## About 'The Poetry Book

This compilation of natural poems is a tribute to infinite elements of Mother Nature in its most glorious form. Each poetic stanza brings out the eternal beauty of the 'Natural Habitat' and proves time and again, that wildlife and nature are the two most quintessential parts of Gods celestial earth. The more Man devastates his own environment to quench his cannibalistic desire, the more he treads on the path to ultimate ruination. Be it an inconspicuous mosquito/leaf/seed or a gigantic human form/tree- by killing either you're committing the greatest sin, because for the Creator every form of life-whether tiny or Herculean is pricelessly equal. One effusively brilliant poem after another, Parekh creates awareness in our burgeoning youth to conserve and protect untamed Environment/Wildlife. The poet exhorts everyone to be blessed with every richness of this planet by letting Nature and Wildlife spawn, just the way it did when the Lord had created this earth millions of years ago.

This book aims at disseminating the message of environment and wildlife conservation in each of its verse which are interwoven with the splendor and sparkle of God's bountiful chapters of creation. Whilst unceasingly describing the naturally panoramic beauty of this Universe-the poems within urge the innocent child in each one of us to come forward, help save the environment. And at the same time be a princely slave of its wonderfully ravishing fragrance, which makes you realize our true mission and roots in life.

## Different Poems

## 1. IT WAS SOON GOING TO RAIN

The squirrels suddenly commenced to boisterously gallivant through the branches; jubilantly diffusing into a festoon of uninhibitedly ecstatic sounds,

The rivers suddenly increased their pace a trifle; ardently clashing against the resplendently glittering rocks that confronted them in their way,

The roses suddenly came back to vibrant life after the sullen day; triumphantly radiating an unsurpassable ocean of unassailably mesmerizing scent,

And a cradle of voluptuously crimson clouds suddenly embellished the sky; enveloping its fathomlessly barren periphery with stupendously spell binding color and grace,

O! Yes; your guess was as good as anybody else's on this gargantuan planet; the truculent tyranny of heat was soon about to disappear into the aisles of nothingness; it was soon going to thunderously rain.

1.

The sparrows suddenly started to ebulliently whistle; euphorically deluging every cranny of this fathomless atmosphere with an everlasting entrenchment of fantastically enamoring sounds,

The kangaroos suddenly sprinted in air like never before; ecstatically racing through the unfathomably timeless wilderness; with the astronomically indefatigable enthrallment of Mother nature in their stride,

The eggs suddenly hatched into the most fabulously beautiful of fledglings; permeating the fabric of the gloomy air around with an unrelenting volley of divinely new born life and sound,

And a blanket of gorgeously titillating clouds suddenly enlightened the sky; majestically painting its empty belly with streaks of poignantly compassionate and everlasting empathy,

O! Yes; your guess was as good as anybody else's on this boundless planet; the salacious whiplash of

acrimonious heat was soon about to wholesomely  
abnegate; it was soon going to indefatigably rain.

2.

The lions suddenly pumped their fur an extravagant  
trifle; victoriously parading through the insatiably  
untamed outgrowths of; euphoric scarlet and green,

The bells in the sacrosanct temple suddenly started to  
incessantly ring; casting a spell of impregnably  
mystical incantation; upon every religion; caste; and  
alike; heavenly alike,

The shadows suddenly started to mischievously flirt  
with the vividly life-yielding ground; merrily  
jingling even as the serene tranquility of dusk was a  
overwhelmingly far-fetched cry,

And an unconquerable cistern of enchantingly vibrant  
clouds suddenly perpetuated the sky from all sides;  
irrevocably crowning it as a royal prince of all times,

O! Yes; your guess was as good as anybody else's on  
this endless planet; all satanically impeding sweat  
was soon about to evaporate till times beyond infinite  
infinity; it was soon going to miraculously rain.

3.

The peacocks suddenly unveiled their feathers a  
wholesomely profound blossom; disseminating a wave of  
ravishing excitement in even the most infinitesimally  
deadened particle in the lugubrious atmosphere,

The bees suddenly started to melodiously sing and  
dance; Omnisciently replenishing many a traumatically  
agonizing heart; with a mountain of incomprehensibly  
unending sweetness,

The snakes suddenly forgot to horrifically bite;  
sensuously intermingling for times immemorial; with the last rays of the setting Sun,

And a panoramically exotic canvas of enigmatic clouds  
suddenly enshrouded the Herculean sky; impregnably  
clinging to it like the ultimate seductress of its  
impoverished life,

O! Yes; your guess was as good as anybody else's on this timeless planet; the mercilessly decimating battlefield of belligerent heat was soon about to crumble like a pack of cards; it was soon going to perpetually rain.

## 2. RAIN, RAIN AND TRIUMPHANT RAIN

Infinite bodies had pathetically shriveled into nothingness; as blistering rays of the Sun unsparingly blazed left; right and profuse center,

Whirlpools of obnoxiously debilitating sweat oozed from umpteenth arenas of the body; as boundless scores of innocuous organisms; reeled under the vicious onslaught of sweltering heat,

Fathomless kilometers of panoramically lush green land; now disdainfully metamorphosed into torturously slithering and lambasted deserts,

Pristine flakes of spell binding snow perched delectably on the mountaintops; now abominably melted in meek submission; under the ferocious inferno of the simmering afternoon,

The boisterously vivacious branches of the mystical forests; now bore a sullenly barren look; as the leaves mercilessly crackled under the outrageously fuming Sun,

Unfathomable hordes of innocuously philandering cattle; were now rendered to disgustingly hollow skeletons of sordid dilapidation; as the soil penuriously scorched everything in conceivable vicinity,

The corporate tycoon now looked like an insane lunatic with bloodshot eyes; as the most spell bindingly impeccable of his shirt; was now enveloped in abhorrent pools of grime and sweat,

The most tenaciously resilient of abodes now creaked an inconspicuous trifle; cursing till beyond realms of eternal eternity; as the wave of summer horrendously augmented its acrid propensity,

The most voluptuous nimble and enchanting soles; now barbarically bled at all quarters; as the earth on which they holistically transgressed; had now transformed itself into insidiously torching charcoal,

Denizens sluggishly snubbed each other in truculent exasperation; as diabolical rays of the unrelenting

Sun; austere pulverized their dormitories of  
exotically bountiful fantasy,

The most majestic of lions in the inscrutable jungle;  
dastardly retreated into their caves; unbelievably  
forgiving their prey; as the treacherously unruly heat  
took firm roots into their fur,

Children wholesomely forgot their innocently  
replenishing smiles; as the day progressed more  
tyrannically than ever; putting hideously crippling  
brakes on even the most infinitesimal of their  
activity,

The newly wedded relinquished all desire to love; as  
the only thing that they were remorsefully overwhelmed  
with; was the adversely admonishing and severely  
reprimanding light of the midday Sun,

All anecdotes of irrefutably sparkling honesty; now  
converted into the graveyard of blatantly manipulative  
lies; as entities staggered more brutally than ever  
under the salaciously whipping carpet of ominous summer,

The squirrels and kangaroos now transgressed as slow  
as the pot-bellied tortoise; feeling the  
preposterously invidious heat horrifically hamper  
their otherwise; astoundingly vivacious reflexes,

Resplendent river levels had dramatically reduced;  
with an unsurpassable army of crabs; snakes and ants;  
frantically scurrying out of the mud every now and  
again; as the earth cooked like an unstoppable volcano inside,

The most lightening paced of rambunctious spiders now  
sat dolorously in one corner of their den; wholesomely  
fatigued in the onerously persevering heat; to  
ecstatically reconstruct their broken webs,

Fireballs of sensuously drifting and timelessly  
exhilarating breath; now seemed as frantically last  
bid to enter the gory corpse; in a valiantly vain  
attempt to elope from the tumultuous heat,

The passionately palpitating beats of the immortal heart; were slowly losing their fervency; too exhausted in pumping blood for the pugnaciously sapped and burnt body; rather than pulsate for the spirit of unassailable love,

And if there was ever an invincibly singleton solution to all of the above; then it was nothing but the most pricelessly proliferating form of the ALMIGHTY LORD ;  
O! yes it was RAIN, RAIN AND TRIUMPHANT RAIN.

### 3. IMMORTALLY NATURAL.

An infinitesimal fraction accentuated was the tip of the flamboyantly towering hill; pompously soaring towards the Omnipotently golden Sun,

An inconspicuous fraction accentuated was the salt entrapped in the ravishingly undulating waves; simmering in poignantly untamed desire; as the froth emphatically clashed against the marvelous rocks,

A capricious fraction accentuated were the blades of perennial grass; overwhelmingly encapsulated with coats of effusively profuse green and a tantalizingly enthralling carpet of scintillating dewdrops,

A transient fraction accentuated were the clouds in the fathomlessly ebullient sky; extravagantly enveloped with shades of embellished scarlet and streaks of voluptuously thunderous lightning,

An ethereal fraction accentuated were the philosophers in the classroom; tumultuously over-doing their acts of portraying an unfathomably unending repertoire of human emotions,

A fugitive fraction accentuated were the roses in the blissful meadows; indefatigably blooming to caress the walls of eternal paradise; profoundly enticing the mischievously philandering bees for a quick kiss,

A diminutive fraction accentuated were the speeches of the manipulative politicians; spuriously promising the masses of things; they perhaps might not be able to ever witness even in an infinite more lifetimes,

A mercurial fraction accentuated was the melting of the incomprehensibly mammoth iceberg; at times deliberating wailing as the Sun caressed it an instant longer; with its compassionately magical rays,

An ephemeral fraction accentuated was the painting of the sensuously romantic artist; intransigently overwhelming even the most tiniest iota of the barren canvas; with vibrantly loquacious color,

A parsimonious fraction accentuated was the scintillating shark's tail; bombastically flashing every now and again in rustically volatile frostiness,

An evanescent fraction accentuated was the regally soaring eagle in the sky; shamelessly exhibiting its mesmerizing wings a trifle more than necessary; and more unabashedly as each second unfurled into a wholesome minute,

A tiny fraction accentuated was the exhilaratingly dancing peacock; at times stretching its feathers beyond the dormitories of comfort; just to replenish and rejoice in the wonderfully glorious rain,

A minute fraction accentuated was the song of the melodiously enchanting nightingale; leaving its ecstatically relentless reverberations even centuries unprecedented even after; it emanated its first voice,

A miniature fraction accentuated was the animated leap of the boisterous frogs; incessantly bouncing in the sleazily stray monsoon ponds; throughout the fabric of the exotically divine night,

A bizarre fraction accentuated were the parties of the disconcertingly dissatisfied business tycoons; baselessly blowing quintessentially precious moments of veritably vital life; in meaningless wisps of cigar smoke and wine,

An insipid fraction accentuated was the stride of the sluggishly languishing tortoise; as it took imperceptibly marathon hours on the trot; to even sprout its neck out of its obdurately motionless shell,

A non-existent fraction accentuated was the march of the victoriously exuberant soldiers; tirelessly brandishing their unflinching brawn and sword; to realms beyond infinite infinity,

An indecipherable fraction accentuated was the frequency of unconquerably timeless breath; at moments inadvertently expunging out with truculently volatile ferocity; to release the inner most chords of the bereaved soul,
