Let the words
take you over

Desire of Man

Living with beautiful women
in a beautiful world.

Unchain your heart

This is not a book, neither is it meant to be one.

This, is however an amalgamation of pain and thoughts, to show you what eyes cannot see and what the heart cannot say.

This is for you, do with it as you please.

I do hope , that in some way these words will ignite a tiny flame within you and allow you to free yourself from your own chains and unchain all the desire you have within;

The Desire to LIVE!

Power of words

The pen is mightier than the sword,
So is the tongue of the wise Too
hot is the fire of the sun, So is
the raging desire of love
With unchained wildest heart, ...
King is the wise, with the pen of art.

Pursuit of love

I put these words, here for you
For your eyes only to see
I let them glide down my thoughts
Curling down like autumn leaves
I wrap these thoughts with winds of time
To ride the skies of your night stars
With this letter, I open your eyes
To catch the light, of every sunrise

For You

This is for You, only you.
To make you shine as raindrops. do.

This is my thought being with you.
Reserving this moment just for you.

Now favor me
Favor these words

Smile for me
And set it all free.

To excel on summits

To excel on summits, not for reaching them.
To hold on from the within heart, not to win one.

To love for a life time not just for ever.
To fully embrace a moment like a wild hungry
wolf, & not just as a caged tiger.

Only for passionate brave Hearts

True Passion

What is true Passion without love
Desire without real hunger
Perfect without the imperfect

It is you, not all of you, but some of you I
do not see all of you, but I do see you
I do not embrace every day, but I do day to day

And because I see you,
I feel you,
I crave for you

One this most precious of nights,
I think of you, I long for you

As long as these words paint this veil
And eyes of man can see
These will forever be for thee.

Pocahontas Passion

I saw you there all for myself
With a smile to keep me warm

Thoughts wandering the streets of fire
Heat of passion burning through raging desire

Breaths in rush, ahead of time
Heartbeats fast, wild stallions of the night line

I heard it, those beats beating for me
And forever, shall they belong to me

One beat here, a few more there

A kiss to wonder

One to ignite

Another, to hold you tight

One beat here, a few more there

A kiss to cherish

One to crave for

Another to remember.

Sveta of the Seas

Wrapped my fingertips around your
skin Molded heat inside my hand

Made your lips dance around mine
Like no other tomorrow would come

Breathe fire inside my lungs
Flew in, inside your soul

I roared sunset
I roared sunrise
I roared it all and made you cry.

Victorious there, you and I
Spark of glory in my eye
Sweat of passion sailing your lips
Bit of sadness in every goodbye kiss.

I left you there, all alone
With the waves
To carry you home.

Missing You

I face the sky
Breathless I am

I watch the sun
From, under the trees

Riding the iron horse of man
Thinking all that is divine

There is the breath
There is the sun

All I miss, is you, under my arm

Singrid Winds

Oh there you were
Appeared, from nowhere

Blew smoke from your eyes
Hot steam from inside your thighs

Oh there you wear near the sea
Waves pounding shores for you and me

You rose and caused hurricanes
You shook the earth under my feet
You sucked all breath out of me
Devil as my whiteness, you surprised me

You left me there,
Smiling at heavens feet.

For Desiree

Desiree, I have come to admire
Early morning lights, that cause me to breathe fire

Sensation in my legs, when I think of you
Imagination which takes wings when without you

Regardless of where you are now
Even with or without the snow

Every memory makes me yearn for you.

Sixty

No word will ever express
How much I wish to caress

All the sweetness you possess
Caress it all with tenderness

Crack those rocks with raging waves
Roar all night all over the place

No word will ever possess
The love I yearn to express

Come to me, unchain my wings
Blow away to uncharted seas

Unearthly Kisses

In heavens high above
Unearthly Kisses, call from below

Wind swept locks from the sun
Remind me of the blue blue sky

I saw the sea

I saw the sea
The sea saw me

I watched the waves as they watched me

I stood there alone
all by myself

With the sun
on my happy face

I saw the sea.
And the sea saw me.

Too Fast

Too fast to ride,
The waves of love

Too fast you were,
Even from far above

You had the wings
You had the heart

When close,
there was the Bang!

Love Liberates

Your face I see

Smiling for me

Your grace I feel

Singing to me

In the coldest of coldest hearts,
You bring comfort at darkest nights

For all I am and all you will ever be,
It is love that chains me to thee

It is pure love that sets me free.

For Sophia

Sophia, you light up my heart Sophia!

Other than bad, you cause good

Perfect not, yet amazingly good

Here and now, in so many ways

I watch you sleep with all your grace

And when the sun rises, I will send it back,
To watch you again for eternal nights.

For Alexandra

Ages have come to shape your name
Love itself carried you near

Everlasting is nothing here
X marks the place, that special place

Another life, another time
North from here, under the skyline

Day or night, we will still glide
Right down there, just that one night

Another life, another day, I will meet you there.
