Dear reader,

I am Omid Hosseini, and the book you are reading is the first book I have ever written in English. Thank you for choosing it.

In this book you can learn how to build a free website. Don't worry, it's very easy! You don't need to know programming or anything else. You only must do as this book says. Do it step by step and you will have a free website. Enjoy it.

I try my best but if you find any mistakes or problems please [tell me](#). I'll fix them in next revision. You can download my books for free from my blog. So, please download latest revision.

My blog: blog.y70.ir

My forum: forum.y70.ir

1) Download the latest revision

In every revision, I fix previous mistakes. So let's download the latest revision. If this book is the latest revision go to next chapter.

Go to blog.y70.ir . Find "CATEGORIES". Then click "How to build a free website".

The screenshot shows a website page with the following elements:

- Header:** "Seventy" logo and tagline "Download my free Ebooks & enjoy." with links for "Home" and "Free Host".
- Search Bar:** A search input field with a magnifying glass icon.
- Article Title:** "How to build a free website 001".
- Article Date:** "July 2, 2016" and a "Leave a comment" link.
- Article Content:** "There is my first English book here. You can download it for free. In this book you can learn how to build a free website. Don't worry, it's very easy! You don't need to know programming or anything else. You only must do as this book says. Do it step by step and you will have a free website. Enjoy it." and a download link: "Download >>> Go to <http://adf.ly/1bw4lR> then click "SKIP AD".
- Categories:** A section titled "CATEGORIES" with a red circle around the text and a red arrow pointing to a link: "• [How to build a free website](#)".
- Recent Posts:** A section titled "RECENT POSTS" with a link: "• [How to build a free website 001](#)".

This is a close-up of the "CATEGORIES" section from the previous screenshot. It shows the "CATEGORIES" heading, a red circle around the text, and a red arrow pointing to the link "• [How to build a free website](#)".

Find latest revision and click on the download link.

How to build a free website 001

July 2, 2016
Leave a comment

There is my first English book here. You can download it for free. In this book you can learn how to build a free website. Don't worry, it's very easy! You don't need to know programming or anything else. You only must do as this book says. Do it step by step and you will have a free website.

Enjoy it.

Download >>> Go to <http://adf.ly/1bw4IR> then click "SKIP AD".

Wait. Then click "SKIP AD".

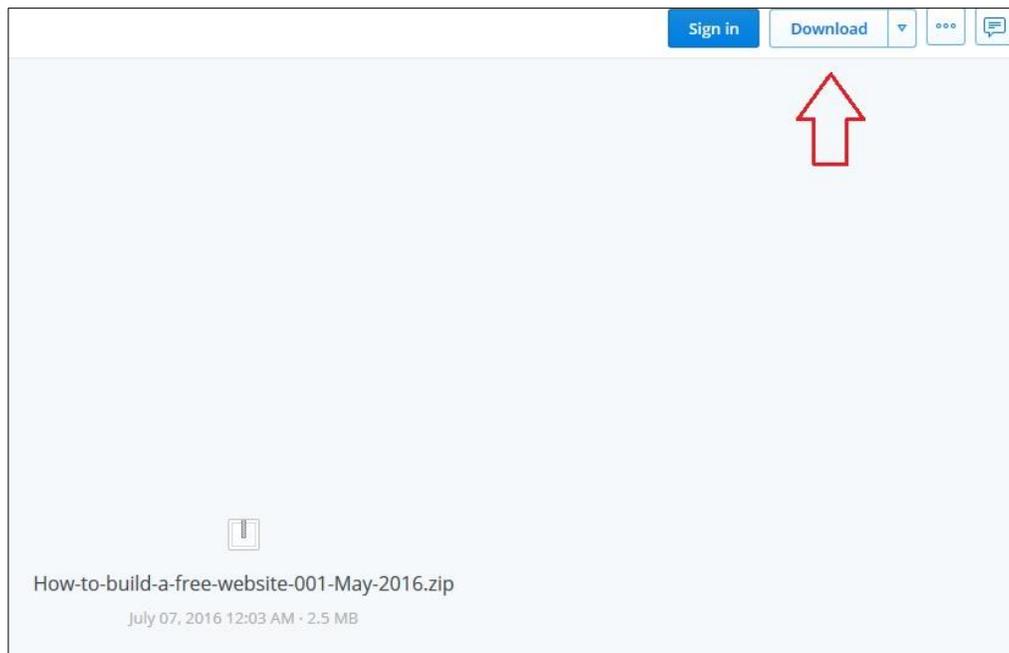

**Please Wait..
5 seconds**

100 visitors / \$5.00

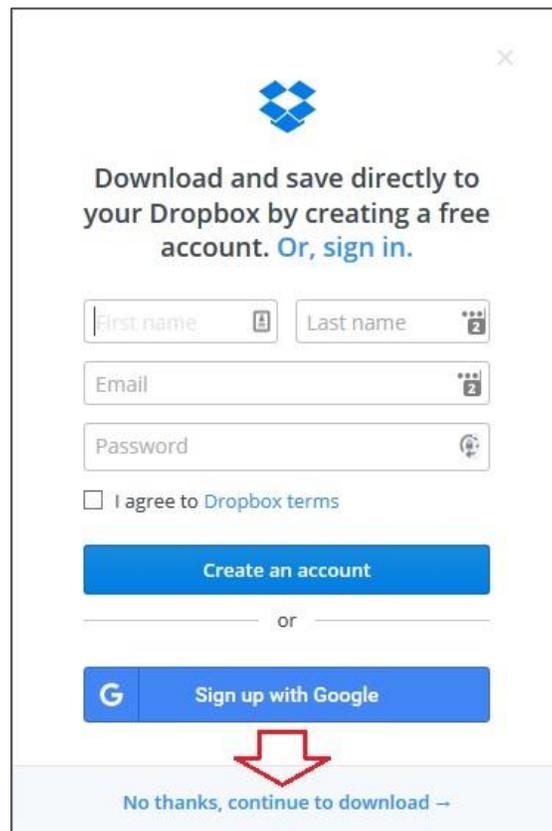

The screenshot shows a website interface. At the top left is the AdFly logo with the tagline "shorten urfs and earn money". At the top right is a "SKIP AD" button with a red arrow pointing to it. Below the navigation bar is a large red banner advertisement for "talk nerdy to me" featuring the Google, Microsoft, and Apple logos with the text "which tech is best?". Below the banner is a video player with the title "Tech Futures: Anywhere on Any Device...How to Create an Accessible Future" and a "Join the Conversation @MS_ITPro" link. The video player shows two participants in a video call.

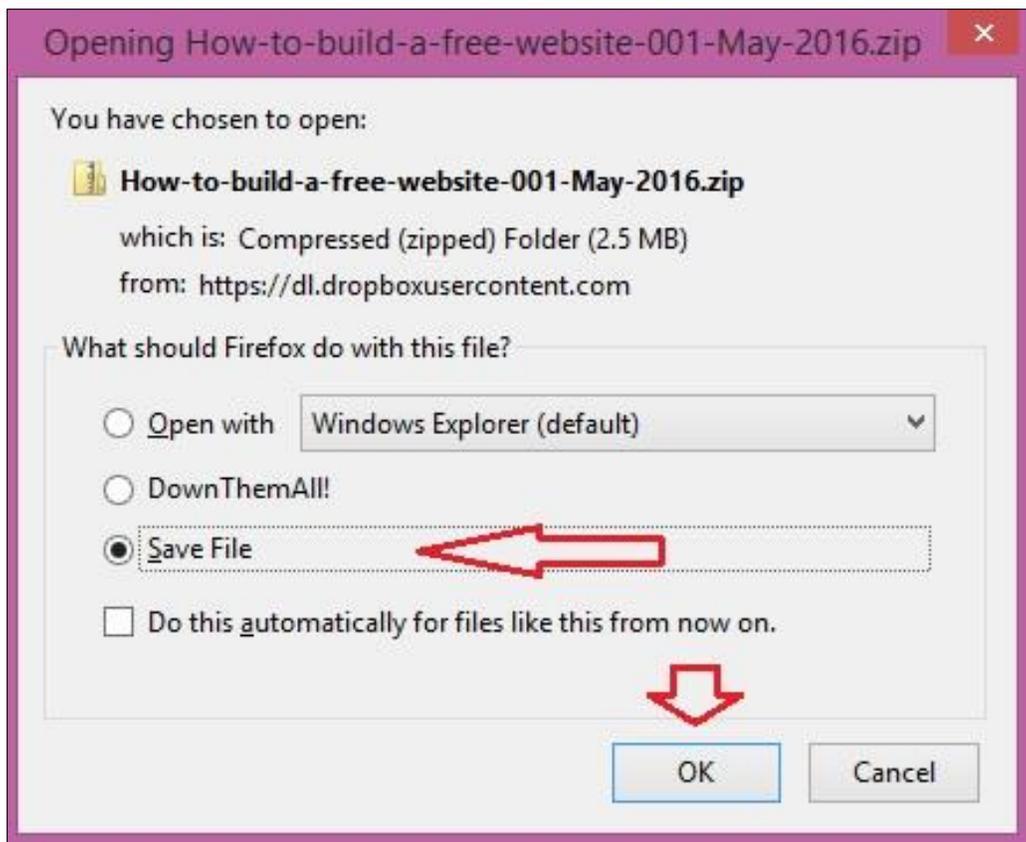

Click "Download".

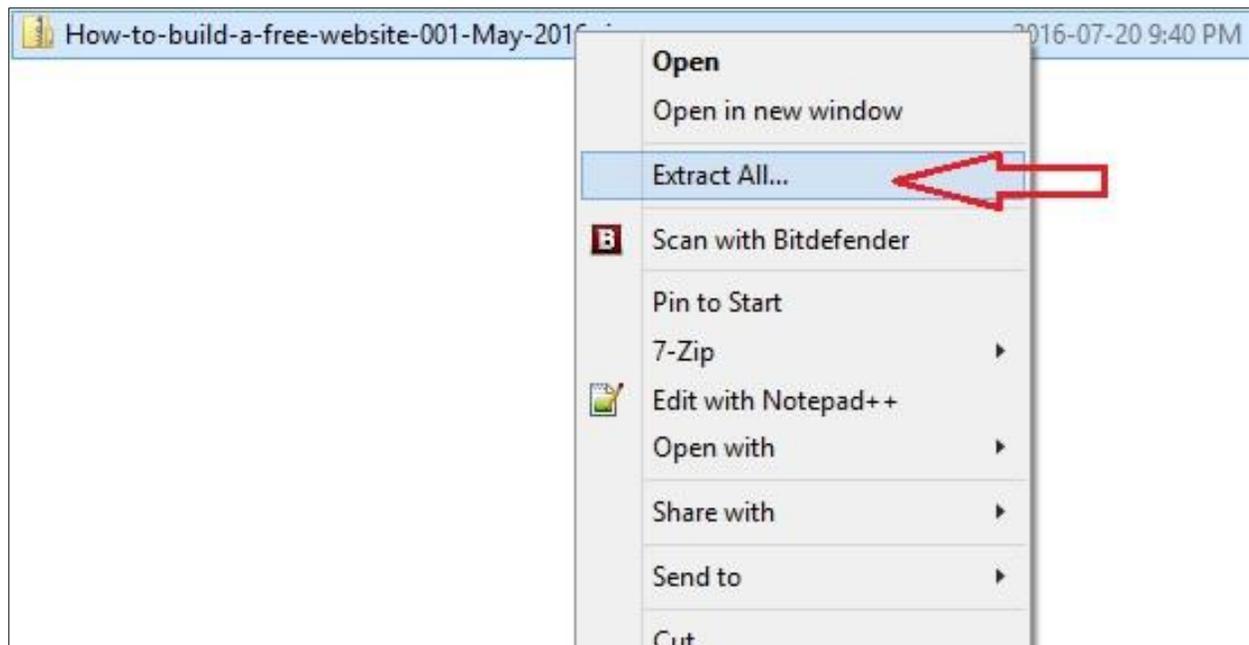

Click "No thanks, continue to download".

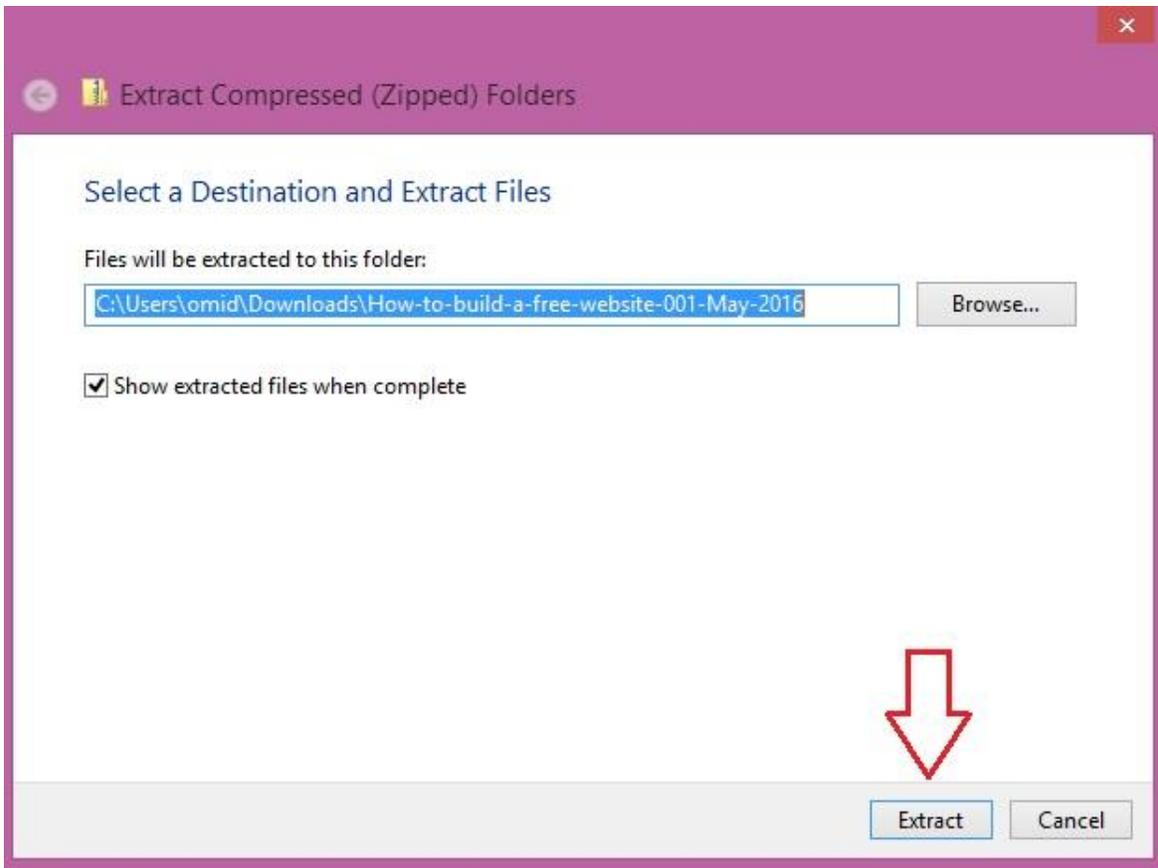

Save the zip file.

Extract it. Then open it.

Name	Date modified	Type
 How-to-build-a-free-website-001-(May-2016).pdf	2016-07-20 9:43 PM	Foxit Reader PDF ...

A large red arrow points up towards the PDF file entry in the table.

2) Host and Domain

For build a free website we need a free host, free domain, and free publishing platform.

Go to www.y70.ir .In this page click **Signup for Free Hosting**.

Y70.ir Web Hosting Service Home Premium Hosting **Signup for Free Hosting** About Free Hosting Login

CREATE YOUR OWN WEBSITE FOR FREE!

We provide a domain name and webhosting completely free for life, packed with hundreds of features including website builder and automatic script installer.

[Signup for free hosting](#)

[View premium hosting offers](#)

Free Hosting

Instant activation free hosting with PHP, MySQL, FTP, File manager, Website Builder, automatic script installer and much more!

[Free hosting](#)

Premium Hosting

Unlimited disk space, no daily hit limits, 256 Softculious script installer and many more features not included in free hosting

[Premium hosting](#)

Domain Registration

Get your own domain name .NET .ORG .BIZ .US .EU .INFO WHOIS privacy included.

[Register Domain](#) [Search for a domain](#)

On the next page you must fill the form.

Note: your username is used in your free domain. For example if you choose “myfriend” for username then your domain will be something like “myfriend.y70.ir”.

I choose “mysite”.

The image shows a web registration form with a blue header containing the word "SIGNUP" in white. Below the header is a dark navigation bar with three links: "Signup For Free Hosting", "About Free Hosting", and "View Free Control Panel". The main content area has a light gray background and contains the following text: "Complete the registration form below", "accounts are activated instantly". The form fields are: "Username" with the value "mysite"; "Password" with masked characters; "Email Address" with the value "software70co@gmail.com"; "Site Category" with a dropdown menu set to "Personal"; "Site Language" with a dropdown menu set to "English"; "Security Code" showing a sequence of characters "E 2 2 6 5" where the last two are crossed out; and "Enter Security Code" with the value "e2265". A "Register" button is located at the bottom of the form.

cPanel X3 [Log in](#)

Language Auto: English

[Lost Password](#)

Click "No, I'm fine. Thanks!"

The screenshot shows the Vistapanel control panel interface. At the top, there is a navigation bar with 'HOME', 'HELP', and 'LOGOUT' links. Below this is a banner for 'Register a Domain' with a 'Register' button. The main content area is divided into several sections: 'Announcement' (promoting Softaculous), 'Preferences' (with icons for Getting Started, Account settings, Change Password, Update Contact Email, Change Language, Upgrade Plans, and Premium Invoices), 'Domains' (with icons for Sub, Addon, Parked, Redirects, and Get a free), and 'Stats' (showing Plan: Free Hosting, FTP accounts: 1 / 1, Sub-Domains: 0 / Unlimited, Add-on Domains: 0 / Unlimited, Parked Domains: 0 / Unlimited, MySQL Databases: 0 / Unlimited, Disk Quota: Unlimited, Disk Space Used: 0 MB, Disk Free: Unlimited, and Inodes Used). A 'Welcome New User' dialog box is overlaid on the screen, asking 'Do you need help getting started?'. It features a play button icon and two buttons: 'Get Started Now' and 'No, I'm fine. Thanks!'. The 'No, I'm fine. Thanks!' button is circled in red. Below the dialog box, there are sections for 'Databases' (MySQL), 'Logs' (Error Logs, Access Logs), and 'Files' (Backups, Online File Manager, Disk Space Usage, FTP Accounts, Free FTP Software). The bottom of the screen shows a 'Security' section.

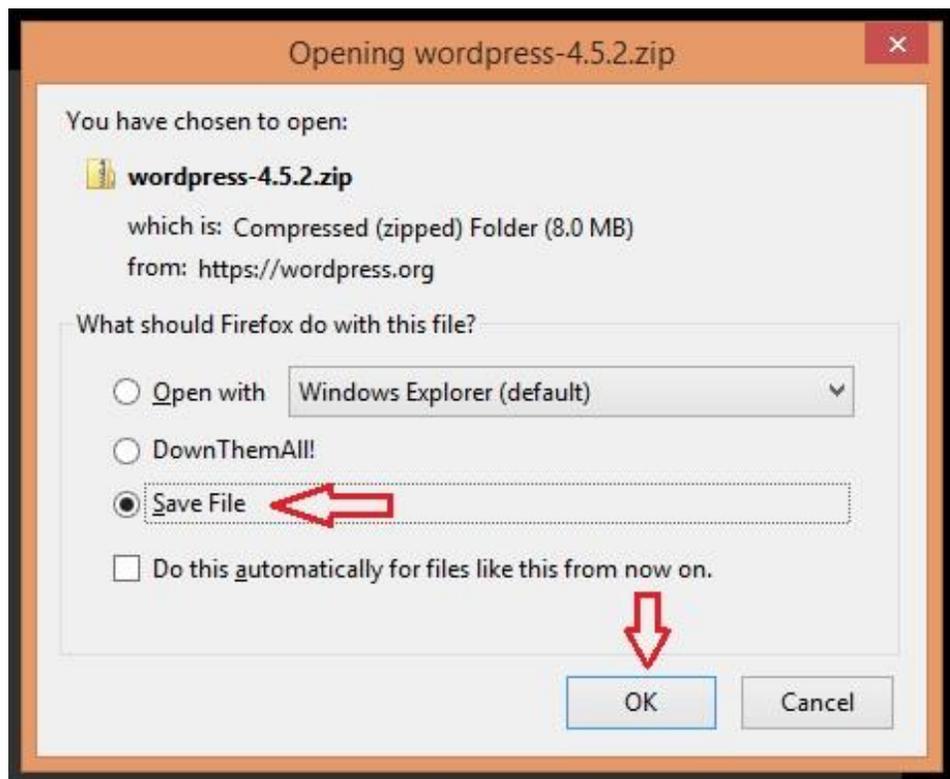

Now, you have a free host with a free domain.

In your control panel go to “MySQL Databases”.

The screenshot shows the Vistapanel control panel interface. The top navigation bar includes 'HOME', 'HELP', and 'LOGOUT'. Below the navigation bar is a 'Register' section with a search box and a 'Register' button. The main content area is divided into several sections:

- Announcement:** Promoting the 'softaculous' script installer.
- Find:** A search box for finding functions quickly.
- Stats:** A table showing system statistics:

Plan:	Free Hosting
FTP accounts:	1 / 1
Sub-Domains:	0 / Unlimited
Add-on Domains:	0 / Unlimited
Parked Domains:	0 / Unlimited
MySQL Databases:	0 / Unlimited
Disk Quota:	Unlimited
Disk Space Used:	0 MB
Disk Free:	Unlimited
Inodes Used:	
- Preferences:** Includes 'Getting Started', 'Account settings', 'Change Password', 'Update Contact Email', 'Change Language', 'Upgrade Plans', and 'Premium Invoices'.
- Domains:** Includes 'Sub Domains', 'Addon Domains', 'Parked Domains', 'Redirects', and 'Get a free cu.cc domain'.
- Email:** Includes 'MX Entry', 'SPF Records', 'Email Accounts', 'Email Forwarders', and 'Webmail'.
- Databases:** This section is highlighted with a red circle and contains three icons: 'MySQL Databases', 'phpMyAdmin', and 'Remote MySQL'.
- Logs:** Includes 'Error Logs' and 'Access Logs'.
- Files:** Includes 'Backups', 'Online File Manager', 'Disk Space Usage', 'FTP Accounts', and 'Free FTP Software'.

Type something and click “Create Database”. (I type my name)

The screenshot shows a 'Create new database' form. The text 'New Database:' is followed by a text input field containing 'y70_181[redacted]omid'. Below the input field is a 'Create Database' button.
