Preface

Why Are We Here?

We know that there is one God; who is the Father, the Son, and the Holy Ghost. We have been taught by pastors, prophets and teachers of the word of God that He is almighty. We are going to start on a journey that will enlighten you on finding God. Some people have consulted the dead to try and make purpose of their lives and why they are here! The dead are in the know of what is surrounding the events of this

current age and the age to come. *Why are we here and who is the One that is called the Lord?* We often hear that the Lord is called *The Lord of lords*. *Why is the Lord the Lord of lords?* The Lord will explain in this book who He is and why He is the Lord of lords. The Lord is not in any way looking for a human being to tell him what to do. The Lord is looking for a man to tell what to do. The premise that the Lord is able to be told what to do will eventually make no meaning by the time you complete your reading of this book. We live in a time where people are always in constant quest for knowledge and the sources of knowledge. Knowledge can either be from the Lord or from lords. This is a world that has all sorts of curses that are upon the people who live in it; the earth itself is cursed. The Lord is the only way for a man to reach God. *How are we able to find the Lord so that we can reach God?* This is the problem that this book is supposed to help you solve.

Chapter One

What is The Genesis?

We have a book that is as common as salt to help us understand who God is. However, there are so many unexplained books in what we call the *Bible*. It is a collection of books that make up what we have as scripture. *What are these books for?* They are for us to relate to the One true God. These books have a lot of stories that tell us who the Lord is and what His purpose is for our redemption. The Lord has made a plan that has been set from the foundation of the earth. *What has the Lord done?* He has been to earth in physical form to die for the redemption of mankind. He has been despised by the world that He came to redeem. He has been to the world that he

purposed to redeem and the world rejected him. This is why there are so many people that are not able to reach God. If a man has a problem with reaching God, he should ask himself one essential question; *what is the Lord saying about my relationship with Him?* If he can go and learn about why there is a plan for redemption, he will be saved. *How will a man find salvation?* It is what this book will be able to solve at the time that man starts calling upon the name of the Lord.

Have you ever heard of the name above all names? The name Jesus is the Lord's own name. If you go and call upon the Lord and you omit Jesus, you will call upon a lord that you will not desire to call God. If you call on a lord and that lord comes, you will not desire the consequences of that adventure. *Who is a lord?* A lord is a spirit that is not of God. If you adventure with magic, you will get a lord over your whole being that will give and take away from you. *What is it that such a lord will take away?* He will cause you to lose some gifts that the Lord has given to you from the foundation of this earth. The Lord has gifted everyone that is on earth in one way or another. There are people who have gifts that they do not even know of; some people are gifted with wealth, others are gifted with knowledge, wisdom, understanding, beauty, music, design, peace, love, authority, oratory, discernment, children and grandchildren. A man who has a gift from the Lord will expect that gift to bring joy. If you have a gift that is from a lord, you will not experience joy. You might be happy but will never experience the joy that a person who has been gifted by the Lord will experience.

If you are a person who is admiring what a lord can give, you will end up receiving gifts that are meant for another person. *How?* If you are able to understand the scriptures, you will learn that the thief comes to kill steal and destroy. A man who is willing to give the devil an opportunity will lose some of his gifts to the enemy. He is called *Lucifer*. He is the deceiver and the father of all lies. If you cooperate with the enemy, you will lose those gifts that the Lord gave to you from the foundation of the earth. The enemy uses these stolen gifts to bless his own people. *Who are these people?* They are the people that are admired by most of us. They have all that you think the Lord cannot give to you. If you are a person who has doubt, you will glorify the enemy. If you have faith, you will please the Lord. These spirits are both what we are going to

learn about later in this book. *What is a gift of a wealth?* There are some people that have wealth that you may not know exist. A man that has a job has not yet experienced the Lord's wealth. If he has an income from that job, he is either rich or struggling but is not wealthy. Wealth is a gift that does not require a man to struggle to live. If you have to work hard to earn a living, you are not wealthy even if you might be an employer or a business owner! A Wealthy person does not have to work to earn a living. This is a person who lives on the abundance of the Lord's blessing. This blessing is not earned but comes with obedience to the Lord. *How can a man become obedient to the Lord?* He will have to first learn how to hear the Lord's voice. The Lord is always speaking in a man's life. There is no way a person can say the Lord is quiet. The Lord is not quiet and is always speaking to the people who love Him. *Have you ever been able to hear the Lord's voice?* It is something that most people think is impossible. I once had a friend who told me that hearing the Lord speak is not what happens in the modern age. He thought the Lord only spoke to the Old Testament prophets and not in this age. He was a minister of music in the church. I was discouraged when I heard what a man whom I considered was a Christian was telling me that the Lord does not speak! I was unable to heed to his words. I have now proved that he was wrong. The Lord does speak. I have heard the Lord speak most often in this modern age. I have been commissioned by the Lord to tell people in this modern age that He is calling out to them who are searching for Him and that He is willing to speak to them if they are willing. The Lord is not going to force anyone to desire His love. If you are willing to search for the Lord's own voice, He will speak and you will hear His voice. If you are unable to search, you might not hear the Lord's voice. *What is that experience like?* We will study that question throughout this book.

How will you start on your own journey of hearing the Lord's voice? You have to know that there are some things that you do not need to go and search for! If you want to have knowledge from the Lord, you need to begin by fearing the Lord. *How does a man fear the Lord?* You need to have the Lord's Spirit within you. If you have the Holy Spirit in you, you will fear the Lord. The Holy Spirit is the One who confirms what the Lord is saying within you. There is a lot of confusion to some people as to whether the Holy Spirit is

the conscience. If you have the Holy Spirit you will need your conscience to work with the Holy Spirit. If you are a person who does not have the Holy Spirit, you are already disadvantaged in this quest. The Holy Spirit is a person. He is Jesus. If you are a person who is always asking for a way of reaching God, it is the Holy Spirit who will guide you on the way to go about that journey, depending on what the Lord has willed. If you are a person that has the Holy Spirit, He will ask you to start reaching out to the Lord. *How will you know that the Lord is speaking?* There are numerous ways that the Lord can speak to a person! He can speak through;

A Dream

A Prophet

The Holy Spirit or the word of God

An Audible Voice

An impression

A Vision

How does a person recognise that a dream is from the Lord? If a dream is from the Lord, it will not cause the person to be anxious. If a dream is from the enemy, it will usually cause a person anxiety. If you receive a dream that has left you without peace, that dream is not from God. The Holy Spirit will speak to your spirit at the Lord's timing. If you are confused about whether it is the Holy Spirit or your conscience, you will have to wait for the Lord to confirm what He is saying to you in another way. The Lord usually confirms what He speaks.

The Lord also speaks through his prophets. If you are able to listen to a prophet in your midst, you will need to understand whether the prophet is of God or is a false prophet. A prophet who is from the Lord will usually speak to people about what is on the Lord's mind. It means that prophet might not understand what the Lord is saying at that particular time. That prophet might also not know what he is speaking if he does not have the gift of understanding, the gift of interpretation and the gift of discernment

of spirits from the Spirit. If a man chooses to seek a prophet to hear the Lord's voice, that person might receive a message that is metaphorical and might not be able to understand or interpret it. *What is a metaphor?* It is a message that needs to be interpreted before it can be understood. This is usually not the best way to hear the Lord's voice. A person should desire to seek the Lord's voice himself and not through a prophet. A prophet is a person who has a role of encouraging God's people at a particular time and place. A prophet is not supposed to tell a person about his future as many think.

An audible voice from the Lord is what most people will never experience. A person may be able to hear the Lord speak through their own mouth. If you are a prophet, then you will usually hear the Lord speak as you speak. If you are unable to hear the Lord speak as you speak, you are not a prophet. An audible voice that is not from your mouth is usually not the way the Lord speaks; however, there are some people that can hear the Lord speak in an audible voice once in a while. These are prophets of God. There are some prophets that are from the Lord and others that are from God. A prophet that is from the Lord is the one that usually does not understand what the Holy Spirit is saying to the people. A prophet that is from God is one that usually understands what the Holy Ghost is saying to the people. The Holy Ghost is the Spirit of God. If a prophet has been in the Lord's presence for long, he will be able to hear God speak. God speaks without metaphors! If you receive a message from a prophet that is from the Lord, you will need to get an interpretation of that message from the Holy Spirit.

The Holy Spirit may give a person an impression from the Lord. If you receive such an impression, it will need to be confirmed by the Lord on several occasions. If you are a person who receives such impressions you need to confirm these impressions with your human spirit. If the impression is making you anxious, then it is not from the Lord. The Lord will always confirm what you are receiving through your spirit in another way.

There are people that can receive visions from God. If you are a person that is able to receive visions from God, you will initially think that they are thoughts. If you think you are receiving thoughts, then go and ask the Lord to make them clearer so that you

can confirm what the Lord is saying. If you want to hear the Lord speak in a particular way, then you are trying to tell the Lord what to do. He is the Lord and knows what is best for you.

The Holy Spirit can lead a person to the word of God so that that person can understand what the Lord is saying to him. If you read the scriptures, you read with the Holy Spirit. There are people who think this is the only way the Lord speaks! It is not the only way the Lord speaks.

The way to hearing the Lord speak is obedience. You have to obey what the Lord asks of you. Some people want to hear the Lord speak yet they have sin in their lives; other people are not able to hear the Lord speak because they have curses that block them from hearing the Lord's voice. Such people may try to hear the Lord's voice but will be unable to hear the Lord speak. *What type of curses are these?* If you have ever contacted the dead for knowledge, prophecy or blessing; you will not hear the Lord speak. This sin is what God calls *necromancy*; He abhors it. It brings a curse of deafness and dumbness upon a person who practices it. If you have such a curse, you need to cooperate with the Lord who became a curse for you to be redeemed. If you have a sin of immoral thoughts, you will not hear the Lord speak. It brings a curse of hopelessness. You will hear the Lord ask you to repent and not anything else. When you hear the Lord tell you to repent, heed to his voice and do not try to bypass Him. It is a hopeless endeavour. If you are a man who has a curse of any kind upon you, then you will need to know what type of curse is pursuing you. There are many types of curses that are as a result of sin committed by you, your father, your grandfather and great grandfather. If you are in such a curse, you would not be able to know who of your fore fathers committed that sin. You need the Lord to tell you. This is what the Lord does all the time. The Lord reveals sin. If you have a curse upon you, you will not get help from your pastor, evangelist, apostle, teacher or miracle worker. You will need the Lord to tell you what to do. If you are able to hire a pastor to go to your home and tell you what the Lord is saying, then you are in hell already! A pastor is an encourager of God's people. His role is to guide the flock move in a particular direction. He will not be told by the Lord what a man's curse is. The Lord will tell a prophet what is going on in a

particular home, place or nation and what has been done there before that grieved God. When you go to a prophet, you might find a prophet that speaks the Lord's mind who might tell you about things that are metaphorical. If you find a prophet that is from God, you will get the truth about what is going on in your life. A prophet from the Lord is a man that still needs to spend some more time in the Lord's presence and be tested. A prophet from God is a man that has spent a lot of time in the Lord's presence and has gone through many tests. If a prophet is from the Lord, he will usually not be able to interpret what the Holy Spirit is saying. A prophet from God will usually interpret what the Holy Ghost is saying.

Chapter Two

Who Has Heard The Lord Speak?

I always hear the Lord speak; if I do not hear the Lord speak, my life is at a standstill. I cannot do anything without the Holy Spirit. When I started hearing the Lord's voice, I thought it was a cursed spirit speaking to me. I listened and asked; "Is it you Lord?" The Lord said, "Yes, it is I, Jesus". I became excited and started seeking the Lord more and more. When I desired to seek the Lord, I became scared and doubtful. One day, a man of God visited me in my house and taught me how to hear the Lord speak. I told him; "Let us go and pray in a room in the house". He immediately accepted and we went to pray. He told me to concentrate on the Lord so that I could be able to hear the

Holy Spirit from my human spirit. I immediately felt the Lord open my mouth to speak. I tried to resist opening my mouth but the Spirit of God forced my mouth open and He prophesied words of hope! I asked the Lord, why is it that I have to speak every time I hear the Lord's voice!? The Lord was quiet about that issue for long. I then went to men whom I knew were of God to try and understand why I had to speak out what the Lord was saying! They all said they had never experienced such a phenomenon but that they were certain that the Lord was speaking. I then started practising on how to hear the Lord speak. The Lord then told me to wait and I did not feel the Lord open my mouth for a while. I had to go and work in Rwanda, a country in eastern Africa. There I started listening to the Lord's voice; however, I could neither understand, nor interpret what the Lord was saying and it was not as exciting as before. Later the Lord told me to go back to Uganda. When I went back, I felt the Lord open my mouth and tell me other mysteries about ancestors and the His call upon my life.

Sometime later, I received a vision during prayer at home. I saw myself in the Lord's throne room; The Lord was wearing white robes that were not bright, with a golden crown on his head. He was writing on a scroll at an elevated desk and I was standing beside Him. I was about 6 years old and was wearing brown shorts and a shirt and was facing a class that was in session. The children who were in the class were about my age. They all wore gowns that were similar to the Lord's and they were writing in books at their little desks facing the Lord and me. Behind the Lord's throne on the wall was a golden seal that had the words; "Office of the Prophet".

I later received another vision from the Lord where He showed me a golden pyramid, made of blocks of gold with similar pyramids in ranges behind it. The Lord told me; "Son, eat the blocks that make up the pyramid". I noticed that there was a triangular hole that was created in the pyramid. Later I noticed that a whole pyramid behind the pyramid in the foreground had disappeared. I was not able to interpret what the Lord was speaking, I only obeyed. This was a season where I could not interpret about 90% of what the Lord was speaking to me. I found myself in a time of homelessness. I was told by the Lord to leave home and stay alone. I was in a place that was full of cursed spirits that would speak to me on a continuous basis. I was told by the Lord to stay

there until I left at His own time. I was not able to resist what the Lord willed for me. I kept waiting for the Lord to give me a place to stay. The Lord took me away and told me to go to another place to stay where He elevated me to another level and told me to stop speaking to hear His voice. I could now hear the Lord speak without the need to open my mouth. The Lord then gave me the gift of discernment of diverse kinds of spirits that I did not have before. I had to be tested by the Lord at all stages of my journey as a prophet. The Lord's calling upon me as a prophet came at a time when I was discouraged by the world. I had not been obedient to the Lord's calling upon my life earlier and this time I was not going to let another opportunity pass me by. If a person is a prophet, he will have to go through a lot of trials. Why? It is a calling that is in the highest office of spiritual ministry. If a man is called to be another kind of minister, he will usually not be able to go through the trials that a prophet will go through. *How does a person who is not called to be a prophet hear what the Lord's calling upon his life is?* It is most often a man's calling to be a prophet if he is usually interested in how to hear the Lord's voice. Have you ever asked yourself how the people who understand what the Lord is speaking hear? They are most often not able to differentiate whether they are speaking by the power of the Holy Ghost or by their own spirit. If such a man decides to speak to people that are in a congregation, he may ask himself; where are the words coming from!? The words are always from the Spirit. If he is a person who has been trained by the Holy Spirit, he will know where the words are from. If he is trained by another prophet, he will not be able to know. How can a man be trained by the Holy Spirit? That is what we will learn later in this book.

At that time I was told by the Lord to stop opening my mouth to hear what He was speaking, I was discouraged because I had gotten used to hear the Lord speak clearly in that particular way. I had to obey even without understanding. Later, I started hearing the Lord speak from my own human spirit without the need to open my mouth. It is such an exciting moment for anyone to hear the Lord speak. The words were as clear as you would have a man speak to you; and we were able to have lengthy discussions. If you are a person who is desirous of hearing the Lord speak, go and start on your own journey. I have been able to grow in my own human spirit to the extent that I can hear

what the Lord speaking without the need to stay in a quiet place. Initially, I had to always withdraw to hear the Lord speak, However, I now do not need to withdraw to a quiet place to ask the Lord about an issue at that particular time. At that time, I was unable to understand why the Lord had told me not to withdraw from people to hear Him speak. The Lord told me to obey Him. When I obeyed, it became easier for me to hear the Lord speak with even more clarity. *Have you ever heard the Lord speak from your human spirit?* This is a way that seems extremely difficult for most people; however, you will not be deceived if you decide to train your human spirit to listen to the Holy Spirit. *How can you train your human spirit to listen to the Holy Spirit?* If you have been in the Lord's presence, you will have an opportunity to be trained by the Holy Spirit on how to nurture your human spirit. Your soul is supposed to be subject to your human spirit. If your soul is not subordinate to your human spirit, you will not hear the Lord speak through the Holy Spirit. If you are being trained by the Holy Spirit, He will make sure your soul submits to your human spirit. *How does the Holy Spirit nurture your human spirit?* When you are in training by the Holy Spirit, you will be guided on how to ensure that your soul is under the authority of your human spirit. The Lord will use your obedience to Him to grow your human spirit; the more you obey Him, the faster your human spirit will grow. *How can a man receive the gift of the Holy Spirit?* You can ask the Lord and receive, however, you need to learn how to hear the Lord speak His will for your life before you concentrate on asking. If you ask amiss of the Lord's will, you will not receive. When people ask and they do not receive, they think the Lord has not heard. The Lord is not dead nor are His ears dull. If you are not in his will, you will not receive what you are asking for! *Have you ever been to a place where the people are always asking but not receiving?* That is an indication that there is something amiss. If you go to a prayerful congregation and find them in the practice of asking the Lord for every small thing, then you will know that they are not in the Lord's will. If you are a pastor and you are not able to receive what you ask for from the Lord. It is an indication that you or your church are not in the Lord's will. I have been to congregations where I have seen people cry out to the Lord in pain and they still do not ever receive!

I have seen a lot of hurt in people who try to do the Lord's work without the Lord's will. If you desire to do the Lord's work, you need to know His will. How? By hearing the Lord speak. *How are some ministers able to start on a project without the project manager or project design!?* If you are a minister, you need to learn how to hear the Lord speak before you embark on any type of ministry. Do not attempt to try to do anything that you consider spiritual. The Lord will always try to admonish you if you are lax in doing His will. If you continue being lax, the Lord will be grieved! When the Lord is grieved, He will not continue warning you. You will start doing the enemy's will even if you may call it the Lord's will. I have been to a church to warn the pastor to hear the Lord's voice. He asked that I immediately leave his premises and had even ordered his own body guards to throw me out. If you are such a minister, you are not in the Lord's will! He needed to hear what the Lord wanted to say to him through a prophet. This is a hopeless endeavour for such a man who calls himself a minister of God. This minister couldn't receive the message that the Lord had sent a prophet with. If he could hear the Lord speak himself, he would have been able to receive a prophet. However, he is deaf, he cannot hear the Lord speak. He is doing the enemy's will under the enemy's instructions. If he was a minister of God, then he would have known that the Lord can send him His messenger; that is what a prophet's role is. Have you ever sent away a prophet? If you have, then you have a curse upon you from the Lord. Why? That is what the Lord says! If you are unable to hear the Lord speak, then do not start a ministry. It will be a place of misery for you and for the people that you are leading to hell. They are being lied to by the enemy. All of them are expecting that the minister is a man of God, and they expect that he is able to hear the Lord speak! How then do such ministers continue? They are proud and are not willing to lose their integrity at the time they are exposed. If a minister is not doing the Lord's will and the congregation hears of such a thing, they will scatter! This is the Lord's will for such a minister and his congregation. If they stay in that congregation, it will lead them to death. If they are scattered by the Lord, they will find Him. If the Lord is God, they will have to go and seek Him earnestly to find life. I have been able to see what it means for a man to labour in vain. This disobedience will only lead to death. If a minister of God is able to refuse

to listen to a prophet of God then that man is a minister of the enemy. How will you know if you are in a congregation where the Lord is God? You need to go and seek the Lord's voice. There is seldom any other way! If you are going to learn what the Lord is saying, you need to hear Him speak.

I have been to a congregation where there were all sorts of cursed spirits mimicking many ministers who are caught up in sin. These cursed spirits possess people to speak out what sin that minister is involved in. Initially, I thought that was the power of the Holy Ghost. After a while, I was told by the Holy Spirit to leave that congregation at once. I obeyed but did not know why the Lord had told me to leave. Later I learnt from the Lord that it was a shrine of cursed spirits and not a church. I was dumbfounded! Why? They were always quoting the scriptures with accuracy and I thought that was what the Lord wanted! If you find a congregation where there are people who quote the word accurately, know that the enemy is even better than you in quoting scripture. Do not let the enemy deceive you from scripture. If you have the Holy Spirit, you have the law of God in your heart. You do not need to cram the scriptures like a pagan! If you are wondering, isn't this the will of God? The answer is no! The Lord is not going to tell you to recite scriptures for you to live! You need to have understanding as to why some people are deceived to quote scripture meticulously. If you are deceived to quote scripture meticulously, you need to know why the law is a curse. If you are in the curse of the law, you will need the Lord who became a curse for you to take away that curse of the law from you. This where most people are holed up! They are in the pit that they continuously deepen with the enemy as their God. If you are in such a pit, the Lord is able to take you out of it. He is the One you need at this time.

Chapter Three

How Does The Lord Admonish?

Have you ever been warned by the Holy Spirit on what His will is? Have you ever heard the Lord caution you on what you are doing? This is what we are going to learn in this chapter. I have been able to listen to what the Lord is speaking about my life directly. If I was not able to hear what the Lord was saying, I would have been dead. If you want to heed to the Lord's admonishment, then you need the Holy Spirit to lead you to the right path. *How will you know you are being admonished by the Lord?* If you are in the Lord, you will always hear the Holy Spirit warn you. If you ignore the Holy Spirit, you will need to understand why the Lord is admonishing you. The Lord does caution you when you are not doing His will. If you are involved in a will that is not from the Lord, it will only cause you much peril. The Lord is always admonishing those, whom He loves. When you have been cautioned, the Lord calls that love! However, if you do not love the Lord, you will become bitter and concentrate on the enemy's will. *How is the Lord's will different from the enemy's will?* The Lord's will is always antagonistic to the enemy's will. If the Lord says go, the enemy will say stay! If the Lord says; tarry, the enemy will say, now is the time. The enemy is always trying to oppose the Lord's will. When you decide to do the Lord's will, you will always face resistance from the enemy. If a person loves the Lord, that person will be encouraged by the Lord to do His will. The Lord's will is simple and not burdensome as opposed to the enemy's will that is difficult and burdensome. If a person has decided to do the Lord's will, it will seem difficult at the beginning, but will later become easier as the person continues in obedience to the Lord. If a person decides to do the enemy's will, it seems easier at the beginning, but becomes difficult with the passing of time. When a person is involved in doing the enemy's will, that person will seem to progress faster but in vain. A person who is doing the Lord's will may seem to seem to progress slowly but will

eventually be able to become an overcomer. The enemy is able to give an impression that all is well to a person doing his will. On the other hand, the Lord will nurture a person doing His will. The two types of people will never be able to be at the same level later on in life. The one that did the Lord's will built his house on a foundation of rock whereas the one that did the enemy's will built his house on a foundation of sand. This is what a good servant does; to do the Lord's will. If a person who has done the Lord's will gets a reward from Him, that reward will bring Joy! If a person who has done the enemy's will gets a reward from the enemy, that reward will later bring that person misery. This is what most people do not know. The Lord will not reward a person for doing the enemy's will. The enemy will be the one to reward such a person who has done his will. He can also reward! If you are involved in doing the enemy's will, then your rewards are from hell and cannot be used to glorify the Lord. If you are in the Lord's will, you will be able to use your rewards to glorify Him. The Lord will give to a person who does His will regardless of whether that person asks or not. When a person is doing the Lord's will, the gifts that the Lord has given to that person become entitlements! For instance, if a person who is doing the Lord's will receives a house, that house is an entitlement for a home that he has also received from the Lord. If another person who is doing the enemy's will receives a home from the enemy, that person may not be entitled to a house. He will have to work hard to get or keep a house. Usually, that house will be taken away by the Lord if that person is repentant. If a gift is from enemy, then the Lord cannot use it for your betterment. You will have to start on a fresh page with the Lord; *"The new wine must be put into new bottles; and both are preserved"*. If a person is able to use the enemy's gifts in the Lord's service, that person receives a curse from the Lord and will have to lose that gift if he is going to start doing the Lord's will. The Lord will not sow where the enemy has sowed and vice versa. When a person goes and cries out to the Lord to sow where the enemy has sowed, that person is lacking knowledge and needs to start to fear the Lord for the Lord to give him knowledge. When a person begins to fear the Lord, the Lord will give that person knowledge as he begins to obey His commands. A person who has been able to obey the Lord will be rewarded. A person who has not been able to obey the Lord will not be rewarded. Such
