INTRODUCTION

In the last two centuries women have gotten more and more independent, gone are the days when women have no say about issues that directly affects them, like whom to date or marry or whether to go to school or not. The days of arranged marriages are forever gone in most societies, even in societies where it still holds the women's resistance to arranged marriage is hugely increasing daily, as they are getting more aware.

As more women become independent, successful and enlightened, some men find it difficult to seek the affection or love of the woman they desire. As suggested in the name woman, a woman should be wooed and a man should be seduced. Wooing is one of the jobs that a man must do at least once in his lifetime. A man that does not want to do this job should not expect to be loved or be in a romantic relationship with a woman.

Strategizing is a good way of getting a desired outcome, seeking the affection or love of a woman is no different, because with proper

strategy and careful planning you can effortlessly melt the heart of the hardest woman. Men think that getting a woman a gift is all it takes but it takes more than that, a woman wants to be appreciated and loved for who she is not for what you can get from her.

Every man wants to know the secret of attracting women. Most men make it harder than it is. Every day, I hear men complain about how complicated women are. The fact is that not all women are complicated; these men are just making a mountain out of a mole hill.

In this book, I will tell you what kind of women there are and what they want; knowing what women want, helps you plan and strategize on how to attract them. I will also tell you how to woo the woman of your dreams.

Let's get started.

TYPES OF WOMEN

You must first find the right woman before you can strategize or plan to get her. True, there are loads of women out there and finding the right woman may not always be easy, especially in an era when the female gender is typically self - centered and “empowered” to exploit the male population.

You have to however sort for your possible mate among a list of available women. In sorting, seek for compatibility instead of physical appearance. The common error most men make is overlooking compatibility in favour of the physical appearance of the girl.

If you succeed in getting a lady that is attractive, that you are not compatible with, after a short while your relationship will be disastrous. So if you are searching for a serious relationship, a thorough filtering is expected.

The right women are out there, but the right women are becoming scarce in today’s world, so if you can find one of them, act fast,

because every guy is looking for the right woman. Keep this in mind and keep your eyes open; she'll come your way faster than you expect.

How do you know the right woman?

THE RIGHT WOMAN

The Charmer

Charmers are usually snapped out of the dating market so fast, because she is an optimistic woman, comfortable with her life, always bubbly and fun to be around. She is an authentic person without any falsehood in her. She is appreciative, considerate and enjoys your company. If you can find one, you have got a real treasure in your hands so do all you can to get her.

Miss Equality

Miss Equality is a true feminist- not one of the radical man-haters, or the hypocritical pseudo-feminists who think that equality is an equal rights and an equal salary and that a man has to pay for them. This Miss Equality genuinely likes her man, and understands that equality means a 50/50 partnership in the relationship, and is more than willing to shoulder their half of the relationship and

dating expenses- just because it is the right thing to do

Miss Best Friend

Miss Best Friend is another joy to be around. She is the kind of woman you are totally in tune with, you like the same things, watch the same TV shows, and enjoy visiting the same places. You can spend five minutes with her and think you have known her for years. She is always on your side, laughs at your jokes, and calls you just to say "hi" because she genuinely misses you. She's great just to hang with. A word of warning, though -- with Miss Best Friend, you have to make your sexual interest known from day one because if she gets it into her head that you are going to be "just friends," it's almost impossible to change her mind.

Miss Frank

Miss Frank knows how to communicate. With Miss Frank, there are no games, no expecting men to be mind readers, no behavior based on ridiculous, female-biased advice from articles in Cosmo or The Rules. Miss Frank will pick

up the phone and ask you out. She will do what she says she will do -- not say one thing and do just the opposite. Although she may be blunt at times, at least you'll know where you stand and you'll never have to spend hours trying to decode contradictory or emotion-based female behavior.

Miss Independent

Miss Independent is a good woman to find if you don't have a lot of time to invest in a relationship or you're the type of guy who needs a lot of space. Miss Independent has a real life of her own and is happily going in her own positive direction. She's the type who wants a man in her life, but doesn't need a man in her life. And she certainly isn't looking for men to solve all her problems or blame when things don't go her way.

Miss Faithful

Miss Faithful never cheats on you or constantly be on the lookout for a "better deal." When you go out, she won't be scanning the room for other guys, but will keep her attention focused on you, the man in her life.

She's also more apt to stick around if times get tough.

Miss No Pressure

Miss No Pressure has no hidden agenda about forcing your hand in marriage. She's happy just to be with you. So you don't get any, "Where is our relationship going?", or hint-dropping about the future or window-shopping at the jewelry store. She may want to get married at some point, but she's in no hurry -- she thinks that if it happens, it will just happen naturally.

Miss Secure

Miss Secure accepts herself as she is and is comfortable with her good points, as well as her bad. And she feels the same about you. Miss Secure doesn't need constant attention to shore up a sagging ego, has tons of self-esteem, and is always going in her own positive direction.

Miss Personality

Miss Personality is a great find. She might not be up for first prize in a beauty contest

(although she could be), but her intelligence, wit and sparkling presence just light up the room, and she draws people like a magnet. Her personality is so charming that it easily overcomes any deficiencies she might have in the looks department, just because she's so great to be with.

Miss Low Maintenance

The rarest of the rare, Miss Low Maintenance is the most atypical of modern women. She really doesn't care about how much money you have -- she just likes you for yourself and not for what she can take from you. She's likely to be a true feminist, and will gladly pay her share of the dating expenses. If you can find Miss Low Maintenance, hang on to her for dear life!

THE WRONG WOMAN

Miss Complicated

Miss Complicated is the kind of girl who always gets in with the boys. She is so easily attracted to the opposite sex, she is friendly and very passionate but when you ask her out, she stalls and never gives you a direct answer. She asks you to call her but when you call her she will not answer the phone she never makes the right decision. She loves to make commitments that she never keeps. She likes to try and play mind games.

Miss What She Wants She Gets

She is flirty, ambitious and spoilt. However, she is very attractive, sexy and exquisite. She uses her beauty to get what she wants. She uses her sex appeal to manipulate men. She uses her luscious personality to entangle and trap men. She might be playing, the devil's advocate. She is gorgeous but dangerous. She tempts and she flirts, just to get what she wants. She knows how to control men and she

knows how to play them. She can make a man to fall in love with her. She can make you cry and basically she can make you into something that you will regret at the end. She's the controlling type.

Miss Gold Digger

Miss Gold digger does not want to live without the luxury in life. She loves jewelries, designer clothes, expensive cars and she can sleep with a man older than her by 50 years just because he has money. Money is the deciding factor in whom she dates. She is described as "femme fatale" She spends a lot on herself because her looks are her greater assets.

Miss Faultfinder

She is very hard to please and always finds fault in everything that you do. She is never wrong, because she never addresses her own mistakes. She constantly reminds you of your mistakes. She can pick a fight with you anywhere. She doesn't care what people think about her and always want to have the last say.

Miss Unstable

She constantly changes her mind. She is inconsistent, unpredictable and never knows what she wants. Her mind like the weather changes constantly and she constantly has mood swings. She can be attached to you one moment and detached the next moment. Her emotions are unpredictable.

Miss Know- It- All

She knows everything, she knows about the latest happening in the world of politics. She knows all the actors and actresses in Hollywood. She likes current events. She will become your “Walking Newspaper”. She is more interested in your achievement than in you. She questions your thoughts to the point of being provocative.

Her single-minded enthusiasm will irritate. She always pursue on intellectual matters. She likes to debate and never stop until everybody will say, “She is smart”. She will tell you about your own duties, responsibilities and your own rights. She will discuss the matter as being the experts. In terms of the law, don't

bother to bug her; she will definitely talk about it without an end. She's the nerdy-nerdy type.

She doesn't want to welcome corrections. She gets irritated, if someone will question her about something she didn't know. She wants to know and she will know. She has the ability of knowing and she has this instinct to know.

Now you know the right kind of women and the wrong kind of women make the right choice before the wooing.
