Prologue

Elizabeth

I can't believe its been 2 years since I said "I do" to Armando. Now we are here at the doctors office ready to find out the sex of our babies. My life is so wonderful right now. I am marry to the best man in the world and on top of that I am excepting twins. I turn to Armando "Are you ready for this poppa bear?" I ask him. Armando and I have a bet going on about the sex of our babies. I told him that we are excepting two baby girls. Armando turns to me and gives me a wink "I am ready for my two champs". We really don't care what we are having all we care is that they are healthy. I turn to Dr. Wren and ask him "What are we having doc?" "Well Mr. and Mrs. Morales I am happy to inform you are having..."

ARMANDO

It's been about 18 hours since I been in this waiting room with no information about my *reina* and my babies. I can't believe the day has come that we are finally going to meet our little Morales. Three more hours passed by until finally I see Dr. Wren walk out the room. "How are they? Can I see them? Where is my wife I am go see her now" I tell him as I run to go see my wife. Dr. Wren grabs me and tells me to take a seat "What's wrong?" I ask. "The babies are fine they both came out healthy and strong," he informs me. I have a feeling that there is more to this so I ask "But what?". "I am sorry Armando the operation got complicated. We did everything that was in our hands but it wasn't enough". "NO, No don't tell me something went wrong. Where is Elizabeth?" I ran passed him yelling for my wife. I went threw the two double doors that I seen him come out and I see her laying on the bed. I drop on my knees with tears in my eyes "Mi *riena*, not you baby you

promise me we would die old together not now, not here, not like this." Dr. Wren walks in and lifts me up "Come on Armando I want to show you something," he said as I follow him. I am in front of two beautiful newborns that take my breath away. How can I feel like I lost everything but at the same time feel like I have everything when I see our babies. "Hi there, I am your daddy," I tell them as I kiss my princess on her forehead and than I turn and kiss the top of my prince forehead. "Welcome to the world Kathalyna and Kelvin Morales." I say to them. At that moment they both smile and something in my heart told me that my Elizabeth was going to be with us always.

Chapter 1

Kathalyna

18 years later...

I wake up to a kiss on my forehead and a "Happy birthday princess time to get up" from my dad. "Daddy do I really have to get up its a Saturday and my birthday". He looks down at me with a smile "Come on princess your brother is all ready up waiting on you". Of course he would be up he always wants to be the first at everything. That's the bad thing of sharing your birthday with some one else that you aren't the center of attention. I love my twin Kelvin after all we did come in to this world together. Dad gives me another kiss and a hug and makes his way out my room. I get up and walk to the bathroom to brush my teeth. I look for my favorite shirt of Bob Marley that it's twice my size. I walk over to the mirror in my room and stare at the picture

of my mother. "Good morning *mamita*, another birthday without you but I know you are with us always I love you mom." I lean in and give the picture a kiss as I look into the mirror I realize that I look like my mother or at least that's what my dad always say. I do see some resembles but for my taste she was way prettier. I have her light brown hair, her hazel eyes, and her long eyelashes. I love to hear that I look like her because in a way it makes me feel closer to her. I walk downstairs to the kitchen where my birthday breakfast is waiting for me. "Happy birthday little munchkin" I hear my brother tell me as he gives me a bear hug. "Happy birthday to you too Vin, and you are only older than me by 5 seconds so don't call me munchkin." I look into the same hazel eyes that I was looking at a few minutes ago in the picture. Kelvin has mom's eyes and her lashes but he looks more like dad. Its funny how we look so much alike but at the same time different. We both have a caramel complexion thanks to our mom. Unlike me Kelvin is 5'8 with dark brown hair, he has a athlete body no fat all muscles thanks to him playing soccer since he can walk. He is the team captain of our high school soccer team. "All right you two sit and eat before it gets cold" dad commands us as we sit I look around and notice some one missing "Where is Lita?" I ask. Lita is our grandmother we call her Lita because when we were younger we weren't able to say *abuelita*. "That's a good question" dad reply. Minutes later there is a knock at the door and Kelvin gets up to open the door. "Happy birthday bro," I overhear Theo as they walk into the kitchen. Theo has been my brother's best friend since I can remember. Theo is 5'8 with blond hair and beautiful green eyes. His body is shaped like a model with abs and

packs all over. He is just perfection at its finest. I jump onto my feet because I knew what was coming. He runs towards me and gives me a hug and spins me around "Happy birthday munchkin" he said as he puts me back down. I roll my eyes at him and punch him on his shoulder "How many times do I have to tell you two I am not a munchkin we are all the same age". He gives me that smile that melts me inside and I forgot what I was even mad about. He walks over to my dad and gives him a hand "Good morning Mr. Morales." he said. "Theo, you are like family please call me Armando enough with this Mr stuff makes me feel old" my dad tells him. Theo really is like family he practically lives here. He stays here all the time and even sleeps in my room with me. No one ever seems to care because they all know he sees me as a little sister no worst than that he sees me like one of the guys. That is my own fault because I do dress as a boy and sometime I even act like one too. I don't mind it I like feeling comfortable. I don't know why it bothers me so much that Theo sees me as one of the guys. Oh yeah I know why because I am in love with him. No big deal.

Theo

I am getting ready to go over the twins house and I get a message.

Vanessa: what time are you coming over

Vanessa must be crazy if she thinks I am going to pick her over the twins especially on their birthday. Vanessa thinks that we are a couple even tho I told her several times that we are just friends with benefits.

Today she is being extra annoying because it's Valentines day but for me it's just the twins birthday.

Sorry can't today maybe tomorrow

I text her back. Pulling up to the twins house I make sure I have Lyna's gift.

“Happy birthday bro,” I give Kelvin a hug as he opens the door “Thanks bro, come in.” I walk in and ran to Lyna, that is all ready waiting for me with her Bob Marley shirt on, I picked her up in a bear hug and spin her around “Happy birthday munchkin.” I know that she hates it when we call her that but I love to watch her big beautiful hazel eyes roll.

“How many times do I have to tell you two I am not a munchkin we are all the same age,” she said. We are all the same age now but in a month I'll be older than them. I look at her and I give her my best smile. I make my way to her dad and I say good morning. “Theo, you are like family please call me Armando enough with the Mr stuff makes me feel old”. I can't help to call him that Armando knows me since I was a little boy. Armando and my dad are business partners that's why Kelvin and I are best friend. “So what are you two up to today?” Lyna ask. I look over to Kelvin as he stares at me and shakes his head warning me not to tell her. “Nothing really we are just going to play some soccer” I say. That's the best part of living in Miami the weather is always perfect to play soccer. Technically I didn't lie to her we are going to play soccer but after that we are going to the tattoo spot a few blocks away. Kelvin has wanted to get a tattoo but couldn't because he wasn't old enough but now that he turn 18 it's a different story. He doesn't want Armando or

Lyna to find out so we are keeping it a secret. "Sounds fun wish I could go with ya but Sky is coming over" Lyna states. "Well there is always tomorrow" Kelvin tells her. "Just remember to be back on time for our little get together" Armando tells all of us. "Yes Sir." we say at the same time. "Come on bro we have to go" Kelvin said. As we walking out the door I look at Lyna and wink at her "I have a present for you but I'll give it to you later."

Chapter 2

Katalyna

"Oh my gosh! He has a present for me," I tell Sky. Sky is my best friend but we are totally opposite from one another. Sky is your typical girly girl. She goes all out with her hair, makeup, and her outfits. She reminds me of a Pop-star. Sky always looks good and you will never catch her dead with what I wear. I love that girl she is like the sister I never had. "You got it bad Kat when are you going to tell him that you love him? It's been for ever" she said. "I know but to him I am just one of the boys" I say. "Well what do you expect you dress and act like one," she said. "Come on let's go we are going to be late." I said while I roll my eyes. I have a appointment at "Ink-creable Tattoo shop" at 1:00 pm and it's 12:00 I am getting my first tattoo done today. I have been wanting one since I was 15 but of course dad never gave me his permission to get one. "I cant believe you are really going to do this," Sky tells me as we are in the room. "I know I am so nervous" I said. Lugi G walks in he is my tattoo artist. "Don't worry it's like losing you virginity it hurts at first but than you start liking the pain," he said "where are you getting this bad boy?". I lift up my shirt and point to

my left rib right below my boob “Right here I want it as close to my heart as possible”. He looks me in the eye “Good luck sweetie just remember its all worth it at the end” he said. He starts to work on it and than I realize why he wish me good luck. I feel like I'm getting stab over and over again and the pain just keeps getting worst by the minutes. I didn't realize how hard I was holding Sky until I hear her let out a small cry “I am so sorry Sky” I say to her as I let go of her. A few minutes later I don't feel no more pain I'm actually numb from the pain. “All right sweetie we are almost done you are doing a good job” I hear Lui-G. I just close my eyes and think is this what I'm going to feel when I lose my virginity all that pain and than nothing. “All done you want to see it?” he ask. “Yes” I reply. I walk to the mirror in front of me and take a look at my tattoo. My eyes start to get watery as I take in my tattoo. Its perfect! I got a half of moon and 3 stars around it. Each star represents the 3 most important people in my life. I look at the first star that is on top of the moon inside the star there is an A. Than I move to the side and find another star and this one has a K. I move down to the last star that is at the bottom of the moon and find the letter E inside it. I brush my finger on the tattoo and whisper “Elizabeth” a tear rolls from my eyes. Last but not least I find my favorite saying on the bottom of my moon. I read it out loud “I love you to the moon and back”. “I hope those are tears of joy because if they aren't than I quite my job right now” Lui-G yells over me. “Thank you so much it's perfect” I tell him as we make our way out the room. I bump into someone and I turn around “I'm sorry” I say as I turn around and than realize it was Theo and Kelvin. “What the hell you follow me munchkin?” Kelvin ask.

“What? No way why would I follow you?” I say. Then it hit me “Omg you got a tattoo! Let me see” I tell him. “No I didn't, wait if you didn't follow me here than what are you doing here?” he ask. I look nervously around “I am here with Sky” I say as I grab her and turn around to walk out. He grabs me and turns me around “Let me see it” he said. “Fine only if you show me yours first” I say. He turns around and pulls up his shirt “It's beautiful” I tell him as I trace it with my finger. He got our mom's name tattoo in cursive across his back with a crown on top of the letter *Q*. “Your turn” he said. Without thinking I lift my shirt up and show him. “Wow that's an awesome tattoo” I hear Theo say. I forgot he was even there I lower my shirt because I was showing my lace black lace bra. Kelvin looks at me with a sad smile “To the moon and back” he said as he hugs me.

Theo

“Damn that shit hurts” Kelvin yells. “Man the fuck up you almost done” I tell him. “All done handsome you can see it now” Fatima the tattoo artist tells him. “This is amazing thank you, beautiful” Kelvin tells her. As we are leaving I see Fatima writing down her number and than giving it to Kelvin. “You're such a dog” I tell him as I give him a hi-5. I bump into someone and I turn around to apologize. When I look back I see Lyna standing there. “What the hell you follow me munchkin?” I hear Kelvin. As I stand there and hear them talk I think to my self how funny is it that they both decided to get a tattoo on their birthday. When Lyna shows Kelvin her tattoo I can't help but to stare at her flat stomach. I never actually payed attention to her body she always cover

her self with over size clothing. With out even knowing I look up to where her black bar was showing and I felt the need to have her standing naked in front of me. Her tattoo is beautiful and I can tell that she really put meaning to it. "Wow that's an awesome tattoo" I say to her. She quickly puts her shirt down as if she finally realize I was standing there. "To the moon and back" I hear Kelvin say to Lyna as he hugs her. Now I definite know that she is going to like her gift.

Chapter 3

Katalyna

I can't believe I flash Theo. I was so caught up in the moment that I forgot that he was standing next to Vin. "Well this is by far the girly I am going to get" I say to myself as I stare in the mirror. I have my hair up in a messy bun. I am wearing a black tank top with the only white pair of shorts that aren't made for boys. I walk downstairs to the back yard and I notice that all the guys are here. I see Adam, Ethan, and Brandon talking in a corner. Out of all the whole soccer team they are the only ones that are always around. "Happy birthday Katalyna" Adam says as he gives me a hi-5. Adam is one of them smart nerdy boys that knows everything about anything but he is really handsome. "Thanks Adam" I say. "Sup Lil K happy b-day" Ethan yells next and gives me a pound. Ethan is hot as hell and he got this bad boy vibe that makes him mysterious "Not much and thanks" I tell him. Last but not least there is Brandon. Brandon is actually my favorite one of them all. He is always making me laugh and always checking up on me. He is also very sexy some times I wish I was in love with him instead of Theo. "Happy

birthday thing 2” he said while giving me a hug. He thinks it's cute to call me thing 2 since I am a twin, tiny, and my hair is always a mess. “That's funny I thought I said no clowns this year I guess you didn't get the memo and thanks B” I say to him. “Alright that's enough hugging don't forget Brandon if she is thing 2 that makes me thing 1” I hear Kelvin. Of course he would be the one to say something he really don't like seeing me around boys and especially if they are showing me some kind of affection. “Yes Sir, Sorry Sir” Brandon yells as he salutes and we all start to laugh out loud. “What's so funny?” Theo ask as he puts his arm around my shoulder. “Nothing just Kelvin acting like my dad again” I say as I roll my eyes. “Princess,” I hear my dad call from inside the house “come to the kitchen and help Lita”. I walk into the house to find Lita putting the last details on the cakes. Every year Lita bakes two cakes. One cake is for our birthday and the second cake she bakes it's for my mother. We always make her cake shape as a heart. For two reason one because after all it is Valentines day and reason number two even if she isn't with us she is still the heart of this family. Walking over to Lita I give her a kiss on the cheek “Lita they look delicious”. I put mom's cake away because we cut that one when we have more privacy. We walk outside with our cake and I put it down on the table. I feel Kelvin all ready by my side.”Okay everyone on the count of 3,” dad yells “1,2,3 happy birthday to you, happy birthday dear twins, happy birthday to you”.

Theo

Now is the perfect time for me to give Lyna her gift. I walk towards Lyna after we sang to them. “Hey Lyna, here is your gift I hope you like

it” I say to her. She opens the box and pulls out the charm bracelet that I got for her it's made of stars and it has a moon. “I love it!! it's perfect” she said as she gives me a hug “I knew you would love it”. “Uh hum” I hear some one growl behind me. I turn around and find Vanessa “So you don't have time to answer my texts because you are to busy with this thing?” she asked. “This thing has a name bitch” I hear Lyna say and I step in the middle of them before Lyna punches Vanessa. “I got this Lyna” I say as I grab Vanessa arm and drag her to the corner. “What the fuck is your problem?” I ask her. “What's my problem? How about the fact that I been fucking texting you and you can't take a second to text me back because you are to busy with that she/he”. I feel my blood start to boil “Her name is Katalyna don't forget it and you know what the door is that way and don't even bother texting me I don't have time for you” I walk away and look for Kelvin. He hands me a beer “What's up bro?” he ask. “You were right about Vanessa I should of listen to you”. “Ha! Told you she was crazy I can smell them a mile away” he said. “Cheers” we both say as we take a sip of our beers. I walk away and look for Lyna to apologize for what Vanessa did but I see her with Sky and Brandon. I don't know why but I can't stand seeing Lyna with Brandon especially if he is making her laugh. I back away and look for another beer.

Chapter 4

Katalyna

“I can't stand seeing Theo with that crazy slut!” I tell Sky. “He don't look happy it looks to me that the crazitch is getting it and not the good it” Sky say. “Crazitch? What the hell is that?” I ask her. “That's

crazy and bitch put together” she say. We start to laugh and than
Brandon makes his way over. I take my bracelet out and give it to Sky
so she can put it on me. “Well that's a nice gift” Brandon said “I know
its perfect” I say. “Especially because Theo gave it to her” Sky said.
Brandon and Sky are the only two person that know about my feelings
for Theo. “Oh shut up” I say to them. “If you ask me I think Theo has a
soft spot for thing 2” Brandon says to Sky. “I totally agree I thought I
was the only one that notice” she answers. “No way he only sees me as
one of the guys” I tell them. “We can fix that” Sky say with a smile on
her face. I all ready know what she means by that she has been trying
to convince me to let her do a make over on me “No way Sky”. “Oh
come on what do you have to lose?” Brandon ask. I think about it and
he is right I have nothing to lose but maybe something to gain. “You
know what let's do it you are right what do I have to lose?” I tell them.
“Yay! Just trust me I'll take good care of you” Sky said. Everyone left all
ready it's only me, Kelvin, and Theo. “Well I am calling it a night see
you tomorrow munchkin” Kelvin turns to Theo “are you coming?” he
ask. “I'll go up later” Theo said. I start to get nervous and my heart beat
speeds up to the point that I feel like it's going to come out. “So what do
you want to watch?” he ask me. I laugh because he all ready knows
what I am going to say. We both say it at the same time “Bend It Like
Beckham” and we bust out in laughter. “Lyna,” he said and I look at him
“I want to say sorry for what Vanessa said to you”. “It's not your fault
she can't help it she is a crazitch” I say. He laughs and ask me
“Crazitch? What's that?”. “That's what you get when you mix crazy and
bitch together” I say. “Let me guess Sky came up with that?” he ask.

“Yeah you know her she is crazitch her self but the good kind” I say. I look at my bracelet and smile to myself I really do love it. I look up at him and surprisingly he is staring at me. “I knew you would like it and after I saw your tattoo I knew it was perfect” he said “thank you it is” I say. I throw a pillow onto his laps and than I lay my head on it. I untie my hair and let it fall all over my face than I feel his fingers playing with my hair. We watched the rest of the movie and when it ended we walked up stairs. I thought he was going to go to Kelvin's room but he comes into mines instead. He lays by my side and I can smell his manly cologne. I close my eyes and take his smell in his smell is so intoxicating. I can feel my insides doing a happy dance and I feel my heart ready to explode. My skin start to brake out into goosebumps as he grabs my hand. “Did you enjoy your birthday?”. I turn to my side so I can face him I can smell the beer on his breath “I always enjoy my birthday”. “I am glad you had fun you know I didn't get the chance to tell you how pretty you looked today. I am not use to seeing your girl side” he said. I swear at that moment I felt my heart drop to my stomach and I feel heat rushing to my cheeks. Theo just said I was pretty maybe Sky was right about the make over. “Are you blushing munchkin?” he ask. “No” I try to hide my embarrassment but I can't stop smiling. “Oh there goes your dimples you are differently blushing” Theo said. I grab a pillow and try to hide my face but he pulls it away “You know I love to see you smile and I love it when your dimples come out and play”. Did he just say he loved my smile seriously I am going to have a heart attack any minute now. He leans towards me and now I completely forgot how to breath. Is he going to kiss me? Is this really

happening right now? I close my eyes and wait for the only birthday gift that I wished for. I feel him moving closer I can smell that he is only inches away. I want to open my eyes and see his but I can't manage to open them. I feel his soft lips on my right cheek. "I really, really love your dimples" he said as I broke into a smile and he kisses my left cheek. Of course how could I have thought that he was going to kiss me I am just his "friend". "Night Lyna" he says as he is getting up and I pull his arm "Stay with me Coop". I call him Coop due to his last name which is Cooper. "Okay" he gets back into bed and gives me a kiss on my forehead and hugs me until I fall asleep.

Theo

I wake up to Lyna's head on my chest and her arm around my waist with one leg over me. I stare at her and can't help to think how angelic and peaceful she looks. I take a strand of hair that is hanging in front of her face and tuck it behind her ear. This isn't the first time I wake up to Lyna but it is the first time I think how perfect she fits in my arms. It's like we were made for one another. I know I should be getting out of bed I have practice in half an hour I try my best to slip away without waking her. I put a pillow in between her arms where she was hugging me and I take one more look at her and she really do look like an angel. I lean in and give her a kiss on the forehead. "See you later Lyna" I whisper as I walk out her room. I walk to the bathroom and brush my teeth memories from last night came back. I wanted to kiss her so bad last night and when she gave me her killer smile I thought I was going to lose it but I manage to contain myself. Shit I hope I didn't make things awkward between Lyna and me. "You know you're a

lucky bastard,” I hear Kelvin as I walk into the kitchen . I stare at him with a blank face “because if you where any one else you would be ball-less for sleeping with my sister” he adds. If he only knew what I was thinking hell I don't even know whats going on with me. “You know it's not like that with Lyna” I said. “Of course I do that's the only reason why you still got your balls” he punches me on my arm as we walking out the house.

Chapter 5

Katalyna

I can't concentrate on what Mr. Green is teaching. A replay of Saturday night keeps playing in my head. The way that Theo kissed my dimples how I wished it would have been my lips instead. The fact that he called me pretty. “Buzz Buzz” I feel my phone vibrate it's a message from Sky.
