The History of Christ Consciousness

Synopsis

The teaching or message of Christ Consciousness existed a very long time ago. The very 1st civilization on the planet Earth to know and nurture Christ Consciousness is the Lemurians. They are the people who once lived in the Pacific Ocean's lost continent.

History of Christ Consciousness Unveiled

It was in that city of Lemurians in which Goddesses, with the help of celestial Arcturian contacts, served as the guides of the human race. Then, after the appearance of Atlantis, Akanaton, Isis, Hermes, and Ra Ta were born and called as the Light's new messengers.

These people used sacred teachings and powerful temples to kick off new masters into the so called "The Children of the Law of One. The main goal of these messengers is to anchor the God's Light into the grids of Earth as well as into the consciousness of the inhabitants in Earth.

This dedication and tradition morphed into the Israelites message and carried those teachings in the ancient mystics, Essenes, and Gnostics. Essenes is the known author of the scrolls of Dead Sea and taught everyone about the souls of John the Baptist, Jesus, and Mother Mary.

Thousand years ago, it was made clear to everyone that a person must be born in accordance to Christ embodiment. The said person was the known Jesus of Nazareth. Jesus does not only live a life with Christ Consciousness, but also he initiated Mary Magdalene and his apostles to master the level. Upon the crucifixion, resurrection, and ascension of Jesus, the teachings of Christ were transmitted to Early Christians. These are the persons who embraced Jesus teachings and dedicate their selves in carrying the message of Jesus.

Due to the sacredness, acceptability, and power of those teachings, they kept most in underground areas and disseminate the teachings to highest initiates. But, as a part of Divine Plan, teachings that are meant to awaken the humanity have also brought through nice and loving actions and words like healing and teaching.

Later, after the ascension of Jesus, His teachings or the transmissions of the Christ Consciousness were taken to the South part of France by the known Mary Magdalene together with her brother and sister – Lazarus and Martha. Mother Mary also brought teachings to Glastonbury or England with the help of Joseph. The teachings gave birth to Arthurian Knights. Their job is to nurture and protect the teachings of Christ and other sacred relics that are related to Jesus like spear and chalice.

From there, the Light of Christ was kept aflame by Rosicrucians, which is a secret organization that later became invisible. Hundred years later, the Christ Light's message was passed to the Southern France's Cathars and to the Knights Templar. Soon, the Christ teachings went deeper underground and didn't surface for about hundreds of years.

But, through Edgar Cayce's teachings, the frequency of Christ came back to world again. Currently, the Christ Light is under the process of rediscovery. Because of this, many people are considering the path of Christ Consciousness.

Chapter 3:

Understanding Oneness

Synopsis

According to Eckhart Tolle, one may feel his own timeless and formless reality. He may also feel the same life that lies deep within other people, which will lead him to look beyond the concept of separation and form. Due to this, one realizes oneness and experience love.

Oneness Defined

Beyond the other thoughts about yourself, beyond those ideas or concepts that shape your personality, there exist who you really are. It is defined as oneness of a person. The timeless and formless reality is in the soul of every creature or every human being. But, how will you know if it is really oneness? When your mind is still, you will feel a certain energy that moves through you. This realization is called the source energy's awareness. But, not all people are aware of it.

Generally speaking, the reason why some people are not aware of it is because they tend to concentrate solely on the mind. Due to this, this blocks the awareness of person on the existence of their being. Thus, when you start to focus only on your thoughts, you reduce your ability to function properly. If you want to see your whole being and your path, you need awareness that will be able to transcend you the delimitations of your repetitive thinking.

Relative Self

The thoughts that you often identify makes the relative self, which only comes to understand and know itself through judgment and comparison with some things and people. This is also used as the basis of one's duality. Everyone is differentiated through their talents, specific strengths and weaknesses, and unique physical characteristics. However, when you identify relative existence, you will only get conflicts in the long run.

Because of the different things that one's mind is focusing, many people tend to lose sight of the timeless and formless reality, which

holds the life altogether. If you have successfully filtered awareness solely with the concepts and abstractions of your mind, you will be able to set a connection with your life. You have to take note that life is life. It is not a form of abstraction. Therefore, the sense of oneness is the same as the nature.

The Restless Mind

The restless mind together with the constant analysis, judgment, and comparison, keeps your focus on the relative world. That is the human suffering's core because when isolating yourself, you seek for salvation through judging yourself as the superior to another person. There are also cases that some people mask their inferiority, which is the result of self-damaging and addictive behavior. But, this does not mean that you won't undergo the process of transformation because in order for you to achieve enlightenment, you need self-forgiveness.

How to Achieve Oneness?

There are various things that you can do to achieve oneness. Some of these things include meditation, manifestation, prayer, living with peace and love, maintaining a healthy body, mind, and soul. All these things are important and they are required especially for those who want to achieve results. Through these things, you will be able to understand more about oneness and you can become a Christ Conscious person in no time.
