/06

Lookin for somethin good in life
So I can forget the knife
I hold in my hand
But I feel like you don't understand
The way I feel, each and every day
All I want is for you to stay
To never leave me alone
'Cause my world is a cyclone
Spinnin out of control
And I'm not feeling whole
I'm not all here
And I have lots to fear
So here I am again looking for something good
Tryin to figure out what I did
To have a life so full of pain
Lookin outside and all I see is rain
Why can't my life be sunny?
Why can't I just have money?
Why can't I make it all work out?
And why does my mind have to be full of doubt?
All I want is to find a life that's happy
And trade in this one that's crappy
I'm tired of being sad
Tired of being told I'm bad
I'm tired of being afraid
Tired of lookin at this damn blade
Just take it away from me
Let me be free from this life
Let me put down this knife
Help me please
Take my hand and give it a squeeze
So that I know you're there
And that for me you care
This is my cry
For help before I say goodbye.

Free

01/03/07

You think you're so hot
But really you're not
You think you're always right
When you really only want to fight
You push me this way and that
Tellin me that I'm nothin but a rat
Like I'm somethin you can get rid of in a flash
Like a bat to my skull; dead with one fatal bash
Too bad I ain't goin out like that
To you I'm nothin but a brat
Too bad you can't eliminate me
And have your mind be free
Cause deep down I don't think you wanted this baby girl
Then it was too late cause your world was in a whirl
Now here we are 20 plus years later in the same spot
You still think you're oh so hot
And I'm still the knife in your back
Cause a life is what you lack
Blaming everybody but yourself
Thinkin you're like something glass sittin on a shelf
Something to look at and do nothin with
Living as if your life were a myth
I hate you and you don't even know
That you're a reason why my confidence is low
Back off bitch and get outta my view
This is my time to shine; it's my debut
4E Inc is gonna take me far
And to my husband I'm already a star
Too bad that's somethin you can't see
That's okay, cause now of you I am free.

Takin My Bow

01/03/07

Look at me
Sittin all pretty yet you don't see
The fact that I'm doin somethin with my life
Other than sittin here simply being somebodys wife
I'm having fun
Instead of assuming my life is done
I'm better than you
And there's nothing you can say or do
To make me think otherwise
Cause I'm sick of your fuckin lies
Tellin me I'm good when you don't believe I am
Your words are nothing but a scam
You hate me being alive
Yet here I am struggling to survive
Just me and my man
Cause he's my number one fan
Too bad you wanted her more than me
You can deny it but in your eyes I see
That the dead is better than the living to you
And deep down you know it's true
Not once when I was little did you tell me that I was pretty
What a pity
Your loss not mine
Your shit makes for good rhyme
So look at me now
As I stand here happily and take my bow.

Bridal Dream

01/04/07

I'm waiting for the day
When I can finally say
That I'm a married woman
And that my husband is my number 1 fan
'Cause at the moment it's only a dream
At times I just want to scream
Fearing this will never happen for me
Yet in my mind it's all I see
Wanting to wear that white gown
And feel like the queen of the town
To have flowers all around
To have bubbles blowin' from the ground
The perfect wedding that's what I want
But bad dreams haunt
Me every day
Thinking, knowing I'll never see it that way
What can I say, it's every girl's dream
To be a bride and beam
Beautiful for the world to see
And know she's all she can be
I dream of being a bride
By the ocean and crashing tide
The warmth of the sun
For my day to finally come
But for me it will never be that way
It's a dream, that's all I can say.

Jessica Diamond

Deceive

01/10/07

You look at me but you don't see
The fact that I am not gonna let it be
You look at me and see somebody who can be fooled
But here my anger has pooled
I am not somebody you can deceive
Whether or not you choose to believe
I will not stand for that
If need be I will go into combat
With words spoken loudly
And you had better believe they will be spoken proudly
'Cause there's one thing I cannot stand
And that's a person who has a demand
That makes another feel bad
And makes them cry because they're sad
I am not somebody you can deceive
Whether or not you choose to believe
I know what was said
And I know that tears were shed
Tonight I sit here pissed
Partly wanting not to exist
'Cause what you did hurt
To know that with her you did flirt
You think I don't know
But you're wrong and that was low
Sayin what you did to her
In my head it's all a blur
And you look at me but you don't see
The fact that I am not gonna let it be
'Cause I'm not somebody that you can deceive
Whether or not you choose to believe.

Flowers Of Blue

01/14/07 *Also featured in "The Beginning"*

You tell me you have something for me
But I have to wait and see
Sitting there I wonder what it could be
What could you possibly have planned for me
You say you need to make a quick stop
As there's something you need to shop
For that will make me cry
You're right, not a word of a lie
I was crying inside
But the outside tears I did hide
To my surprise, flowers of blue
I sat and wondered, could this be true
Could he really be this sweet
My insides so full of heat
Passion for this man beside me
Who is my prince, here to set me free
These flowers of blue full of life
Making me want to be his wife
'Cause you make everything right
Even though I momentarily lost sight
Of that a few nights ago
But you're my life, my beau
My world and my all
I know if ever I should fall
That I can find comfort in your embrace
And find your love staring me in the face
Thank you for everything, for my flowers of blue
But most of all, thank you for just being you.
