Dedication

To

Ella L. Perdue

My Mother taught me the dos and don'ts in life thru her action or
her inaction.

She set the example of the woman I hoped to be and the woman I
dreaded becoming. I ended up somewhere in between. She taught
me to be compassionate, honest, and wise. But most of all She

taught me to Love self!

Ella,

What can I say?

You were a Hell of a woman and I am Proud to call you my

MOTHER!

Thank you for always keeping it real and not filling my head with
lies that I would have to unlearn.

This book is an expression of my heart.

UMMY

My Mother gone to me today,

But never too far away

A character in life she was,

But never wanted to cause you any harm.

When I look at my life, the ups and the downs,

I thank GOD that my Mother was around

To teach me love of self so that I would always

Plant my feet on solid ground.

I love you Uummy

And no matter what I know that you love me.

Our goodbyes left unsaid...

Just want you to know

I heard you that day when you called my

Name...

Preface

Life is a Journey. Its path can be filled with deceit and dishonesty.

It is my hope that after reading this book you will be inclined to ask a question. It is a question that only you can answer. On this journey that we call life there is so little that we know. We rely on a belief system. I say belief is for the ignorant. Knowledge is for the wise. In my vision I see a planet filled with human beings who are wise. Wisdom is the key to peace. As you continue on your journey I hope that you run into Wisdom she is a Great

Woman.

“Can’t you hear the voice of Wisdom? She is standing at the city’s gate and at every fork in the road, and the door of every house. Listen to what she says.....” PROVERBS CHAPTER 8.

Foreword

Slavery-, 1. Bondage to a master or household: servitude. 2. The practice of owning slaves. 3. Hard work: drudgery.

When did the practice of slavery begin? Who were the first human slaves? Who are the last human slaves? How does one become enslaved?

As an American of mostly African decent, if left up to my educators the extent of my knowledge would remain a distortion of history.

Consisting of the past four hundred years of the “African American” plight for freedom, liberty and justice. (Which some how still eludes us)

The “history” (and I use the term loosely) of slavery dates back to the very creation of Human life on Earth. In fact the very reason for our creation was slavery. Yeah right!!! You say!! I hear you! But before you label me and place me in that box called “Crazy” Let Aye give you the basics. And while I could give you all the references you may require to validate all that I say, the books we know as the bible and the Quran are the best references books that I can give. All other research will be done by those who truly seek knowledge.

If we are to over stand the present human condition, we first have to have accurate knowledge of our past and our creation. The purpose of our creation (accelerated evolution).

Some believe that we evolved from atoms into the complex form of matter most commonly known as the human body over a time period of billions of years. While others believe that human life on this planet was created by a Divine Entity known most commonly as 'God'. I am in no position to deny either claim as I find them both to be true. How can that be?

Let Aye see if I can simplify what man has complicated. An atom is made up of energy and "God" is the source. Billions of years before life began in our galaxy this Divine Energy existed. It is this Energy that is responsible for All creation, within our solar system and without. This energy is infinite. It has no beginning and It has no end. It can not be defined in human terms as It is beyond our limited understanding and yet well with in our grasp if given accurate knowledge of IT.

While we are the first human being to be created of the Earth we are not the first humans to inhabit this planet. The basic elements which make up the Earth are encoded in our DNA. Thus it is not

inconceivable that human life would have eventually evolved on this Planet. However the process of natural human evolution on this planet was interfered with and accelerated by who would be intentionally, mistakenly referred to as 'God'.

Genesis Chapter 1 verse 26:

"Let Us make a man, someone like ourselves to be the master of all life upon the Earth and the Skies and the Seas". Who are Us? Yes of course I have heard the John 1:13 theory. While I mean no disrespect to all of you believers; the word may have been with 'God' but Jesus being that word? Come on they could have tried a little harder. If that is the case then we are ALL the Word and were all with 'God' in the beginning. In fact that statement contains more truth! As all life is made up of energy which comes from that Divine Source that I spoke of earlier.

Too basic for you? Let us take another verse from Genesis.

Genesis Chapter 4 verse 13-14:

"Cain replied to the Lord, 'my punishment is greater than I can bear. For you have banished me from my farm and from you, and made me a fugitive and a tramp; and everyone who sees me will try to kill me'.

Genesis Chapter 4 verse 15:

The Lord replied, 'They will not kill you for I will give seven times your punishment to anyone who does. Then the Lord put an identifying mark on Cain as a warning not to kill him.

My question is this: If at this point in human history Adam and Eve were the first humans created and their offspring, who were created by means of human procreation, were the only human being on Earth, who was it that Cain feared? Who was 'God' protecting Cain from by placing 'an identifying' mark on him?

I say faith is for the ignorant and blind faith is for the content to be ignorant. Knowledge is, has been, and always will be power! The power to make an informed decision. The power to know self and that Divine Energy known as The One True God!

Then there are those of us who know that the Us spoken of in the Jewish Torah, the Christian Bible, and the We spoken of in the Islamic Quran are in fact human beings from another planet located in the *suburbs* of our galaxy. A race of human beings with knowledge, technology, and a life span far superior to ours. In their image did they make us! A very important part of our history indeed! Crucial in fact! In order for us to over stand the current Earth human condition. We must have accurate knowledge of our Creators. They being human they

are capable of mistakes and every other aspect of being human. Even with an 'evolved' consciousness, the human ego must never be underestimated! Because of their advanced knowledge, technology and life span, they were 'intentionally' mistaken or referred to as Gods. It has been their wars that we have been fighting since war has been known to Earth humans! They created us to ease their toil. Thus the very first slaves were a little more evolved than primates, as it was an Earth primate used to create us. There is a less than 5% genetic difference between the Earth primate and the Earth human. Because the DNA of the primate on Earth is so close to human DNA it is not inconceivable that if not accelerated, human life would have eventually evolved from the Earth primate. However the natural course of evolution did not take place because our great ancestor still exist on the planet today. The ape would not still exist had it evolved.

It was a scientific procedure that intervened in the natural evolution of human life on this planet. Performed by human beings genetically the same us, from a planet just outside our galaxy. We, Earth humans, the spoils and the victims of wars not of our own making. The wars of the Gods, for the loyalty of the hearts of men.

Religion-, the greatest enslavement tool ever created!

Cain and Abel were the first human slaves. One brother slain by the other. Because his offering to God was not blessed. His toil in vain.

We are the last human slaves!

“I am not a slave”, you say, “I am educated, I work, I own my own home, I own two vehicles, and I pay my bills!” Let Aye repeat that last one; I Pay My Bills! Well let Aye congratulate you on your success and ability to pay your bills. Some of us are fortunate to be able to do so. What do you bills consist of? Rent/mortgage, utilities: gas, electricity, water, & phone, (all of which function or are provided by the Earth) insurance, (money paid in case something happens. What if nothing happens?) Sustenance, clothing, taxes, and all those little luxuries that we love so much. Do you really own your own home?

Do you enjoy the work that you do? If you do you are fortunate. But why do you work? You work to pay your bills! You are a slave to your bills! To the electric company, the water company, the gas company, the phone company, insurance company, credit card companies, FDA, and last but not least, the government. The biggest leach of them all! Never forget that this country was stolen from its natives. They would not be enslaved, so they were killed and what remained were pacified with lies and alcohol. The Chinese and the African were then enslaved

and built this great nation. Then came the emancipation proclamation.
They said slavery has been abolished, but it was only refined and
polished! The chains were replaced with a minimum wage that way the
masses could be enslaved! All they required was a mental cage.
“.....The freedom of religion and the pursuit of happiness.....”
America’s greatest appeal, a democracy based on slavery! Talk about
hypocrisy!

Please enjoy my poetry.....

1. Born To Die

Born to Die?

You may live to be a hundred

Or never get the chance to breathe life's air.

So why is it that we are here?

Born to die?

What to do in between?

Does anyone know what it all means?

Burdened with debt most of us live with great regrets.

Educated but able to read and write.

Living in darkness,

Unable to recognize light.

Born to die?

Where do the answers lie?

That which eludes you, is already within you.

Look within self for that which you seek.

Close your eyes and take a peek

At whom you are and who you wish to be.

Then perhaps you'll be able to see,
