

Water flows
Upon a world
A drifting thought
Under the waves
Endless ocean
A memory just out of view
It pulls us down
I can't grab it by myself
Endless water
Just out of view
I want to reach it
A blue paradise
But I know
When we fall down
The ocean sinks
We're left in nothing
I don't want the water to sink
The ship we are on
We can't stay on
We separate
Into a blue
Reach out for a person
We wished we knew
Endless water
Just out of view
We'll reach for a person we never knew

I can't reach out

Touch you

An empty world

We wanted to view

Everyone drowns in a past

The water a memory forgotten by her

A canyon a place we can't reach

Too high up off

A ground

A climb

To nothing

She doesn't want to fall

Drown in a past

Water a memory forgotten

By him

A canyon a place we can reach

So close to ground

A climb that's pointless

People up there

Push us down

In an ocean

Swim...

Swim...

Swim...

We can't reach out

Find you

I don't want to touch you

You touch us

I'll become you

We can help you

Trust me....

We'll push you down

It's to help you

The future I see is what you gave to me

A selfless act

I loved you for it

Don't ever take it away

The sun rises over the ocean

Don't run into it

I'll be by your side

Loving you

Forever

We will all float around you

You'll be remembered forever

Never doubt that

We love you

In the circle,

Reaching hands will protect you

I don't want you too slip away from me

Don't fall in death

Fall in me

Please

Don't fall towards the wind

Fall towards the water

The people holding the sea will catch you....

Don't fall into what you can't believe

Believe in me catching you

Death will have to fight me to get to you

Catch me as I lose myself

I am the only one who can catch you

You can only catch me

So catch me

I need you please

Everybody's here for you

The people love you

I you believe in us....

You'll float on water

We are what loved you

We are who you wanted to welcome into your life

A life that loves us

A love we all love in the water

As you float

We can't find you

We need to love you

You're the only one I can see

You're the only one

We went out of our way

To find beautiful

So float we know only you deserve the water

A bubble of human life we gave to you....

I gave what I had left of my own....

So, please float on the water

My life is your own.....

They are gone

Its just us now....

Alone....

On the water....

I am you

You are me

The water is people

People are us

We are a beautiful life

An empty air

Where you fell down

The sun went past you

Towards an ocean you miss

Water was there to feel you

When no one else was

Forgotten by time

You want water to give you life

A deep ocean

Holds the answers you want

The falling waves around you

It loves you too much

You can't leave it

A sun you fell through

Our memories glow

A golden sea you fell in....

A golden sea you fell in....

Memories in sky

Waves push us out water

We fell in visions

To a world we never knew

Another's life

The basis for our experience

Standing on the ocean

The lives

That created our own

Spiral of our lives gold

Spiral of your life's shine

A spiral of what brought us to understand each other

I'll push away from you

She's floating in the ocean

Black dress

Hair swept by water

Black strands of her elegance

I'll push away from you

I don't want to be like you

When you escape

I don't want to look at you

So beautiful

I'll go blind in the water

Go blind

Keep my head above water

I'll avoid you

I'll push away from you
Even if you're in my waters
I'm still holding you in my grip
Black hair flows
I don't want to
Push away from you

Feel me in the water, with you
An ocean is too vast for me to find you

Light spreads on people
People fell into each other
Overcompensate for their empty lives
They were a spiral of decay
A spiral,
We are turned around in
No regards for our lives
The emptiness flows into sand
Sorrow is sand
Filling the water with dryness
No hope for humanity is left
No hope for the water of people
Meant to jump into the sea
A spiral,
We are turned around in
There's no regard for our lives
Finally we rise
Sand has consumed our souls

The water can bring us back our life

Only if the water hasn't lost hope of her golden life....

But she has gone away by now

When we couldn't scratch

The surface of your thoughts

We realized

What you kept hidden from us

A secret

You never let anybody know

You realised it to us

You shouldn't have done it

We know what you are

Your false mask

A sad river

Surface of thoughts

What did you reveal

Weren't prepared for you....

Trying to run

Revealed your problems

To us

Please come back

We meant nothing but love

No love inside you....

Surface of thoughts

What did you reveal

Weren't prepared.....

Never prepared....

You fade from love

Fade... fade

You've gone away

She's so beautiful even in a crowd of ugly

She's so beautiful

I just know she would have treated me like a human being

She already had

She would be the one to show me

I am respected by her

I love her

But I never met her

I would be the one to have sex with her

But now I never will

I can't get over how sad I am for her

I can't get over how sad I am for myself

I was supposed to lose my virginity with her one day

She was a perfect goddess

She was so nice to me

I loved her

I just wanted to meet her

I just wanted to tell her she was so pretty

She was so pretty.... so pretty....

She was stolen away from me

Please oh please oh please oh please come back to me

I never want to forget you

I'll end myself if I forget you

But the world wanted to punish me for something I've done

What did I do wrong

Is being in love and lust a punishable thing

Why

You took that girl away from me

Bring her back

Bring that goddess back to me

I don't want to leave her alone

Please please

I'll do anything

Just don't leave her alone without me

I do not want to ever forget her

I won't be able to ever forget her in my life

I needed her life as my own

So sexy... so beautiful.... so free..... she is so irresistible

Nnnnnnnnnnoooooooooo

I need her back

Pleasepleaseplease let me be inside her

I would have told her she was pretty and made her smile

I needed to make that goddess smile

Nnnnnnoooooo

Don't leave her alone without me to see my life in hers

I want her to see her life in me

I want to see my life in hers

Please don't leave me goddess

Please don't leave a man alone

Please, girl, have mercy on me

Please...goddess

My goddess....

Fuck you world

I should have been fucking her

She wouldn't fuck my life

A goddess helps heal

A goddess would take the pain away....

But a goddess gave me more pain.

I don't want to be left alone without her....

But she's never coming back.

Fuck you world

Don't leave her alone!!!!!!!!!!!!!!!!!!!!

Her parents must be so proud of their daughter

A parent must be so proud of a daughter

Their goddess daughter is somewhere in the world

So close to me

But ill never be able to reach the goddess

I knew I could have made her life feel special

If only life gave me the chance to....

Feel me in the water, with you

An ocean is too vast for me to find you

Light spreads on people

People fell into each other

Overcompensate for their empty lives

They were a spiral of decay

A spiral,

The water can bring us back our life
Only if the water hasn't lost hope of her golden life....

But she has gone away by now

Drown you

She drowned you

What we gave to you

So, as you run into my future you'll just forget about me, as I am forgotten from your memory that I wanted to imagine and you'll forget me in your past

I'll imagine how you were like when you were younger

Who were you back in those days?

I'll never have an answer,

I'll only ever have imagined visions,

That chirp at me.

I can't reach out

Touch you

An empty world

We wanted to view

Everyone drowns in a past

A falling sea
Thoughts carried in a breeze
The empty canvas....

A strong wind to blow us in
There's nothing to make a wind live
We want to follow to where the breeze ends
A strong wind to blow us in
A strong wind/we flow in

I can't see

Help me see

What blows us....

A hidden message

Why didn't she trust us

We'll drown you in an ocean

A nothing water

Reach out

Reach out

Touch her

Don't run away

Don't run away

Sand is not a home
