Dedication

The word of God is alive and powerful, sharper than any two-edged sword, piercing even to the dividing asunder of the soul and the spirit, and of the joints and the marrow, and is a critic of thoughts and intents of the heart. (Heb 4:12) All Scripture is God-breathed, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God might be mature, thoroughly furnished unto all good works. (2Tim 3:16-17) Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. (2Tim. 2:1)

This compilation of doctrinal principles is dedicated to my pastor of some 40+ years, Col. R. B. Thieme Jr., who, in my humble opinion, was one of, if not the, foremost theologian of the 20th century and most likely many others as well. Without his consistent undaunted dogmatic teaching of Bible Doctrine this document would not have been possible and I would most likely NOT have a clue about the Christian Way of Life. In his physical presence, mental acuity, supreme dedication to the word of God and overriding dogmatic veracity in the presentation of the doctrines of the bible he has been a life changing inspiration to myself and literally hundreds of thousands of other believers throughout the world. I, and these others I am sure, look forward to the honor of standing in ranks before the Judgment Seat of Jesus Christ as representatives of the “Berachah Battalion” who have grown up in the Spiritual Life under his phenomenal grace teaching.

I would also like to acknowledge the help and doctrinal input from Pastor Robert K Lyon of Sapulpa, Ok and his instigation and motivation to keep me compiling these documents of concentrated doctrinal principles.

Preface

Before a believer begins to study anything related to bible doctrine he must ensure that he is under the ministry of God the Holy Spirit for Bible Teaching which requires the Filling of God the Holy Spirit. This can only be accomplished if he will name his sins privately to God the Father in order to be forgiven those and all other sins and to be placed again into fellowship with God and under the teaching and guiding ministry of God the Holy Spirit. **1st John 1:9** states, "If we confess (name or cite) our (known) sins, He is faithful and justified to forgive us our (known) sins and to cleanse us from all unrighteousness (unknown sins)." This will put the believer into fellowship with God and under the Filling of God the Holy Spirit in a state of Genuine Humility and teachability and ready to learn Bible Doctrine. If you have never personally expressed faith alone in The Lord Jesus, The Christ alone the issue is NOT naming your sins. The issue is nonmeritorious faith alone in Christ alone. "He who believes in the Son has Eternal Life; But he who does not obey the command to believe in the Son shall not see life, but the wrath of God abides on him." (**John 3:36**)

If one is totally objective he must admit to having delusions about some things in life at some time. For myself there is ONE thing in this life which I have no delusions about, Bible Doctrine. Were it not for the teaching ministry of Col. R. B. Thieme Jr. and his consistent, clear, concise and dogmatic presentation of the doctrines of the bible I would know nothing of orthodox fundamental biblical doctrine. I have no delusion about my knowledge, calling or spiritual gift; and, recognize that I could not do what he and many other pastors have done, and continue to do, in the constant studying and teaching of doctrine to their congregations. Over the years I have learned innumerable principles from these studies by Pastor Thieme. One of the most important things I have learned has been that "your rate of learning MUST exceed your rate of FORGETTING" in order to advance in the Spiritual Life or even to maintain your level of spiritual growth. This amplifies the necessity therefore of constant, consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine and ultimately the application of it to life. It is my desire that this document be a source of consolidated doctrine to fulfill that very purpose.

This is a compilation from my notes and is based on principles directly derived from the lessons taught by Col. R. B. Thieme Jr. in his ministry, specifically from the lessons involving the study of the Life of David in 1972 and various other passages as well. These were taught after many years of Pastor Thieme serving in his ministry of Studying and Teaching Orthodox Fundamental Biblical Christian Doctrine according to an Isagogical, Exegetical and Categorical method. With this in mind be conscious of the fact that some of the terminology, doctrine and principles presented here will be, at best, difficult and possibly obscure for the new or infant believer. It took the Colonel many years of preparation and study to come to the point of being able to extract these doctrines and principles from the original languages of scripture so it should reasonably require some years of study by the believer under his type of ministry to be able to understand what is herein contained. To facilitate this understanding on the part of the reader I have linked segments of this document with others to enable the reader to review or recall concepts, principles and doctrines while reading other parts. I have also included a Glossary of terms which I believe will help in this endeavor. I have taken information from a few other references and included references to the source of this information for the individual who would like to pursue this study from other sources.

As one would expect, I have entered some opinions and concepts of my own from what I have learned from my studies of his teaching of Bible Doctrine in later lessons, from later years and from life experiences and other current materials regarding ongoing historical and social trends. My effort here has been to consolidate PRINCIPLES of War and the necessity at times to FIGHT for FREEDOM to maintain the Christian Way of Life in this Church Age. This is a compilation of advanced doctrine to provide a place where believers might go to acquire or review concise but detailed information related to these principles. However, nothing contained herein is ever to be construed to have been originated by my personal abilities to extract doctrines from the scripture. Neither is this to be a substitute for consistent daily study under one's own right Pastor Teacher in order to develop the momentum needed to reach and hold on to spiritual maturity, the ultimate objective of the Spiritual Life. I have tried to only add pertinent examples of historical and social trends which I see occurring some time after these lessons elucidated them. If more details and reference passages are desired on the principles of War, Revolution, Insurgency, Counter Insurgency and Guerrilla Warfare and the Spiritual Life or how these principles were derived the original lessons can be ordered from **R. B. Thieme Jr. Bible Ministries**, P.O. Box 460829, Houston Tx. 77056-8829, or by phoning 713-621-3740.

Once again, my objective in compiling these principles of Bible Doctrine is not whether it is considered good or bad, liked or disliked as a message but whether God the Holy Spirit can use the doctrinal content in the life of YOU the believer reading it. I have nothing to prove to anyone in life and it is only getting the message through to the YOU, the reader, that is important to me so that there is something for God the Holy Spirit to use. I have, in fact, attempted to organize these principles into discrete segments or categories. However, as always with regard to Bible Doctrine, these principles resist any attempt at separation into singular units being intricately intertwined into a system of interaction within the Spiritual Life. With this in mind understand that there will be duplication and repetition and one concept or principle cannot always be separated and individually studied without relating it's impact on and from, very often, several others. However, as we clearly know in life and as the Colonel might have said on occasion: "REPETITION, REPETITION, REPETITION IS INVALUABLE SO GET USED TO IT AND ENJOY IT.

Introduction to War and the Christian

The goal of this book is to provide information and principles which can guide the believer in The Lord Jesus, The Christ in his understanding of War and when it is Just and Necessary and when it is NOT and what his responsibility is with regard to service for his nation. This is NOT a book on strategy or tactics in War, Insurgency, Counter Insurgency, Clandestine War nor Guerrilla War which each individually could be a lifetime study. The explicit purpose here is to clarify for the believer what he should and should not think, what he should and should not do, and what is acceptable and authorized by God and what is not in various categories of Warfare. Satan's as ruler of this world since the fall of Adam has a plan and policy to control that which he rules. It is known to us as Good and Evil where EVIL is the plan and policy and what we call Human Good is the result of the engagement in that plan by mankind. (**Luke 4:5-7**, **John 12:31**, **14:30** **16:11**, **2Cor 4:4**, **Rev Chapter 12**) His system is what we can call "Power Politics" but he cannot institute his policy only through propaganda because mankind is too stupid and thus he must resort to violence and change through violence to bring his policy and plan into action. This whole system of satanic control revolves around 2 principles:

- When attempts at influencing the mind with the Lies and Propaganda fail then invoke tyranny
- As a result of the plan and policy being impatient when trying to deceive using Lies and Propaganda it must inevitably resort to force and violence.

In **Rev 12** Satan's policy in connection with his last attempt to bring perfect environment on earth fails miserably and this merely intensifies violence and forced change. This is why God set up for human government the Laws of Divine Establishment and the Divine Institutions to prevent the out of control violence, which would inevitably result under Satan's unrestrained plan, from destroying the Human Race. It is the responsibility of believers in The Lord Jesus, The Christ to advance to Spiritual Maturity by means of consistent Perception, Cognition, Inculcation, Metabolization & Application of Bible Doctrine in order to guarantee that what Satan rules he cannot ever control. The Laws of Divine Establishment clearly demonstrate that the only thing which impresses some people including criminals, communists and moslems is violence greater than they can muster or endure. This in essence is the reason for Just Warfare. For the believer War is JUSTIFIED when the purpose is to defend, preserve, protect or restore the freedom of the Laws of Divine Establishment and the Divine Institutions functions for the client nation to God. In all cases both conventional, clandestine, guerrilla, insurgent or counter insurgent war the purpose of the ORGANIZATION involved in the war must be preserving or restoring the Laws of Divine Establishment and the Divine Institution functions in the client nation to God. At times this may involve waging conventional or clandestine war in distant lands to prevent the encroachment of Evil into the client nation. At times it may mean counter insurgent war even guerrilla war in the client nation to remove a revolutionary faction and prevent the destruction of the Laws of Divine Establishment and Divine Institution functions in the nation. Therefore, WAR is Justified for the believer and for the client nation in order to preserve and protect its functions in service to God under the guidelines of the Laws of Divine Establishment and the Divine Institutions.

2 Mechanisms for Waging War

Type I

Fighting with big machines and using them to advantage in warfare. The big advantage to this function is that when it occurs nothing can stand against these military machines except greater

machines and the war can often be won in short order. In addition it is the machines which bear the brunt of the battle and human casualties are minimized when machines succeed in doing their job. This is however extremely economically expensive and will bankrupt a nation which tries to keep it up for too long a period of time. A very strong disadvantage is that terrain, vegetation and weather can hamper these machines and for effective use the machines must be brought to bear quickly without warning in order to provide rapid victory or the nation will be economically bled dry in a protracted war. Generally, because the society in the United States of America places a high premium on all human life, it is compelled to fight this type of war with machines and also because the citizenry will not support Type II warfare. In addition the media, citizenry and civilian government would demand immediate courts martial of any military commander who continued to accept wholesale casualties such as those which occurred in the 7th and 9th divisions in 1972 in Vietnam.

Type II

Guerrilla warfare is using large numbers of men lightly armed with tactical rifles, machine guns, mortars, rocket launchers, etc., to strike and run quickly in unanticipated areas. This is a protracted type of war which weakens the enemy over a long period of time eventually destroying him when he is too weak. Unfortunately the United States of America is too clean and neat and too stupid to realize the advantages of this type of warfare and how to use both Type I and Type II together. In addition as is painfully obvious today, being clearly demonstrated by the abject failure in Korea, Vietnam, and Afghanistan, that the United States is also unable to combat this type of warfare.

Clandestine Operations

In both cases or types of Warfare the operations and functions of covert clandestine war are essential. Clandestine War which is in effect the functions involved in Espionage, provides information regarding enemy disposition, serves to induce distraction of the enemy from its plans and engages in whatever is needed to disrupt or destroy the plans and hierarchy who institute those plans. The ultimate objective of the clandestine war for the client nation to God is to disrupt the enemy and in so doing protect and preserve or in some cases reestablish in the nation the function of the Laws of Divine Establishment, Divine Institutions and Bible Doctrine as the underlying operational mechanism of the client nation. The extreme danger in engaging in clandestine and guerrilla warfare is for one to become the enemy, to do such things as needed to win and forget the principles which must be protected or restored which are the basis for engaging in this war in the first place. This war requires BELIEVERS who have reached Maturity Adjustment to the Justice of God and understand the necessity for the preservation of their client nation's functions at ALL COSTS. As a result of most believers lacking the Doctrinal Problem Solving Devices and essentially having NO Metabolized Bible Doctrine in the Stream of Consciousness of the Soul there is therefore great Self Induced Misery for the individual and the nation collectively when it fails to engage in effective clandestine war. This combines with warning, intensive and ultimately dying Divine Discipline for the individual and which for the nation is involvement in 4 cycles of gradually increasing Divine Discipline leading to the 5th cycle as destruction of the nation itself. The only recourse for these believers is to function under the **Rebound Procedure** for recovery and engage in consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine under the Filling of God the Holy Spirit by means of the **Grace Apparatus for Perception, Operation Z**. Only in this way can

any believer move ahead in the Spiritual Life and approach and reach Maturity Adjustment to the Justice of God where he will be efficacious in the protection of his nation.

The Cause of War

War is always started by one or those in control of some nation having power lust or lust for land or some other inordinate ambition. Those who control Russia, China, Cuba, North Korea and the moslems of the middle east, all fit into this category. There is only one thing which power lust is impressed by and for which it will stop and that is a PREPARED MILITARY ORGANIZATION. THE ONLY THING POWER LUST FEARS IS VIOLENCE AGAINST THEMSELVES GREATER THAN THEY CAN OR ARE WILLING TO PERPETRATE AGAINST OTHERS. The United States of America must make an all out effort to arm itself against at least 3 different power lust groups in the world. These include: Russian communism, Chinese Communism, and Islam. Failure means that the United States will inevitably be invaded and destroyed unless the individuals get back under the common sense of what is RIGHT AND PROPER MILITARY PREPARATION.

War is a reality and it cannot be prevented. God could have sent Henry Kissinger or any other state department bureaucratic negotiator to Chedorlaomer in the ancient world and he would have been walked over and ground to dust. When power lust reaches a saturation point with Evil, armies move and invasions occur. When Hitler reached a saturation point of Evil he then moved into Austria (which in fact historically VOTED to accept him), then into Czechoslovakia and then Poland and beyond. Napoleon, one of the greatest unbelievers in human history, when fighting 2 armies opposing him larger than his own on the defensive for France, using his great nerve and timing defeated them, this started great power lust in him and he moved more and more to conquer instead of simply protecting his land.

Evil Must be Eliminated

Believers must understand historically when God destroys a nation and another nation conquers and plunders and rapes and robs and enslaves and tortures those citizens, there is a REASON FOR IT in the Plan of God. Evil in this world when it becomes saturated in any nation MUST be destroyed. If not that disease will spread and FREEDOM will be destroyed in the entire world and history will end and the Angelic Conflict will not be resolved. If that were to have happened at any time past, present or in the future Human History would end and mankind would not be here.

When any nation has rulership focused on or influenced by EVIL and Evil functions saturating it then God has to destroy it and the Supreme Court of Heaven must pronounce the 5th cycle of Divine Discipline and this is especially true for the Client Nation to God such as the United States of America. There is always a reason for war and it is demonstrated by God providing Extreme Divine Discipline for people saturated with EVIL and believers must recognize that wickedness and injustice are part of Evil along with failure to make Adjustment to the Justice of God. Great National Arrogance is an additional reason for war in divine judgment against the nation. HOWEVER, it only takes a small remnant of believers to preserve any nation when everything else is being destroyed. Going to war and killing the enemy who would destroy freedom is HONORABLE and a thing which a strong believer will do as he represents his country professionally. To kill, to slaughter the enemy in battle is an honorable thing in a Just War. When in battle the believer must be one person, a

professional warrior, and when home again in civilian life he must be again a gentleman. When one fights he must fight to destroy his opponents and in military service he must function to KILL or be killed and he must be focused on his primary objective, to destroy the enemy.

The Client Nation to God

What is a client or priest nation to God and what is its purpose? From the beginning of Human History with Adam and his wife Ishah, known after the fall as Eve, after they were kicked out of the Garden of Eden, human beings were 1 race and had 1 language. In the time of Noah, angelic beings infiltrated and attempted to corrupt the Human Race by cohabitation with humans producing a mixed angelic-human race. God destroyed all these who rejected him with the flood and started the new era of Human History with 8 believers, Noah and his family. These eventually formed the 3 major races, Semitic, Japhetic, and Hamitic derived from Noah's 3 sons, Shem, Ham and Japheth. However these 3 races still had only 1 language. Evangelism throughout this stage of Human History, where the gospel of Christ from Gen 3:15 was proclaimed by word of mouth, was possible because there was only 1 language. However, mankind again abused this situation and tried to reach God himself by building the Tower of Babel, setting up a system of internationalism and worshiping idols while rejecting God. God at this point of history dispersed the people throughout the geographic earth and caused them to have varying languages. At this point in order for there to still be effective Evangelism of the people of the earth there had to be a select group of people who would go out to other areas of the world and learn the language there and proclaim the gospel of Christ to the people living there. These people were to be the ancient world missionaries. The client or priest nation is the nation which has been selected by God to preserve, protect and disseminate the Gospel of Christ and the Doctrines of Scripture. In ancient times the Jews were selected to be the missionary nation by God for this purpose. Abram a gentile Chaldean from the city state of Ur was selected by God and told to leave his country and family to serve God. Abram was a bit reticent with regard to this and did what God wanted but tried to do it only on his own terms. Just like most Christians today. Eventually Abram grew up in his Spiritual Life and trusted God and his promise for a son but it took him until he was almost 100 years old to get there. (The principle is don't be in a big hurry to do any WORK for God until his timing is right and until you grow up spiritually). He was promised by God to have "seed" meaning descendants which would be innumerable as a new race in Human History. This was the ORIGIN of the 4th race, the Jewish Race, which has been preserved throughout human history to this very day despite all imaginable adversities. At the time of Moses when the Jews had been enslaved for 400 years in Egypt (which was for the specific purpose of preparing them to become a separate nation) under the incredible leadership of Moses they left Egypt and eventually occupied part of the land God promised to Abraham in Palestine and became the nation of Israel. In the dispensation of the Age of Israel the purpose of the Jewish Race and nation was to serve God as the missionary nation to the world and preserve, protect and disseminate the gospel of Christ and the doctrines of scripture. They held this position rather unsuccessfully, from 1441 BC until 70 AD when the Age of Israel was INTERRUPTED by the period in which we live today, the Church Age. Today in the Church Age, which has been going on for close to

2000 years now, the Jews are prohibited from being a priest nation to God and ONLY gentile nations can become a priest or client nation to God. In history since 70 AD various gentile nations have had the honor and responsibility of being the client nation to God. Some historical examples include, Rome, Sweden, Great Britain, and the United States of America. As one client nation goes down in history another rises up to take its place and provide service to God under his divine plan. Therefore 2 things are very clear at this time, 1st the United States of America IS a client nation to God still and 2nd the United States of America has failed miserably in its responsibility to God.

The Plan of God for the Client Nation

God has a plan for the whole of the Human Race and has provided for both the unbeliever and believer. God has provided the Laws of Divine Establishment and the Divine Institutions to sustain them both. These provide enough freedom for evangelism to effectively occur and for these unbelievers who hear the gospel to be able to use their volition to decide for or against The Lord Jesus, The Christ personally. For believers this freedom enables them to use their volition freely to decide for or against consistent intake of Bible Doctrine and function in the Plan of God. At Salvation Adjustment to the Justice of God, He gives every new believer his Absolute Righteousness as the basis for being the recipient of Logistical Grace support which is designed for sustaining the believer's life while he remains on this earth. This logistical support is for both those believers who will succeed and those who will fail in the Spiritual Life.

Evil is a factor which the believer must constantly face which was not judged in Christ on the cross because it is the Plan and Policy of Satan for ruling the Human Race after the fall of Adam. It was not judged because the Human Race was established to demonstrate to Satan that the Love of God always works with the Justice of God and Righteousness of God for all creation and therefore, MAN is here to CHOOSE for the Grace Plan of God or the Evil Plan of Satan. ([Heb 5:13](#)) In the life of the believer a major issue is always to distinguish the difference between God's GRACE and Satan's Good and Evil. The more one desires to help the human race and fix the problems of mankind the greater the concentration of EVIL from the plan of Satan in his soul, driving his motivation. This is the frustration of the do good radical liberal, who means well in trying to protect the environment or provide "equality" for man but do not realize that by their efforts they will cancel all benefits for mankind for many years because they focus on some crusade. ([Rom 7:19-21](#)) Therefore Believers are constantly warned to not be influenced by Evil but only by Bible Doctrine. For both the believer and unbeliever submission to divinely delegated properly authorized authority under the Laws of Divine Establishment prevents succumbing to the influence of Evil. ([Eccl 8:2-5](#))

The only way the believer can over come Evil with Bible Doctrine is to advance in the Plan of God but advance in the Plan of God is ONLY through consistent Perception, Cognition, Inculcation, Metabolization & Application of Bible Doctrine. Evil cannot ever be stopped through any form of social action, socialism, CHANGE or reform. Neither these or any crusade for the good of mankind will ever stop Evil and in fact merely intensify Evil. These and much more are a part of that EVIL plan of Satan who as ruler of this world desires to provide a Perfect Millennial Environment on the earth BEFORE the 2nd advent of Christ. Therefore consistent function under the [Grace Apparatus for Perception](#) is the only way for the believer to stop Evil. Crusades and social action in all forms are distractions to the believer from the Plan of God and purpose of God and NEVER overcome Evil.

Things were much worse than people generally had realized in the client nation United States of America in 1979 and 1980. They are INFINITELY WORSE today in the 2nd decade of the 21st century so that the only hope for the United States then and surely now is:

- The Lord Jesus, The Christ controlling Human History
- Spiritual Leadership free from **Arrogance** must be communicating accurate Bible Doctrine.
 - Through this function God often saves the nation not the people, parties, human powers, schemes or plans.
 - Through this function God also saves all grace oriented MATURE believers, saturated with Metabolized Bible Doctrine and humility.
- The maintenance of a pivot or very strong remnant of mature believers (Today only a very small Jeshurun Remnant)

It is the responsibility of the Individual Christian in the client nation to fulfill the Plan of God for his life. The key to this function is consistent, persistent, daily function under the **Grace Apparatus for Perception, Operation Z** to engage in Perception, Cognition, Incultation and Metabolization of Bible Doctrine and then application of it to his life. In order for this to be possible the client nation must function based on the Laws of Divine Establishment and Divine Institutions of God. These 2 areas are designed to protect and preserve the Human Race from its own self destructive tendency and provide an environment where by personal and group evangelism can occur without interference and where personal Salvation Adjustment to the Justice of God can also take place freely. This requires FREEDOM. Therefore, FREEDOM is the single most important thing in a nation and in life after Bible Doctrine which in fact details and encompasses freedom's aspects totally. To establish and then maintain and protect freedom within a client nation there must be a strong military to oppose those outside the client nation who would destroy that freedom. In addition there must be a JUST system of law based on the Laws of Divine Establishment principles under a FAIR and IMPARTIAL Judicial and Law Enforcement process. It is unfortunately clear today that the United States of America has failed in every way to live up to these required parameters. However, as a client nation to God it is still the responsibility of the individual believer to help preserve the client nation. The Christian must fulfill his duty to serve his country in some way in his life under the Plan of God to fulfill this responsibility. There may come a time when the Christian may have to fight and even to give up his life in the service of his country to fulfill the Plan of God for his life and to protect the FREEDOM of his client nation. This has occurred in the past many times beginning in the United States of America with the American War for Independence and was most dramatically displayed in the success of the United States of America in World War II. Therefore it is extremely important to understand War, when it is Just and when it is NOT and how to properly prosecute it. It is also necessary to understand different kinds of warfare and when each is to be used to the advantage of and for the protection, preservation or restoration of the client nation to God.

The Reality of Client Nation Function

Once military victory secures freedom for the client nation it is the function of individuals in the spiritual realm to perpetuate client nation function. Therefore, in the continued function of a client nation the true issue is "what are the believers doing?" Under the Plan of God the principle for the

client nation is, "as goes the believer so goes the client nation". If the believer fails to advance to spiritual maturity through persistent and consistent Perception, Cognition, Incultation, Metabolization & Application of Bible Doctrine and thereby fulfill production as a royal ambassador for Christ under the ministry of God the Holy Spirit, then the purpose of freedom in the client nation is LOST. The result of victory in war gives or restores the opportunity under freedom for those who are believers to fulfill their function in life and therefore, freedom sponsors client nation Modus Operandi. In proper client nation function under the Laws of Divine Establishment and Divine Institutions the military establishment must be strengthened and perpetuated in time of peace to guarantee freedom from foreign aggression or domestic interference through revolution. It is a most difficult function in the client nation for the people to see value in a strong military during a time of peace. However, having a very strong military during times of peace is the real guarantee of peace. (Consider Roman History) The honorable profession of Law Enforcement secures the function of freedom against criminal activity and conspiracy. The United States of America has miserably failed in both of these areas in the early part of the 21st century. Law Enforcement is critical to maintaining freedom and establishment oriented client nation functions and NO ONE should ever be set above the law of the land for any reason. The separation of Church and State opens the door for proper client nation function in the spiritual realm. The real purpose of government is to protect the freedom of religion and worship ensuring individuals can engage in worship without any interference. However, in the United States of America the government questions the validity of this because:

- People use religion to avoid taxation and this is Evil
- Men operate churches out of their garage are Evil
- Groups or organizations who sell ministerial degrees through the mail are criminal
- Cult and paramilitary religious organizations (the Jones cult and others) are Evil
- The National Counsel of Churches financially sponsors revolutionary organizations
- Pastors often try to assume authority over people outside the Local Church
- Pastors often try to organize people against communism or other ideologies
- Instead of teaching Bible Doctrine pastors initiate crusades against civil inequities

There cannot be freedom without separation of church and state. Under Freedom evangelization in the client nation provides options for the unbeliever to freely accept or reject Salvation Adjustment to the Justice of God through faith in The Lord Jesus, The Christ alone. This is the primary function of the client nation and believers remain alive to grow in Knowledge and Grace in the Plan of God and to lead people to Christ as individual witnesses or evangelists. Those individuals who express Positive Volition toward Jesus Christ form the nucleus for client nation spiritual function. When this nucleus has formed then these believers, individually, must then decide what to do about Bible Doctrine. Failure or success for the believer in the Plan of God and his purpose for being supported by Logistical Grace provision is related completely to his attitude toward Bible Doctrine and the resultant spiritual growth or lack thereof. For the believer in Christ thinking in life must have as its foundation and base Bible Doctrine. Bible Doctrine is the ultimate source of the Laws of Divine Establishment and Divine Institutions and the foundation on which freedom is built for everyone in the Human Race. Without Divine Viewpoint in his life the believer is lost and his only purpose for being alive under consistent Negative Volition toward Bible Doctrine is to be used to test growing believers who are under positive volition toward Bible Doctrine. He remains alive to continue to
