Do you have a demon broth?

A demon broth is a drink only you could like.

For me it is super strong tea.

But such a drink can have many ingredients. That is the drink of your magical chalice

Do you have a base? A base is where you do your Satanic things. A place where The Devil's work is done. For me it is primarily writing books. To me, not much else is important. But The Devil pays me well.

Has The Devil given you a chore, a purpose?

Find that purpose on your own, if you have to.

Try watching a music video that starts w/ the first letter in your first name, then second, then 3rd.

As for your friends, the same, or loved ones.

The rule to use is this: that no matter what, those songs represent you and them.

make a playlist "for Satan," or "for God."

We are like children while God is away. Meanwhile we've been cussing, saying horrible things about Him, having parties, sinning, the worst of things. Believe me, when He gets home we are in trouble!

# Christian Satanism

is many things in one. It can mean:

- 1) To be either singularly, but back to back / going back and forth
- 2) To be both at the same time as blended together. A gray sided religion.
- 3) To be a Christian who believes in the Christian Satan. To be a theistic Satanist / Devil worshipper
- 4) Just a fun thing you do and a name you like.
- 5) A practice based on its books (such as The Christian Satanic Bible.)

Lucifer Jeremy / Daniel White

I've written many such books

Free, and in the public domain,

---

I stand as proof as to salvation being a gift and not a thing earned. That all sins are forgiven or that the Bible changed its mind w/ me.

We will see, we will see if my childhood means nothing as God hates my adult self.

Surely I can say to you I was a dedicated Christian, one baptized early at the age of 7. And the Bible I read and to God and it I was fully dedicated.

But for as the person I am today I don't care, because I am the way that God made me, still, and He has always known me in full. Like Jeremiah in the belly in his mother my life was set forth, ahead of me.

In a way Christian Satanism is a gift to God. God makes different kinds of worshipers and has always wanted it that way.

cl have three wishes:

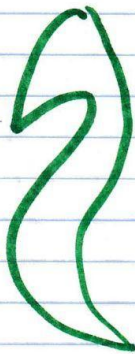

1) To never be confined, meaning jailed, imprisoned, in a pit, or in hell. So then to always be free.

2) To be Satan's son, equal in magnitude to Christ being God's Son.

3) To never be subjected to pain.

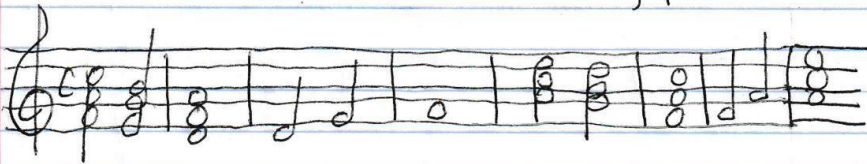

clf my life is not already never-ending, then cl replace the third w/ never-ending life.

as for God subjecting me to never-ending pain, cl guess cl will just have to trust He will not.

if Christians were doing their job then the world would be fed. But 80% of them are not. 1% of those are mega preachers that have 80% of all tithes. yet the Bible says that money given to God should go to the poor.

+LW+

it shouldn't be that when we first speak to a person and they say they are Christian we think "oh, they are going to be difficult to deal with."

But Wiccans are more fun to be around and Buddhists keep to themselves.

Unfortunately Christianity is the pushiest religion that has ever been.

# THE PRINCIPLE OF CONVOLUTION

An example of how things become convoluted

Convoluted: bloated, overdone;

- 1) sugar is bad for you then
- 2) Let's teach others to reduce sugar then
- 3) Let's teach others to have none then
- 4) Let's tax sugar then

- 5) decrease the tax then
- 6) Let's outlaw sugar.

or something like this:

Let's warn others about ( )  
Let's make it for only 18 y/olds  
Let's increase to 21. Let's tax it. Tax it more. Let's make it illegal in stores & the bus, much more places, everywhere but home. Let's make it look both evil and disgusting, Let's make it illegal.

-LJW-

# Convolution's Road To Destruction

The principle is that things become so bloated that they burst.

Like w/ things upon things added so much to a budget that nothing can be afforded.

Like inflation

Like stricter and stricter laws unto cruelty

Being so good that you start killing in the name of good

Like a diet that's made you anorexic

Like freedom stripped away so much that it is lost.

& the only thing that will fix it is chaos, resistance - resistance built up.

-LJW-

people point at fat people and laugh. why don't they look at the DSM and laugh?

They laugh at Star Wars for being so fat. Why don't the people making Star Wars go on a diet? The fans would be happy to see them again.

An idea whose time has come may not be as soon as you think

Sucker Jeremy White -

Disney knew to withhold its great movies only releasing them periodically.

When Coca-Cola brought out a new version of its drink people spat it out. They thirsted for the old stuff and ~~there~~ their thirst was quenched. (sp?)
