

Poems Of My Life

By; Celine Gamboa

In My Darkness Hour

In my darkness hour
Everything seems so blue
And my eyes look's like it has a glue
No one here gives me a clue
When it will be overdue

In my darkness hour
I've seen no light
I walk with no sight
And I don't know whether if it's right
So my heart is at fright.

In my darkness hour
I stoop down and pray
To MY LORD who made the clay
I cried to HIM as I lay
All my worries for every day.

He will guide me as I walk
Every time I need someone to talk
He is ready to listen, though I never heard His voice
But I know I made a right of choice.

So in my darkest hour
I will not be afraid of
For He will never let me off
And everything that comes like an obstacle
I will be okay, cause He is more than an oracle.

Grow Old With You

Oh my love, my heart is in deepest sorrow.
The loneliness that filled in my heart are overflowing.
I am covered by grief because of the love that I never had.
I am longing for your love, that is why I feel so sad.

My love for you is deep as the Atlantic ocean,
As broad as the Pacific ocean and as high as the Mount Everest.
It can never be counted by the Hygrometer
Or a rain gauge unlike when there's a storm.
And it can never be measured by the Barometer
Nor an Anemometer unlike the wind when it's blowing.

I will be the happiest person on earth
If you will love me for real.
And I couldn't ask for more.
Just to be with you forever more.

I want to grow old with you.
Sharing every single moment of my life with you.
Sharing all the loneliness and happiness with you.
I will hold you close to me until the daybreak.
And I will not go tired whispering the word "I love you."

I want to grow old with you.
Because my heart knew only you.
I will never leave your side even when there's a storm.
Though we live in this imperfect world that is full of changes.
But my love for you will be perfect and it will forever remain.

I will make you laugh when you feel sad
I will hold the umbrella for you so you won't get wet.
I will stand by your side even you don't want me to stay.
I will make you see that I am the one for you...

I want to grow old with you
Because I know in my heart you are the person that I need.
I need you to complete the emptiness that I have.

And I pray to God that you can see me...

I will wait until the day that you can notice me.
The day where you can love me forever.
The day that God will send you back to me.
Because I want to be with you forever....

DREAM

Where are my dreams?
Someone took it away from me.
The man that I used to love.
Stole my heart and throw it away.
I become damn and forgot my dream.

How can I dream?
When every time it try to heal.
I feel like it's a Halloween.
The smell of the candle in the wind.
It brings back all what I zeal.

What is my dream?
To be known for who I am.
An author, a poet, a writer.
To be free to express my feeling.
To be loved not just to be rich.

Because fame is just for a while.
Love is forever in my heart.
Like the music stay on a chart.
Memories that keeps me smiling.

Now I have my dream.
I hold it with my two hands.
And I will never let it go.
For I am the master of my own.
I will face and conquer tomorrow for my dream.

I'll Stop My Heart From Loving You

I'll stop my heart from loving you,
So I won't get hurt anymore.
I'll stop my heart from loving you,
Even the pain is almost killing me too.

But my tears can't stop from falling,
Because the pain is too much to bear.
I'll put up lots of courage
To forget what I feel for you.
Though it tears me apart.

I guessed I was wrong to love you
Because you can't love me too.
I have to teach my heart to stop from beating
So you won't see me hurting.

I felt sorry for myself for being failed once again.
For loving a man who cannot love me back.
So now I'll stop my heart from loving you.

I have to be numb so that I won't feel the pain
I have to let my mind control my feeling, so I can go on living.
I have to stand up again after the fall and forget that once I met you.
My heartache soon will be healed. If when? I don't know....

But I have to escape once in a while to ease the pain
Just don't look at me the way you looked at me before.
Because I know it meant nothing.

If you could just see me inside
I am a soul that nowhere to go.
And I'm slowly dying...
Like a falling leaf in the morning.

I need to stop my heart from loving you
Before it soaked me through.
I'll stop my heart from loving you
So I can hope a better future too.....

Wonderful Feeling

Love...Love...Love...
What a wonderful feeling?
Love that you feel for the living creature.
Love that God gave to us.

Without love, who we are?
Love is the language that our heart speaks.
Love is in every human, it's a gift from up above.

Fell in love is a wonderful feeling.
Love is the answer for the people
Who are fighting for nothing.
Just give love cause its a wonderful feeling.

Picking-Up

I was scattered....
Scattered by the wind
That blows in my window.
Feels like miserable.
The feeling of losing oneself
Is like living in hell
Laughing without feeling
Because the pain is constant remain.
It's like walking without knowing
Though years were passed,
But the feeling still living in the pass
It looks like I'm dreaming.
And now I'm awakened, yesterday seem so far away
Ages been pass away, but still picking up the pieces of me.

My Existence

Who am I and why I am here?
What is the purpose of me being here?
Where I am heading for?
When can I see the heaven's door?

Finding an answer for all of this question's?
Searching every book on my station's.
Looking for someone, who can predict?
What would be there on the verdict?

I am a man, created by my GOD.
According to His feature, which so good.
A perfect creation made by Him.
Knowledge and feeling with Him.

I am not a peaceful master.
Neither a goal keeper.
My existence would be thrown.
If I am not praising you on my own.

My longer seems endless journey.
Soon will find its destiny.
And that is with you, my Lord.
I exist to praise You, With no yard.

So with all of my heart I praise You.
All of my life, strength and weakness.
Through sunset up at sunrise, I'll praise YOU.
You my LORD is the answered for my existence.

Wondering

Every time I see you smiling, my world stop turning
It melts the ice in my heart.
And every time I look into your eyes,
I see the happiness that you feel.
And I wondered, if I am the one you dreaming of.
Cause in my dream you were there

Every time I hear you laughing,
It seems the whole world is your's.
And every time I hear you talking,
My mind stop thinking.
Then I wondered, if I am a part of your world.
Cause in my world there was only me and you.

And now I'm still wondering.
If you could love me?
The way that I love you.
Cause my heart is keep on asking.
And never stop wondering

Be Still My Heart

Why are my eyes always wanted to see your face?
Why is my ear always wanted to hear your voice?
Why is my heart beating faster when you are near?
And why do I have to feel this kind of fear?

I'm losing my control, and I don't know what to do?
I thought I would be over you, but I was wrong
Caused deep inside my heart, I know its you were here.
No matter how I disguised it, my eyes never denied it.

Be still my heart or I'll be dead by shame
Because I know that somehow this feeling would give in.
Be still my heart, so that no one can hear you crying in pain.
So be still my heart, until the day he gives in.....

Agony

When life get's so difficult and lonely.
The road you walk seem so sticky.
That you're an able to move, even a bit.
It is like a feeling of being hit.

The cold winter night chill's your bone.
The sound of the wind has a different tone.
It is frozen your heart and your mind alone.
Losing your hope and become a clone.

The human race become out of the place.
You forget the glory that you embrace.
It comes from up above, all of the grace.
Empowered yourself and come back in a blaze.

Never give up, for it is just a start.
Because it is a long journey to the top
Hold up oneself and endure your part.
God want's you to learn from the top.

So be brave like a warrior of state.
Uphold tight, if there a storm.
Even if it's like you're walking on a dessert form.
You may feel starved, because there's no food on the plate.

Uncertainty will knock on your mind.
Your heart may filled with sadness.
Think that everything is just a madness.
The agony makes you feel like a blind.

Have Faith, GOD is here for you to stay.
Though you feel you're at stray.
What you have now is debt to pay.
Removed all of this rudeness and pray.

FAILURES

There are things in life,
That is hard to accept
Things that make me weak
And it's hard to breath.
Feels like something squeezing me.
Like a forceps it holds inside of me.
It is the feeling of a failure.
Failed to achieve all of my dreams.
Sometimes I'm asking myself:
Where would my life be going?
Is there anyone out there?
Who can hear my heart's desire?
The pain inside of my heart,
It can't never be healed anymore.
All of my frustration that kills me,
Like a fish in the bowl.
My heart skip's the beat.
Every time I think that I'm a failure
Oh please! Someone help me please.
Hold me in my darkest hours.
Make me feel strong even there's a storm.
Give me strength to carry on.
So that my failures will not be a hindrance.
For me to see the new meaning of my life.
Though failures crushing me down.
I know, I can find hope in the dawn.
My sky is dark right now.
But I know someday I can see the sunshine.
And all of my failures are just a part of the test.

Always By Your Side

When life's getting tough
And the road becomes rough
That you can't even laugh
All you can do is to cough.

I am here, just hold my hand
I will walk with you even in the sand
It may be difficult cos it's raining all over the land.
We may get wet, but God made it so bland.

I will always be by your side
So you don't need to hide.
Let's see how the world is so wide?
Our God is here for us to guide.

You don't need to say you need me.
Because I will stay here by your side.
I maybe looked like a dummy.
Just don't push me with your pride.

Don't be afraid in a long and darkest night.
I will hold you tight and never leave your side.
Fools may think that there will be no light.
Have faith in God, soon the sun will glide.

Afraid To Love

Sometimes I feel I'm on the cliff,
That one wrong move I'll be stumbling and fall
And the feeling that creeps inside of me is unbearable.
Is this a feeling of love?
If loving you is a crime, then I am a criminal,
Who love someone like you.
And I know that I'll be devastated.
Because you can't reciprocate.

Though this life is so cruel'
And it made me a loser.
Would it be okay, if I'll be cynical?
To protect myself from getting hurt?
But the pain is an inevitable to face'
And I'll be exhausted...
Then I'll stop and say to myself.
That I am just dreaming.
You are a fantasy.

If Tomorrow Never Comes

If tomorrow never comes
I will treasure today
If tomorrow never comes
I will surely give everything today.

Just let me love you today
To make you feel what is real
The love that no one can give you
The love that I have for you.

If tomorrow never comes
I will be contented to be with you today
If tomorrow never comes
I will do all the best of it today.

If tomorrow never comes
At least I said that I love you...
So if tomorrow never comes
I won't regret the things that I have never done
Cause I give it all today.....

PARADISE

I see the beauty of the land.
Where flower's are blooming
Rainbow shaded on my room.
The bird singing so bland.

The green fields, I love to walk.
It calms my mind as I talk.
The sound of the water of the falls.
Brings joy to my lonely halls.

I see the beauty of paradise.
Right in front of my eyes.
The white sand on the beach.
Blue sea that my eyes can reach.

I feel the cold winter breeze.
It chills me down to my knees.
How I love when season change.
I see paradise in a different range.

Oh! How I love to touch the snow.
To feel the white flakes on my elbow.
So I let my heart to go the distance.
To travel in paradise and be there even once.

My Prayer

Oh God, Please send me a man, who will love me,
Take care of me, protect and understand me.
And cherish me, and will not abandon me.
For the rest of our life.

Oh Father in heaven, please hear my prayer.
You know that I need the love that is real.
A love that will last forever.
A love that won't fade away even in darkness.
A love that will stand even in a storm, because You were there.

I am a lonely soul and I've been waiting for so long.
For the love that is truly mine.
A person who will complete the emptiness that I have inside.

Pardon me oh Lord, I am not complaining, my Lord!
Because I know I don't have the right.
I know that you have a reason for everything.
I am just asking, begging, wishing and hoping.
That one day, You will grant my wish.
For a love that is true.

But if there's no such man as like that.
I will still greatly love You.
For Your love is truly mine.
And I've been blessed, because You are my Lord.

I won't be needing any kind of love
Just your love, that will keep me alive.
And I know with You I can go on living..
You will ease all my pain..
And erase all my sins.

You are the bright shining star in the heaven.
That I always looked up.
You are my guiding light in the dark night.
I know that soon or somehow You will grant my heart desired.
But until that day I will always say **My Prayer**

By; Celine Gamboa

Thank You

I was stuck in the meadow for a long time.
Until the day I meet you.
You're like a shooting star.
That shine so bright.

I was amazed by your grace.
You are like a crayon.
You colored my world.
In some way that no one can see.

I feel like a kid around the corner.
Watching her crush, while doing his best talent.
A college student, who's watching her professor.
While doing his lecture.

I never notice it, until one day.
My heart learns to speak you named.
And my mind keeps thinking of you.
That's where I started to fall in love.

But what does this I feel?
Was it love? Or I am just dreaming.
For wanting to have someone to love me.
So i thought it was love.

I was scared that I might get hurt, or someone gets hurt.
Because of my confused mind and heart are in a different kind of way.
Maybe in time, I will find the answer to all of these questions.
But I still thank GOD for bringing you into my life.

You opened my eyes in reality.
You wake me up in a long asleep.
You make me see the beauty of life once more.
You bring back my dreams that once was stolen.

Now I'm back on my own.
I am ready to take one step forward at a time.
To face the world and chase after a dream.....
