DISCOVER A TRUE WORLD OF YOURSELF

ALEX LISTENGORT

In this edition are presented the works by Alex Listengort, written in a period of time from autumn-2008 to may 2013. Here the reader may see a circulation of different topics, of questions and answers, embodied in Poems. These Pieces of Arts do Bless and Fill Up with a Special Energy that is familiar to every living creature, and that brings peace, eternity, divine presence and Miracle of life in all its forms. Searches for a meaning of life and its integrating into the life itself, eternal existencial questions, for which the author dares to give an answer in his poems. Themes of love and beguines, motherland, nature, time and something they call the God: all that finds its reflections in authors' poems, but the main here are the questions of enlightenment, spiritual awakening of a human being, gaining happiness, abundance and awareness: of everything, that each of us insists to find on the line, of everything, that, as author says, no one had ever really lost, and what is just temporarily hidden under a tricky veil, that is a part of a global plan, that is a special condition of this Game. Today in our hands we all keep a totally blessed possibility to get the needed truth, to open a stream that does fill up and gives us new power to go further: with a good will, consciused goal, bright mind and an awakened soul.

Many people that have known Alex's creativity do mark a special energy of his poems, that truly gifts them peacefulness, joy, bliss, energy and a new knowledge.

The Author itself sincerely looks forward for his works to complete their mission by revealing in a right way to the people beautiful secrets of all the world around and will bring happiness, peace and awakening into this world.

Besides this edition are published «Okean Bozhestvennosty» - a complete book with Alex Listengorts' poems, notes and prosaic miniatures, and also – «A New Stage of Awakening», a book, where reader finds a new way of looking on humans spiritual awakening and on the esoteric knowledge that leads to such revelations. In prospect there is a novel "The Return".

The Light of the Israeli Land

אנחנו כולנו אחים

What matter, who you are and where are you from

An angel covers child with its wing

Bendito luz de cañada divina

Such a great time happens in the Universe

Vamos a crear, pensar, hacer, y alcanzar!

הנה מה טוב, הנה האדלף

It faded drowsy smog of haze

Let's build, imagine, do, create and think

A blissful light of a divine valley

אזנונו מן האדלף האדלף האדלף...

Divine Light...

Let skies shine with its blueness

It's needed to be a little be lunatic

Hablemos sobre el "Soy" Superior

The hearts will open for the moments of divinity

## A MESSAGE FLOWS

Dear Reader...  
Remember, how Moon  
Shines with its lights  
Right in the skies...

Dear Reader...  
Remember, that Angels Too  
All Day and Night  
Are there for you...

Dear Reader...  
Remember the Space  
Where in the Eternity  
Shines your Home, your base...

Dear Reader...  
Remember the Things  
Within them all "OM"  
Eternally Sings...

Dear Reader...  
Remember how You  
Such a courage had  
To fall in a rope of sand...

Dear Reader...  
Remember the Sparkling  
And the glorious Light  
Which you shined Inside...

Dear Reader...  
Remember that You  
Are Creator and Genius  
In your Spirit Too

Dear Reader...  
Remember you Lived  
Thereat, and then,  
And then Lived again...

Dear Reader...  
Remember you Awakened  
That magnificent Time  
That Divine Second

Dear Reader...  
Remember there Is Love  
That is double for You  
Blessed from Above

Dear Reader...  
Remember how Goes  
That Message by Mine  
For Mind of yours

Dear Reader...  
Remember the Force  
That in a Stream  
Blessedly Flows

Dear Reader...  
Remember that Happiness  
Lies within right  
Your own Heart

Dear Reader...  
Remember you Wished  
To Beam Right  
With Awakening Light

Dear Reader...  
Remember God's Flame  
Does blissfully Shine  
All along the Line

Dear Reader...  
Remember how we  
Were talking with you,  
And going to dream  
Thanks all those  
That all day and night  
Are There for you too,  
And that Love,  
That is Double for you,  
And Shine day and night  
With your Light Inside,  
By Creator's Genius  
In Your Spirit too,  
Remember you Lived  
Thereat, then, and again,  
How My Message Goes  
For Mind of yours,  
And Divine Force  
Like a Stream Flows,  
Reveal Happiness right  
In your own Heart,  
Hearing Things  
Gladly "OM" Sing,  
Remember the Moon  
With its lights in the Skies,  
Remember the Space,  
Universal Base,  
And how you Awakened

That magnificent Second,  
Remember how Soul  
With Eternal Flame  
As God, Does Blissfully Shine  
All along the Line...

## **I would like to tell so much**

I would like to tell so much...  
It is needed to transmit much.  
To say, to tell – in different languages,  
Before again taking a rest.

Being wise and grown from early age,  
Vowed to Lord and to myself  
To carry light into the world,  
And celebrate each day.

And I will tell! Everything, I'll tell,  
I'm already telling now.  
And transmit light, and ring my bell,  
Which blesses all us for a while...

To make you, in that grateful day  
Remind the Vow too,  
That you are carrying the light,  
No matter how old are you...

## **A Road to Heaven**

Different people walking,  
Staring each other's eyes.  
Again that should never be going,  
They know that it wasn't right.  
That it never happened –  
They are trying to trust tonight.  
That those millions  
In a sudden light stream  
Just escaped  
For the skies of dream.  
It feels everywhere  
A spirit of silence.  
And the bright fire spares  
In their children's eyes.  
Eternal memory  
For those who came here  
In a sudden stream  
To escape for the skies of dream

## **It faded blossom of the crazy time**

Mellow colors of a hog-wild maple...  
It faded blossom of the crazy time.  
For everything on earth there is its way,

But anxiety – only for a Home of mine.  
We get very much of new,  
Leaving the past for ever and a day.  
Questions of calmness, deepness, of spiritual –  
They bicker, as the water in the lake.  
And, sprinkled with that special water,  
As poems come back here to awake.  
We are all strangers here...  
And to go for wandering  
We were almost ready there and then.  
We've drunk the wine, blessed and divine,  
It faded blossom of the crazy time.  
But the stoup will be again tipped of  
With newly blessed divine wine.

## **Golden Summer**

Golden Summer  
Rang in May  
With sunny light's  
Bright aquarelle.  
The birches didn't actually  
Fix themselves up,  
As the birdies, colored dove,  
Flied already backward.  
To me here all is joyful,  
Very nice and lovely.  
Seems I have it all here,  
All the gold and girlfriends,  
And fellows, and the knowledge  
There is bread and wine,  
Vocation is completed,  
Both earthy and divine.  
Then, that is the way:  
To sing your own song,  
Never to regret  
When you will be gone.

## **Celestial eyes colored the waves of sea**

Celestial eyes colored the waves of sea  
Shine like the stars over field that was left by the moon.  
Many of hearts on their charming way they have seen,  
And every meet was for them a foredoom.

They trusted so much in sincerity of every love,  
In sparkles' divinity, flowing right in this eyes.  
But it was only an image that they submit as above,  
And every time the love bounded further along the hearts.

Oh no, these fateful meetings are not a fraud,

And that magic shine in their lovers' hearts is not a game.  
Caress of their hands and bends of the shoulders are truly devout,  
Simply not everyone in their eyes recognized the flame...

### **Hey there, Girl... Salam!**

Hey there, Girl... Salam!  
Sit right next to me.  
So I give a smooth  
Your tender hair,  
Your skyward glance  
For that azure,  
Mysterious and humble,  
I should catch, for sure,  
And we will burn together  
In shining of the hearts,  
And joyfully return  
For the sparkling palace,  
Where thousands of mirrors  
Should us reveal a secret:  
Are you eternal light,  
Are you, whom I've been seeking...

### **Tan mucho quiero yo decir**

Tan mucho quiero yo decir...  
Tanto hay que transmitir,  
Decir – en idiomas diferencias  
Antes de una vez más reposar...

Ser sabio y maduro desde niño,  
Prometiendo a Dios y sí mismo  
Traer a este mundo su luz eterno,  
Celebrando cada momento.

Y yo diré! Yo diré todo,  
Ya diga ahora.  
Y transmito la luz,  
Y le nos bendice...

Para que a este tiempo de fiesta  
Vosotros tambien recordéis una promesa,  
De que os traiga la luz,  
Siempre fuerte y belleza...

### **The all-time nature**

We're talking of eternal "Am" ... Of all-time nature,  
That travels, carrying it's "I Am" with Itself.  
The consciousness of infinite divinity  
It does possess, carrying light as wealth.
